

## Appendix 1 - Analysis of the number of cases investigated during the reporting year 2018/19 vs 2017/18.

1. The chart below provides a detailed analysis of the number of completed investigations, during 2018/19, against the previous reporting year, showing all fraud and investigation types along with the value of investigated cases, including where these can be quantified, the value of corporate and whistleblowing investigations.
2. The nature of the concerns raised under the City's whistleblowing channels mean that not all investigations completed under this discipline result in a financial value, as other outcomes such as disciplinary action, or control environment recommendations result from our whistleblowing investigations.
