# **Reasons for Significant Variations**

4. The City has the programme of cyclical maintenance works to maintain its operational properties in fair to good condition. This is delivered in a number of overlapping three-year programmes of works, and is delivered by the relevant departments, principally the City Surveyor, the Barbican Centre, and the Director of Built Environment. In 2018/19 the overall agreed budget for these three-year programmes was £13.420m including £2.254m additional funding for City Fund projects, of which £6.851m was spent. The programme is monitored by the Corporate Asset Sub Committee and the carrying forward of the £6.569m unspent balance (i.e. £3,471m City Fund and £3.098m City's Cash/Guildhall) is subject to separate arrangements as each programme is phased over a number of years and generally not expected to be fully spent within year. In 2018/19 the final agreed budget for these programmes overseen by your Committee was £1.454m, of which £1.156m was spent and the £298,000 unspent balance will be carried forward to 2019/20.

## **Local Risk Carry Forward to 2019/20**

- 5. Chief Officers can generally request underspends of up to 10% or £500,000 (whichever is the lesser) of the final agreed local risk budget to be carried forward, so long as the underspending is not fortuitous and the resources are required for a planned purpose. Such requests are subject to the approval of the Chamberlain in consultation with the Chairman and Deputy Chairman of the Resources Allocation Sub Committee.
- 6. Overspends are carried forward in full and are met from the agreed 2019/20 budgets.
- 7. The Director's better than budget position of £9,000 (Local Risk) has been aggregated with budget variations on services overseen by other Committees which for City's Cash produce an overall worse than budget position of £83,000 (Local Risk) across all Open Spaces excluding the learning programme. Consequently the Director of Open Spaces has no carry forward requests within City Cash.
