Subject: Objection to Unit 2, Barts Square

Dear Sir/Madam,

We are writing to object to the opening hours applied for this unit.

This property has residential units above / beside it and a closing time of 23.30 Monday-Saturday (22.30 Sunday) is far too late. In practice, this would mean customers might well be exiting the premises after midnight.

We would also stress how important it is that there is a condition that all doors and windows are kept closed at all times and that silent air conditioning is in place.

Many thanks
