Subject: Open Spaces Departmental Business Plan 2018/19 – Year End performance report	Public
Report of: Colin Buttery – Director, Open Spaces	For information
Report author: Gerry Kiefer, Open Spaces	

Summary

This report provides Members with a review of the Open Spaces Department's delivery of its 2018/19 Business Plan. The report provides examples of some of the activities the Department undertook last year which helped achieve the Department's three top line objectives: 'Open Spaces and Historic Sites are Thriving and Accessible', 'Spaces Enrich People's Lives' and 'Business Practices are Responsible and Sustainable'.

The report outlines progress that has been made against the Department's fifteen programmes and projects and provides information to show that performance against our 31 performance measures is comparable with previous years and only 19% of targets were missed by more than 10%. Financially the services that report through the Open Spaces Committees have managed their income and expenditure well with only a £13k overspend across the total local risk budget of £12million.

Main Report

Background

1. The Open Spaces & City Gardens Committee approved the Departmental Business Plan 2018/19 (Appendix 1) on 16 April 2018.
2. The Department's Vision is: *we enrich people's lives by enhancing and providing access to ecologically diverse open spaces and outstanding heritage assets across London and beyond.*

Current Position

1. Detailed information about achievements and performance in relation to services which sit outside the responsibility of Open Spaces Committees will be reported to the Port Health and Environmental Services Committee; and Culture, Heritage and Libraries Committee.

Objectives and Outcomes

2. A number of notable achievements have been made under the Business Plan's three top-line objectives. Some of these are listed below:

A. Open Spaces and Historic Sites are Thriving and Accessible.

- Epping Forest are progressing and the Commons are finalising Special Area of Conservation (SAC) mitigation strategies with their neighbouring local planning authorities
- The Commons division and LB Croydon have worked with Natural England to seek declaration of a new National Nature Reserve covering Coulsdon Common and Happy Valley
- Successful multi-agency working limited the impact of the grass and heathland fires across the sites during the summer
- South Meadow project and wildlife garden were completed at West Ham Park.
- City Gardens delivered 7 landscape enhancement projects and the completion of Aldgate Square
- City Gardens won Gold at Britain in Bloom and six Open Spaces sites won gold in London in Bloom

B. Spaces Enrich People's Lives.

- In March 2019, Members agreed that the Department's base budget should be increased by £395k so that the Learning Programme becomes a core service of the Department for 2019/20 onwards
- Twelve voluntary, community and charity groups received funding totalling £155,475 from the City of London's Central Grants Programme's "Enjoying Green Spaces and the Natural Environment" funding theme
- 41,032 people engaged with the Learning Programme over the last year
- Epping Forest hosted a number of arts events to support Waltham Forest as the first London Borough of Culture

C. Business Practices are Responsible and Sustainable.

- Across the Department there are 23 apprentices undertaking a wide variety of roles
- A risk zone-based approach has been adopted for pesticide spraying and nest removal of Oak Processionary Moth (OPM). An increase in base budget was confirmed for 2019/20 to help mitigate the costs associated with the OPM controls
- Funding was awarded to the Department throughout the year from a range of internal and external sources including: CoL transformation fund, CoL

priority investment pot, Mayor of London's 'Greener City Fund' and Countryside Stewardship Grant

- 43 % of Open Spaces staff completed a Departmental staff survey and 51% completed the Corporate staff survey. Action plans for both are being implemented.
- Epping Forest installed four new fast charge points for electric and hybrid vehicles, drawing power from existing solar panels on site
- All woodchip arising from arboriculture work at Epping Forest is being used in a local farmers agricultural grain drying heating system

Programmes and Projects

3. The Business Plan identified 15 grouped programmes and projects which would help the Department deliver its three main objectives. Good progress has been made on many of these however the Fundamental Review has put on hold some Gateway projects. A few key programme and project highlights are:
 - Department and site-specific events policies agreed
 - Stoke Commons management plan and Hampstead Heath management strategy agreed
 - Grazing has been expanded
 - New management powers under the Open Spaces Act are being implemented.
4. Details about the progress of the fifteen projects and programmes is given within appendix 2.

Performance Indicators

5. Generally, performance is comparative to the previous year with nearly 50% of measures being achieved or exceeded. The table below shows the percentage of performance targets relevant to the Open Spaces Committees that were achieved or missed, over the last three years.

6. For one measure; 'Increase the percentage of Open Space's staff who state they are at least satisfied with their workplace in the annual staff wellbeing survey', the original survey has not been undertaken and there was no measure recorded in 2016/17 or 2017/18. Two staff surveys have been undertaken in 2018/19 – a Departmental survey in which 79% of respondents stated that they would recommend working for the Open Spaces Department and the Corporate Staff survey in which 60% of the Department's staff felt 'engagement with the City of London Corporation'.
7. This list of performance measures as they relate to this Committee including the results and targets for 2018/19 and for comparison, our performance in 2017/18, is contained within appendix 3.
8. The performance measures for 2019/20 have been amended from those reported in this report. The revised measures reflect the current Business Plan's outcomes and areas of activity and were agreed by the Open Spaces and City Gardens Committee in April 2019.
9. Key findings from analysing the data for 2018/19 show:
 - A reduction in electric and gas consumption.
 - An increase in electricity generation
 - The number of golf visits at Chingford was exceeded by nearly 30% against target
 - The Learning Programme achieved all its performance measures
10. Appendix 4 lists those targets which were not achieved by more than 10% and provides an explanation as to why these targets were not met.

Financial Performance

11. Excluding the local risk budgets aligned to service areas outside the responsibility of the Open Spaces Committees (Cemetery & Crematorium, Tower Bridge, Monument and Keats House) the Department spent the following in relation to City Fund and City's Cash budgets:
 - **City Fund** – 99% of its local risk expenditure budget and achieved 99% of its local risk income target. Thus, its overall net position was 2% (£19k) underspent. A £19k carry forward request was agreed towards ULEZ costs in 2019/20.
 - **City's Cash** (excluding learning programme) - 100% of its local risk expenditure budget and achieved 101% of its local risk income target. Thus, its overall net position was £32k overspent (0.3%).
12. The net outturn position for the Open Spaces City Fund and City Cash budgets reporting to the various Open Spaces Committees, but excluding the learning programme, was a £13k overspend from a total net local risk budget of £12million.

13. More detailed information regarding the year end outturn financial position for each Service Committee is provided in reports from the Chamberlains Department.

Property

14. Three properties; Woodredon House, The Coach House and The Lodge have previously been declared surplus as part of the Operational Property Review. These properties were disposed of and generated a capital receipt for the CoL of £2,115,000 during 2018/19.

Corporate & Strategic Implications

Open Space Charities

15. Most of the Open Spaces sites are registered charities. Officers have been asked to remind Members that decisions they take in relation to the relevant charity must be taken in the best interests of the charity.

This matter is being actively pursued under the Pre-action protocol for Engineering and Construction Disputes. External legal advice is utilised as required. Installation of information signage has required a change in use of materials which required further planning consideration and consent. Bunhill Fields - Round 1 bid to HLF was unsuccessful due to over-subscription to the funding pot. Restructure of HLF funding pots has now taken place, however City Corporation match-funding for project is now subject to Fundamental Review and the project has been placed on hold.
f)	Develop engineering studies for six Raised Reservoirs at Epping Forest	<ul style="list-style-type: none"> Wanstead - A Project to progress the proposal for work on the Wanstead Park cascade has now been established and approved to Gateway 2 by the Projects Sub (Policy and Resources) Committee at their March meeting. Targets that were missed by 10% or more	Reason for missing targets
The percentage of H&S accidents that are investigated within 14 days	<p>Target = 86% Actual = 77%</p> <p>The target which was set in 2016 has not been achieved for the three years. Performance in 2018/19 was comparable with 2017/19. Shift work and complex investigations has kept the 14-day target in the mid 70%'s. However, the Department is at 96% for investigation within 28 days which is the corporate performance measure.</p>
The average number of FTE working days lost per FTE due to short term sickness absence	<p>Target = 3.2 days Actual = 3.62 days</p> <p>There are often fluctuations in sickness absence which cannot be explained by any particular reasons.
