A Member of the Sub-Committee noted that the deadline for submitting many of the items for the HMIC Inspection was 31<sup>st</sup> October 2014 and asked whether there had been any issues with submitting this information. The Assistant Commissioner explained that there had been no issues with the submission and a briefing paper would be circulated to Members on the outcome of the inspection in due course.

A Member explained that she had not yet received an invitation to accompany officers on patrol to experience how Stop and Search was implemented. The Assistant Commissioner explained that it was still intended to invite Committee Members to these opportunities, but this had not yet happened.

### Membership of Sub-Committee

The Chairman explained that there remained one vacancy on the Membership of the Sub-Committee and asked any Members interested in serving on the Sub-Committee to contact the Policy Officer.

## **4. OUTSTANDING REFERENCES**

The list of outstanding references was noted.

### Barbican Highwalk CCTV

The Committee conducted a detailed discussion of the issue of provision of CCTV on the Barbican Highwalk. It was noted that this Committee needed to consider this issue from a public safety perspective. There were significant public safety concerns regarding the Highwalk in the wake of a number of recent incidents, and the Highwalk was a public highway and therefore the responsibility of the City as a whole to ensure that it was made safe for the

public, rather than being solely the responsibility of the Barbican Centre. It was also noted that the Highwalk was the largest area of the City without significant CCTV coverage. However, it was also noted that it was vital that the City took a consistent approach to public safety at all residential estates across the City and should not be seen to be providing preferential treatment to the Barbican Estate.

Members discussed proposals to ensure that there was CCTV coverage at all entrances and exits to the Highwalk. It was also noted that there was currently a development application for the property at 21 Moorfields, which was ideally placed to provide CCTV coverage of an entrance to the Highwalk. The Committee therefore discussed and resolved that a resolution should be put to the Planning and Transportation Committee that:

“The Police Committee requests that the Planning and Transportation Committee, during their consideration of the development application in relation to 20 Moorfields, gives consideration to including a planning condition such that any planning consent which may be granted is contingent upon the development providing sufficient CCTV coverage of the nearby entrances to the Barbican Highwalk on the grounds that this would have a significant benefit to public safety.”

The Assistant Director of Street Scene and Strategy explained that this issue had evolved into a significant area of work and it was intended that a full investigation of the issues would be undertaken, including consultation with residents, with the intention to present a proposed solution to the Committee at its meeting in March 2015.

#### Equality, Diversity and Human Rights – Eid event

Members discussed the recent event to celebrate Eid and asked how the guest list had been compiled as it did not appear that the invitation list was exactly as would have been desired. The Commissioner explained that this had been arranged in cooperation with the Remembrancer’s Department, but in future the process for arranging this event would be brought in line with that used by Remembrancer’s for all other City events to ensure an appropriate guest list.

#### **RESOLVED – That the Committee:**

- a) notes the report;
- b) requests that the Planning and Transportation Committee, during their consideration of the development application in relation to 21 Moorfield’s, gives consideration to including a planning condition such that any planning consent which may be granted is contingent upon the development providing sufficient CCTV coverage of the nearby entrances to the Barbican Highwalk on the grounds that this would have a significant benefit to public safety;
- c) requests that a proposed solution for the issue of CCTV coverage of the Barbican Highwalk to guarantee public safety is submitted to the March 2015 meeting of the Committee;

## 5.1 **Community Engagement Update**

The Committee received a report of the Commissioner of Police concerning details of issues raised at Ward level and the Forces response since the last Community Engagement report.

### 20mph Speed Limit

The Committee noted the number of drivers that had been stopped for travelling in excess of the 20mph speed limit and a Member queried whether any buses had been stopped. The Commissioner explained that he was not aware of the number of buses that had been stopped but would work with Transport for London to ensure that buses complied with the speed limit.

The Committee asked whether there was any indication of the impact of the reduction in the speed limit. The Commissioner explained that it was too soon to assess the impact of the speed limit reduction in terms of changes to the number and type of incident and it would be difficult to assess this impact until the medium-term due to the relatively small number of incidents in the City. He also cautioned that it may not be possible to attribute any change in the number of incidents solely to the change in the speed limit as there would be a large number of contributing factors.

**RESOLVED** – That the report be noted.

## 5.2 **Any Other Special Interest Area Updates**

There were no updates from Special Interest Areas.

## 6. **ACCOMMODATION PROGRAMME UPDATE**

The Committee received a report of the Chamberlain which provided an update on the progress of the accommodation programme.

The Director of Corporate Services explained that the accommodation programme had developed since the initial agreement by the Committee as the accommodation programme had been used as a driver for wider transformation within the Police to ensure that it was fully equipped as a 21<sup>st</sup> century police force.

**RESOLVED** – That the report be noted.

## 7. **QUESTIONS ON MATTERS RELATING TO THE WORK OF THE COMMITTEE**

A Member asked whether there were any issues which the Committee should be aware of in relation to the Lord Mayor's Show. The Commissioner explained that there were no significant issues and he would supply Members with a briefing note regarding the Police's float at the Show.
