We have pleasure in presenting our final Audit Completion Report to the Audit and Risk Management Committee. This report is an integral part of our communication strategy with you, a strategy which is designed to ensure effective two way communication throughout the audit process with those charged with governance.

It summarises the results of completing the planned audit approach for the year ended 31 March 2019, specific audit findings and resolution of areas of discussion at the Audit and Risk Management Committee. At the completion stage of the audit it is essential that we engage with the Audit and Risk Management Committee on the results of our audit of the financial statements and use of resources comprising: audit work on key risk areas, including significant estimates and judgements made by management, critical accounting policies, any significant deficiencies in internal controls, and the presentation and disclosure in the financial statements.

This report contains matters which should properly be considered by the Corporation as a whole. We expect that the Audit and Risk Management Committee will refer such matters to the Court of Common Council, together with any recommendations, as it considers appropriate.

We would also like to take this opportunity to thank the management and staff of the Corporation for the co-operation and assistance provided during the audit.

LE blogd Thomas

The contents of this report relate only to those matters which came to our attention during the conduct of our normal audit procedures which are designed primarily for the purpose of expressing our opinion on the financial statements and use of resources. This report has been prepared solely for the use of the Audit and Risk Management Committee and those charged with governance. In preparing this report we do not accept or assume responsibility for any other purpose or to any other person. For more information on our respective responsibilities please see the appendices.

This summary provides an overview of the audit matters that we believe are important to the Audit and Risk Management Committee in reviewing the results of the audit of the financial statements and use of resources of the Corporation's City Fund for the year ended 31 March 2019.

It is also intended to promote effective communication and discussion and to ensure that the results of the audit appropriately incorporate input from those charged with governance.

Overview

Our audit work is now complete and we anticipate issuing our opinion on the financial statements and use of resources for the year ended 31 March 2019 in line with the agreed timetable. There were no significant changes to the planned audit approach and no additional significant audit risks have been identified.

No restrictions were placed on our work.

Audit report

We propose issuing an unmodified audit opinion on the financial statements and use of resources.

As in previous years, we are unable to sign the audit certificate until we have completed our work on the Whole of Government accounts return. This is due to be submitted by 13 September.

Final overall materiality

Final materiality was determined based on a benchmark of 1% of income generating assets using the combined values of long term assets, managed investments and cash resources as a suitable value for materiality.

This was revised upwards from £32 million reported in the audit plan to £32.7 million based on the draft financial statements.

Specific materiality

Specific materiality for the Comprehensive Income and Expenditure Account was based on 1.5% of gross expenditure. We consider that a misstatement at a lower level through revenue expenditure would be material where this may impact on setting future council tax or HRA rent levels.

This was revised upwards from £6.3 million reported in the audit plan to £7.2 million, mainly as a result of the accounting treatment for the NDR Strategic Investment Fund which the Corporation hosts.

Material misstatements

The Strategic Investment Fund included in the London NDR pooling arrangement was amended from a net recognition basis (where the Corporation acted as an agent for this revenue) to a gross basis (acting as principal), increasing income by £59.6 million and expenditure by £46.8 million.

As a result of the recent High Court decision not to allow the government leave to appeal in relation to the McCloud age discrimination case an additional past service cost of £18 million has been recognised in relation to the pension schemes.

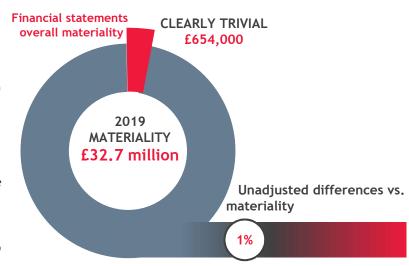

The financial statements were also amended to eliminate internal recharges between Committees of £11.5 million.

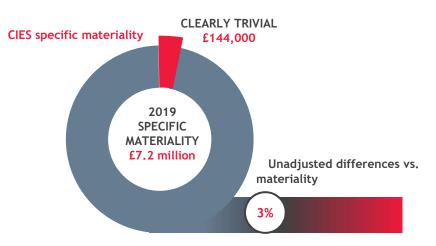

This has decreased the surplus on provision of services by £5.8 million to £34.6 million.

Unadjusted audit differences

We identified current year audit adjustments that, if posted, would decrease the surplus on the provision of services by £191,000.

The underlying surplus for the year, adjusting for current year and brought forward errors impacting on the CIES, would reduce the 2018/19 reported surplus by £4.7 million to £29.9 million.

Financial reporting

- We have not identified any non-compliance with accounting policies or the CIPFA Code.
- No significant accounting policy changes have been identified impacting the current year. IFRS 9 financial instruments and IFRS 15 revenue from contracts with customers has not had a material impact.
- · Going concern disclosures are deemed sufficient
- The Narrative Report and other information included in the Statement of Accounts with the financial statements is consistent with the financial statements and our knowledge acquired in the course of the audit.
- The Annual Governance Statement is not inconsistent or misleading with other information we are aware of.
- We will complete our review of the Whole of Government Accounts Data Collection Tool (DCT) after we have completed our audit of the financial statements. We plan to issue our opinion on the consistency of the DCT return with the audited financial statements before the National Audit Office's deadline of 13 September 2019.

Other matters that require discussion or confirmation

- Confirmation on fraud, contingent liabilities and subsequent events.
- · Letter of Representation.

Independence

We confirm that the firm and its partners and staff involved in the audit remain independent of the Corporation in accordance with the Financial Reporting Council's Ethical Standard.

Appendices contents

As identified in our Audit Plan dated 28 February 2019 we assessed the following matters as being the most significant risks of material misstatement in the financial statements. These include those risks which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit and the direction of the efforts of the engagement team.

Audit Risk	Risk Rating	Significant management estimates or judgement	Use of experts required	Error identified	Significant control findings	Discussion points / Letter of representation
Management override of controls	Significant	No	No	No	No	No
Revenue recognition	Significant	No	No	No	No	No
Property, plant & equipment and Investment property valuations	Significant	Yes	Yes	No	No	No
Pension liability valuation	Significant	Yes	Yes	Yes, adjusted ^[1]	No	Impact of McCloud liability and past service costs. Financial statements have been corrected.
Classification and measurement of financial instruments (IFRS 9)	Normal	No	No	No	No	No
Accounting for leases	Normal	No	No	No	No	No

Areas requiring your attention

[1]Amendment arises as a result of the Government being refused leave to appeal and therefore this issue needs to be considered by an Employment Tribunal. This confirms the constructive obligation arising from the decision of the High Court in January 2019.

ISA (UK) 240 presumes that management is in a unique position to perpetrate fraud.

Significant risk	
Normal risk	
Significant management judgement	
Use of experts	
Unadjusted error	
Adjusted error	
Additional disclosure required	
Significant Control Findings	
Letter of Representation point	

Risk description

The primary responsibility for the detection of fraud rests with management. Their role in the detection of fraud is an extension of their role in preventing fraudulent activity. They are responsible for establishing a sound system of internal control designed to support the achievement of departmental policies, aims and objectives and to manage the risks facing the organisation; this includes the risk of fraud.

Under auditing standards there is a presumed significant risk of management override of the system of internal controls.

Work performed

We carried out the following planned audit procedures:

- Reviewed and verified large and unusual journal entries made in the year, agreeing the journals to supporting
 documentation. We determined key risk characteristics to filter the population of journals. We used our IT team to
 assist with the journal extraction;
- Reviewed estimates and judgements applied by management in the financial statements to assess their appropriateness and the existence of any systematic bias; and
- Reviewed unadjusted audit differences for indications of bias or deliberate misstatement.

Results

Our audit work on journals and estimates did not identify any issues.

We have not found any indication of management bias in accounting estimates. Our views on significant management estimates are set out in this report.

We have identified no significant or unusual transactions to date which we consider to be indicative of fraud in relation to management override of controls.

Significant Control Findings

Letter of Representation point

Risk description

Under auditing standards there is a presumption that there is a risk of fraud in revenue recognition. For the City Fund, we consider there to be a significant risk in respect of the existence (recognition) of revenue and capital grants that are subject to performance conditions before these may be recognised as revenue in the Comprehensive Income and Expenditure statement (CIES).

Work performed

We carried out the following planned audit procedures in response to the fraudulent revenue recognition risk:

• Tested a sample of grants included in income to documentation from grant paying bodies and check whether recognition criteria have been met.

We also tested for errors in revenue recognition:

- Tested a sample of fees and charges from material income streams and cut off testing to ensure income is recognised in the correct period; and
- Tested a sample of property rental income amounts and agreed to lease or rent agreements.

Results

Our audit work carried out on revenue recognition in respect of grants, fees and charges and property rental income has not identified any issues.

There is a risk over the valuation of land, buildings, dwellings and investment properties where valuations are based on significant assumptions.

Significant risk

Normal risk

Significant management judgement

Use of experts

Unadjusted error

Adjusted error

Additional disclosure required

Significant Control Findings

Letter of Representation point

Risk description

Land, buildings and dwellings are reported at fair value / carrying value. Operational assets are valued at current value and surplus assets, assets held for sale and investment properties at fair value at the balance sheet date. The Corporation applies an annual revaluation process for investment properties and higher value operational assets to provide assurance that carrying values are not materially misstated; with the remainder of the non material value assets being revalued every five years. The Corporation has appointed three different valuers for City Fund for investment property and other operational land and buildings. Internal valuers also carry out some valuations.

Due to the significant value of the land, buildings, dwellings and investment properties and the high degree of estimation uncertainty, there is a risk over the valuation of these assets where valuations are based on assumptions or where updated valuations have not been provided for a class of assets at the year-end.

Work performed

We carried out the following planned audit procedures:

- Reviewed the instructions provided to the valuers and reviewed the valuers' skills and expertise in order to determine if we can rely on the management expert;
- Confirmed that the basis of valuation for assets valued in year is appropriate based on their usage;
- Reviewed the accuracy and completeness of asset information provided to the valuers such as rental agreements and land plot / building sizes;
- Reviewed assumptions used by the valuers and movements against relevant indices for similar classes of assets and followed up valuation movements that appear unusual; and
- Discussed with our Real Estate Team the reasonableness of assumptions on benchmark and yields range for investment properties.

Results

Our review of instructions to the valuer including the valuer's skills and expertise did not identify any issues. We also confirmed basis of valuation for assets valued in year is appropriate and in line with Code.

No issues were identified in respect of our work carried out on the accuracy and completeness of asset information used as the basis of valuations.

The results of our review of the assumptions and estimates used by the valuers for classes of assets is reported on the following pages.

Dwellings (£309.9 million)

< lower valuation

> Higher valuation

Dwelling are held either within the General Fund or the HRA. HRA Dwellings are valued at open market value and adjusted to 30% of this valuation to reflect the discounted social rents charged to tenants. The adjustment reflects information provided by DCLG in 2016 for regional (London) differences between market rents and social rents. Other dwellings not within the HRA do not have this adjustment applied

Dwellings decreased in value by £22.4 million (-6.89%) in 2018/19. Dwellings were subject to valuation based on allocation of properties into relevant Beacons (for similar types of properties) and valued by reference to recent sales data for similar properties. Our benchmark report for house prices suggests an overall reduction in value for London properties of 1.9%. The City Surveyor has provided City of London price data suggesting an overall market reduction for house sales of 5.9% based on the Nationwide Index London Regional House Sales.

The commentary provided in relation to the HRA dwellings valuation provides details of the sales data used. Where possible, the City Surveyor has used other sales on City Fund Estates to support the valuations. Where there haven't been equivalent sales in the year, the City Surveyor has used other similar properties in the area or other City of London Estates.

Based on our work, we are satisfied that the valuations of dwellings are reasonable.

We note that the useful economic lives (UEL) of dwellings has been set at 125 years based on the usual term for leases granted. This is significantly longer than the UELs used by other local authorities where the main structure of a dwelling tends to range from 60 to 80 years.

The City Surveyor has stated that this is due to the robust structure and ongoing repairs, maintenance and cyclical replacement works programmes in place for these properties.

We consider this to be at the optimistic end for UELs but this would not result in a material difference in the annual depreciation charge had a UEL of 80 year been applied.

Other land and buildings (£499.4 million)

< lower valuation

> Higher valuation

Land and buildings have been valued using an appropriate basis of valuation (such as existing use, depreciated replacement cost or market value) depending on the nature of the asset.

Other land and buildings increased in value by £28.8 million (+6.11%) in 2018/19.

For depreciated replacement cost valuations, our benchmark report for rebuild costs from the national BCIS Tender Price Index suggests an increase in value for depreciated replacement cost (DRC) valuations of +3.6%, although this is subject to a higher degree of volatility and estimation from regional costs and other factors.

Based on our work, we are satisfied that the valuations of other land and buildings are reasonable.

Investment property (£1,586.2 million)

< lower valuation

> Higher valuation

Investment properties are valued by reference to highest and best use market value using an income based approach. Investment properties increased in value by £32.9 million (+2.16%) in 2018/19.

We set investment property yield expectations, based on market evidence, for office, retail and mixed commercial space as well as residential properties. To support the valuations, we agreed a sample of rental amounts used in the valuation to the lease or rent agreements and reviewed the data for properties where the movement in value appeared unusual compared to expectations.

Based on our work, we are satisfied that the valuations of investment properties are reasonable.

Use of experts

Unadjusted error

Adjusted error

Additional disclosure required

Significant Control Findings

Letter of Representation point

Note: The teachers pension scheme is accounted for on a defined contribution basis as employers are unable to identify their own share of the assets and liabilities.

Risk description

The City Fund net pension liability comprises 51% of the Corporation's overall net liability and includes its share of the market value of assets held in the pension fund and the estimated future liability to pay pensions. An actuarial estimate of the liability is calculated by an independent firm of actuaries. The estimate is based on the roll forward of membership data from the 2016 triennial valuation exercise, updated at 31 March 2019 for factors such as mortality rates and expected pay rises along with other assumptions around inflation when calculating the liability.

The City Fund also reports the pension liability for the City Police pension scheme, based on a roll forward of the membership data from the 2017 valuation exercise.

There is a risk the valuation is not based on appropriate membership data where there are significant changes or uses inappropriate assumptions to value the liability.

Work performed

We carried out the following planned audit procedures:

- Assessed the qualifications and competence of the actuary;
- Reviewed the controls for providing accurate membership data to the actuary;
- Checked whether any significant changes in membership data have been communicated to the actuary;
- · Reviewed the disclosures in City Fund relating to the basis of apportioning the net pension liability; and
- Reviewed the reasonableness of the assumptions used in the calculation against other actuaries and other observable data.

Results

We have agreed the disclosures to the information provided by the actuary and identified no issues.

Our review of the controls to ensure data provided to the actuary for the roll forward valuation at 31 March 2019 is complete and accurate did not identify any issues. We have identified differences in the cash flow information sent to the actuary as at month 10 plus two months estimates to the actual final figures for the year. We did not consider these to be significant differences.

Management confirmed there has been no significant changes in the membership data.

The allocation of the Corporation's share of LGPS assets and liabilities as 51% to City Fund, 47% City's Cash and 2% Bridge House Estates is reasonable based on the proportion of payroll costs for each Fund.

Significant estimate - LGPS pension liabilities

City fund pension liabilities (£805 million)

< lower valuation

> Higher valuation

The City Fund's share of the LGPS pension liability has increased from £761.7 million to £804.8 million and it's share of the scheme assets increased from £459.3 million to £494.4 million. The net deficit increased by £8.2 million to £310.4 million. The increased liability includes £36.9 million arising from changes to financial assumptions including annual salaries increases of 3.9% (previously 3.8%), annual pension increases of 2.4% (previously 2.3%), and a change in the rate of discounting scheme liabilities to 2.4% (previously 2.55%). It also includes a gain on demographic assumptions of £21.3 million arising from reduced mortality assumptions of approximately 0.6 years as increases in life expectancy have stalled in recent years.

We have compared the key financial and demographic assumptions used to an acceptable range provided by a consulting actuary commissioned for local public auditors by the NAO.

	Actual used	Acceptable range	Comments
Financials:			
- RPI increase	3.4%	3.40 - 3.45%	Reasonable
- CPI increase	2.4%	2.40 - 2.45%	Reasonable
- Salary increase	3.9%	3.10 - 4.35%	Reasonable (CPI +0% to 2020 and then CPI +1.5%)
- Pension increase	2.4%	2.40 - 2.45%	Reasonable
- Discount rate	2.4%	2.35- 2.45%	Reasonable
Commutation:	50%	50%	Reasonable
Mortality:			
- Male current	24.5 years	22.4 - 25.0	Reasonable
- Female current	26.1 years	25.0 - 26.6	Reasonable
- Male retired	23.2 years	20.6 - 23.4	Reasonable
- Female retired	24.6 years	23.2 - 24.8	Reasonable
Mortality gains	CMI 2018 (+1.25% in	mprovement rate)	Reasonable

We consider that the assumptions and methodology used by the actuary are appropriate, and will result in an estimate of the net pension liability which falls within a reasonable range.

We note that the consulting actuary has stated that the assumptions used by Barnett Waddingham do tend to produce slightly lower LGPS liabilities calculations than the other actuaries, and the relative strength of assumptions compared to the average used by others could result in a liability being at 98.2% based on average of the assumptions used by all actuaries.

Police pension liabilities (£986 million)

< lower valuation

> Higher valuation

The police pension liability has increased from £955.9 million to £985.8 million. The increased liability includes £45.7 million arising from changes to financial assumptions including annual salaries increases of 3.9% (previously 3.8%), annual pension increases of 2.4% (previously 2.3%), and a change in the rate of discounting scheme liabilities to 2.4% (previously 2.55%). It also includes a gain on demographic assumptions of £24.9 million arising from reduced mortality assumptions of approximately 0.6 years as increases in life expectancy have stalled in recent years.

We have compared the key financial and demographic assumptions used to an acceptable range provided by a consulting actuary commissioned for local public auditors by the NAO.

	Actual used	Acceptable range	Comments
Financials:			
- RPI increase	3.4%	3.40 - 3.45%	Reasonable
- CPI increase	2.4%	2.40 - 2.45%	Reasonable
- Salary increase	3.9%	3.90 - 4.65%	Reasonable (CPI +0% to 2020 and then CPI +1.5% to 2.2%)
- Pension increase	2.4%	2.40 - 2.45%	Reasonable
- Discount rate	2.4%	2.35- 2.45%	Reasonable
Commutation:	50%	50 - 60%	Reasonable (60% 1987 old scheme, 60% 2006 new scheme, 60% 2015 scheme)
Mortality:			
- Male current	22.5 years	22.4 - 25.0	Reasonable
- Female current	25.0 years	25.0 - 26.6	Reasonable
- Male retired	21.1 years	20.6 - 23.4	Reasonable
- Female retired	23.5 years	23.2 - 24.8	Reasonable
Mortality gains	CMI 2018 (+1.25% i	mprovement rate)	Reasonable

We consider that the assumptions and methodology used by the actuary are appropriate, and will result in an estimate of the pension liability which falls within a reasonable range.

We note that the consulting actuary has stated that the assumptions used by Barnett Waddingham do tend to produce slightly lower police pension liabilities calculations than the other actuaries, and the relative strength of assumptions compared to the average used by others could result in a liability being at 98.6% based on average of the assumptions used by all actuaries.

McCloud age discrimination

Following the ruling on age discrimination in the McCloud case, where members approaching retirement age received protected benefits moving to the career average relevant earnings scheme from the final salary scheme but employees more than 10 years from retirement did not received this underpin of benefits, Government will have to remedy the discrimination in the LGPS and police pension schemes.

For the LGPS, the Government Actuary Department has undertaken an LGPS-wide impact assessment and a worse case scenario suggests that the liability could increase by up to 3.2% for active members where the remedy would be for all staff to receive the underpin, and using a model with an average member age of 46 and salaries increasing at +1.5% above CPI.

For the police pension scheme, the Government Actuary Department has undertaken a review for a number of police pension schemes and a worse case scenario suggests that the liability could increase by up to 5.4% of the total liability where the remedy would be for all police to receive the underpin, and using a model with an average member age of 41 and salaries increasing at +2.0% above CPI.

The Corporation received an updated valuation of the LGPS whole fund liability (for disclosure in the pension fund accounts), along with the impact on the Corporation's accounts as a scheme employer, to take account of the impact of this ruling. It also received an update valuation of the police pension liabilities.

The impact of the updated valuation has meant that scheme liabilities have increased by £6.3 million and £12.3 million for LGPS City Fund share and Police pension schemes respectively. There has also been a corresponding £18.6 million increase relating to past service costs that are charged through the comprehensive income and expenditure statement. These adjustments have been corrected in the final version of the financial statements.

Risk description

IFRS 9 financial instruments has been implemented for 2018/19 and requires all relevant financial instrument assets (principally investments and loans provided to others) and liabilities (principally borrowing) to be categorised under new criteria based on their business model and contractual cash flows that will determine their classification and basis of valuation.

CIPFA has published guidance to assist with the required review and any restatement required where the classification needs to be amended. City Fund will need to undertake a review of all relevant assets and liabilities to determine the appropriate classification in the financial statements.

Work performed

We carried out the following planned audit procedures:

- Reviewed the work performed by the Corporation, to assess the new classification of financial instruments in accordance with the guidance; and
- Reviewed the disclosures required relating to the adoption of the new accounting standard.

Results

City Fund has reclassified its financial assets at 1 April 2018:

- £471.5 million held as loans and receivables, including fixed term deposits, call account and notice accounts, have been classified at held at amortised cost (31 March 2019 £383.9 million):
- Financial assets held as available for sale £214.5 million, comprising money market funds, are classified have been classified as fair value through profit and loss (31 March 2019 £304.6 million); and
- The unquoted equity instrument of £0.2 million for the investment in Municipal Bonds Agency plc has been designated as fair value through other comprehensive income (disposed of by 31 March 2019).

We have reviewed the classification of these financial assets agree with the classification determined by management.

We have reviewed the disclosures relating to financial instruments and consider that they are appropriate subject to a minor amendment which is being made to the revised accounts.

Letter of Representation point

Risk description

City Fund has a significant number of leases where it is a lessor and has received lease premiums in recent years. The premiums and rents are apportioned between the land element, which will ordinarily be an operating lease recognised as revenue, and the building element which is likely to be a finance lease and recorded as a capital disposal. The element of the premium relating to the land is treated as deferred income and released to revenue over the term of the lease.

There is also likely to be complex calculations relating to the recognition of rental income, rent free calculations, lease extension/lease premiums, dilapidations and the relevant disclosures

Work performed

We carried out the following planned audit procedures:

- We tested a sample of lease and rent income, obtained the relevant agreements, calculated the expected income and agreed this to the accounts, including any amounts of deferred income, rent free calculations, lease extension/ lease premiums, dilapidations and the relevant disclosures; and
- Checked the disclosures to ensure that these are in line with the relevant accounting standard.

Results

City Fund has not entered into any new lease premium arrangements this year.

Our testing of lease and rent income on commercial / investment properties found no issues.

The disclosures remain consistent with the prior year.

Use of experts	
Unadjusted error	
Adjusted error	

Additional disclosure required

Letter of Representation point

Significant Control Findings

Risk description

IFRS 15 revenue from contracts with customers has been implemented for 2018/19 and requires all relevant revenue streams to be reviewed under a new '5-step model' to determine the appropriate point at which revenue can be recognised. CIPFA has published guidance to assist with the required review including what revenue falls within IFRS 15 or IPSAS 23 revenue from non-exchange transactions, and the process for determining the correct recognition points and amounts for revenue.

City Fund will need to undertake a review of all relevant revenue streams to determine the appropriate recognition date and amounts in the financial statements.

Work performed

We carried out the following planned audit procedures:

- Reviewed the work performed by the City Fund, to assess the impact of the new '5-step model' on revenue streams for the City Fund; and
- Reviewed the disclosures required relating to the adoption of the new accounting standard.

Results

Management's review found that there are no revenue streams where the revenue recognition point would change under the new financial reporting standard.

We reviewed the work performed by management and we found no revenue streams where we believe IFRS 15 would require restatement or change to the required accounting for revenue.

We reviewed the disclosures made in the accounts and consider that these comply with the new accounting standard.

There is a risk over the valuation of the allowance for the non-collection of arrears and debt.

Significant risk

Normal risk

Significant management judgement

Use of experts

Unadjusted error

Adjusted error

Additional disclosure required

Significant Control Findings

Letter of Representation point

Risk description

The City Fund recognises an allowance for the non-collection of receivables primarily in respect of council tax, NDR, housing benefit overpayments, housing rents and parking charges. Management assesses each type of receivable separately in determining how much to allow for non-collection.

There is a risk over the valuation of this allowance if incorrect assumptions or source data are used, or an inappropriate methodology is applied. The implementation of IFRS 9 financial instruments has also changed the basis for estimating losses for non-collection of receivables and debt from an incurred loss model to an expected credit loss model that takes in account assumptions about the future credit losses.

However, this includes only receivables and debt deemed to be financial instruments and excludes receivables under statute such as council tax, NDR and parking charges that CIPFA has stated will continue to be accounted for on an incurred loss model.

Work performed

We carried out the following planned audit procedures:

- Reviewed the provision model for significant income streams and receivables and debt balances to assess whether it appropriately reflects historical collection rates by age of debt or arrears;
- Checked that information has been accurately extracted from systems to support the modelling of collection rates by age; and
- Confirmed that City Fund has applied an expected credit loss model for receivables classified as financial instruments.

Results

Non-domestic rate arrears and cost provision

Arrears and provision as at 31 March were £30.130m and £9.676m respectively. The provision is based on historical collection rates for different categories of debt depending on where in the collection process the debt is. The largest category of late payments relate to late demands which is where an invoice has been issued with a due date of after the year end, but there is an expectation that a proportion of these will not be paid. As debt moves through the collection process the likelihood of collection reduces and therefore the provision percentage increases.

We are satisfied that the provision for non-collection of sundry debt assumptions are reasonable.

Results (continued)

Continued

Rent arrears and cost provision

Arrears and provision as at 31 March 2019 were £10.9 million and £0.5 million respectively. The majority of arrears relate to current tenants and the management surveyor reviews all individual arrears over £15,000 to determine the likely rent to be recovered.

We are satisfied that the provision for non-collection of rent arrears assumptions are reasonable.

Sundry debt arrears and cost provision

Arrears and provision as at 31 March 2019 were £21 million and £7.1 million respectively. The vast majority of the sundry arrears relate to the Penalty Charge Notices (PCNs), Barbican Centre and Police. The PCN cost provision is based on historical collection rates and all significant debts in respect of the Barbican Centre and Police are reviewed on a case-by-case basis.

We are satisfied that the provision for non-collection of sundry debt assumptions are reasonable.

Risk description

Whilst you are responsible for the completeness of the disclosure of related party transactions in the financial statements, we are also required to consider related party transactions in the context of fraud as they may present greater risk for management override or concealment or fraud. Our audit approach includes the consideration of related party transactions throughout the audit including making enquiries of management and the Audit and Risk Management Committee.

There is a risk that related party disclosures are not complete, accurate or properly disclosed.

Work performed

We carried out the following planned audit procedures:

- · Reviewed management processes and controls to identify and disclose related party transactions;
- Reviewed relevant information concerning any such identified transactions;
- Discussed with management and reviewed members' and management declarations to ensure that there are no potential related party transactions which have not been disclosed; and
- Undertook Companies House searches for potential undisclosed interests.

Results

Six minor issues found with the related parties disclosure and these have been amended in the revised accounts. It was noted that the Corporation includes directors in common within the note but these are not considered to be a related party as per IAS 24.

Risk description

Employers are required to deduct amounts from employee pay based on tiered pay rates and to make employer contributions in accordance with rates agreed with the actuary. Additional contributions are also required against pension strain for early retirements.

There is a risk that the Corporation or other admitted and scheduled employers may not be calculating contributions correctly or paying over the full amount due to the pension fund.

Work performed

We carried out the following planned audit procedures:

- Tested amount payable by employers / receivable by the pension fund for normal contributions including checking to employer payroll records;
- Confirmed that income is recognised in the correct accounting period where the employer is making payments in the following month;
- · Tested pension strain contributions due from employers;
- Agreed total contributions payable by the Corporation (as employer) to the amounts received in the pension fund;
 and
- Reviewed contributions income in accordance with the Actuary's Rates and Adjustments Certificate, including specified increased rates to cover the minimum contributions to be paid as set out in the Certificate.

Results

Our testing has not identified any issues with the calculation of normal contributions payable by the Corporation. We identified in the prior year that pension strain costs payable for unreduced pension benefits for early retirement of employees was accounted for on a cash basis. Management has confirmed that this is now accounted for on an accrual basis when the capital cost is due.

Letter of Representation point

Risk description

City Fund as a billing authority is required to estimate the value of potential refund of business rates arising from rate appeals, including backdated appeals. The Valuation Office Agency (VOA) provides information regarding the appeals currently being assessed and settled.

Management use this information to calculate a success rate for specific business types for settled appeals, and applies an appropriate rate to each type of business appeal still outstanding at year end

Work performed

We carried out the following planned audit procedures:

- Reviewed of the accuracy of the appeals data to confirm that it is complete based on the VOA list, and that settled
 appeals are removed; and
- Reviewed of the assumptions used in the preparation of the estimate including the historic success rates to confirm
 if the rates applied are appropriate.

Results

Our audit work found that the methodology for calculation of the appeals provision was satisfactory and was based on accurate information provided by the VOA.

We reviewed the accounting entries made and noted that £2.525 million of settled appeals were still recorded as provisions whereas they has been confirmed by year end and should have been included in the accounts as creditors. There is no impact on the current liabilities or net asset figure of this change.

Our review of the reasonableness of assumptions used to estimate the likely success of appeals and expected refunds is noted on the following page.

NDR appeals provision 2010 rating list (£39.7 million collection fund and £24.1 million City Fund share)

< lower valuation

> Higher valuation

Management has applied appeal success rates to different types of appeals on the 2010 rating list based on the amounts repaid on appeal in recent years. This takes into account both the success of a rateable value reduction appeal and for the number of years the appeal is backdated.

Success rates for the 2010 valuations range from 0.0% for appeals with where the has been an omission in the list to 55% for appeals where the property should be shown as one or more difference assessments.

These assumptions are reasonable based on historic settlements and refunds for the 2010 rating list appeals for estimating the provision for the future refunds from successful appeal.

NDR appeals provision 2017 rating list (£73.1 million collection fund and £48.1 million City Fund share)

< lower valuation

> Higher valuation

The basis of appealing business rates and rateable values changed with the introduction of the 2017 rating list and now has a three stage process: Check - Challenge - Appeal. Government provided an analysis last year of the total national loss of business rates from appeals over the period of the 2010 rating list and reported that the total loss was 4.7%. Given the nature of backdating appeals to the first year of a new rating list, this results in higher refunds and losses towards the end of the period of the rating list compared to the initial years where fewer years are subject to backdating. In the absence of better information, local authorities were advised to make an appeals provision each year of 4.7% of NDR billed.

We have found that the number of appeals nationally under the 2017 rating list is significantly lower than in the early years of the 2010 rating list and it may be that many more rateable value adjustments are now processed through the Check - Challenge - Appeal process through revision to the list by the VAO. There are still no settled appeals for the 2017 rating list for the Corporation and management has continued to apply the suggested 4.7% of billed amounts each year in the absence of better information.

We consider that this is an acceptable basis given the lack of settled appeals on which to base an estimate. However, some commentators have expressed a view that after two years with many fewer appeals, that the application of the total losses under the 2010 rating list may have overstated the expected appeals losses under the 2017 rating list.

Overall we consider that the approach taken to the calculation of NDR provision is reasonable, although may tend towards potentially overstating the amount of business rate income that may be appealed.

There is a risk that the arrangements put in place for the London-wide NDR Pooling and Strategic Investment Fund are not appropriately disclosed.

Significant risk

Normal risk

Significant management judgement

Use of experts

Unadjusted error

Adjusted error

Additional disclosure required

Significant Control Findings

Letter of Representation point

Risk description

City Fund acts as host (as an agent) for the London-wide NDR Pool and is responsible for calculating how much of the total NDR raised in London should be retained by each authority and how much is due to the GLA. City Fund is also responsible for the Strategic Investment Fund which pays out a part of the fund surplus to various projects within London. There is a risk that the amounts to be paid to other bodies or retained by each billing authority may be incorrect due to the complexity of the aggregation of the 33 NDR submissions across London.

There is a risk that the presentation and disclosure of the Strategic Investment Fund in the City Fund financial statements may not appropriately reflect the arrangement where it is not clear whether it acts as a principal or agent for these amounts.

Work performed

We carried out the following planned audit procedures:

- Reviewed the arrangements for calculating the appropriate share of retained NDR surplus for each London billing authority and what assurances and controls are put in place to confirm that the information provided by each is complete and accurate; and
- Reviewed the appropriate presentation for the retained Strategic Investment Fund monies, where City Fund act as host and GLA provide cash management, to reflect the nature of the arrangement either as principal or agent.

Results

Due to the complexity of the model used to calculate the NDR pooling figures across the 33 billing authorities and the distributions to each member of the pool, we have requested that the BDO modelling team undertake a review of this model to provide assurance that the calculations and formula are operating as intended. This review has identified some housekeeping issues with the model but can be relied upon to produce materially accurate information to support the amount of retained business rates for authorities within the pool.

From discussions with management and review of the accounting considerations for the Strategic Investment Fund, management has amended its accounting treatment from recognising this as an agent, where it recorded both the income and grants paid to approved projects in the balance sheet, to being the principal for this income and expenditure. This is on the basis that the Corporation has overall control over the awarding of grant funding and monitoring this expenditure. This has resulted in an amendment to the financial statements to recognise additional income of £59.6 million and expenditure of £46.8 million in the CIES. The excess of funds not yet awarded is held in an earmarked reserve.

Fraud

Whilst the directors have ultimate responsibility for prevention and detection of fraud, we are required to obtain reasonable assurance that the financial statements are free from material misstatement, including those arising as a result of fraud. Our audit procedures did not identify any fraud.

We obtained confirmation from you at the Committee meeting on 16 May that you are not aware of any known, suspected or alleged frauds since we last enquired when presenting the Audit Plan on 12 March 2019.

Laws and regulations

We have made enquiries of management regarding compliance with laws and regulations and reviewed correspondence with the relevant authorities.

We did not identify any non-compliance with laws and regulations that could have a material impact on the financial statements.

Internal audit

We reviewed the audit work of the Corporation's internal audit function to assist our risk scoping at the planning stage.

We are required to bring to your attention unadjusted differences and we request that you correct them.

There is one unadjusted audit difference in the current year identified by our audit work which would decrease the surplus on the provision of services (and the City Fund balance) and decrease net assets by £0.190 million if adjusted.

You consider the differences to be immaterial in the context of the financial statements as a whole.

The underlying surplus for the year, adjusting for current year and brought forward errors impacting on the CIES, would reduce the 2018/19 reported surplus by £4.7 million to £29.9 million.

Matter

For Whole of Government Accounts (WGA) component bodies that are over the prescribed threshold of £500 million in any of: assets (excluding property, plant and equipment); liabilities (excluding pension liabilities); income or expenditure we are required to perform tests with regard to the Data Collection Tool (DCT) return prepared by the Corporation for use by the Ministry for Housing, Communities and Local Government for the consolidation of the local government accounts, and by HM Treasury at Whole of Government Accounts level.

This work requires checking the consistency of the DCT return with the audited financial statements, and reviewing the consistency of income and expenditure transactions and receivables and payable balances with other government bodies.

Comment

Local authorities were required to submit the unaudited DCT to HM Treasury and auditors by 28 June 2019. The Corporation did not meet this deadline.

We will complete our review of the WGA Data Collection Tool (DCT), after we have completed our audit of the Corporation's financial statements.

We are planning to issue our opinion on the consistency of the DCT return with the audited financial statements before the National Audit Office's 13 September 2019 deadline.

We are required to be satisfied that proper arrangements have been made to secure economy, efficiency and effectiveness in the use of resources (value for money) and report to you on an 'except for' basis. This is based on the following reporting criterion:

In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people.

There are three sub criteria that we consider as part of our overall risk assessment:

- Sustainable resource deployment
- · Informed decision making
- · Working with partners and other third parties.

As identified in our Audit Plan we assessed the following matters as being the most significant risks regarding use of resources.

Audit Risk	Criterion	Risk Rating	Issues identified that impact on conclusion
Police financial management	Sustainable resource deployment	Significant	No issues identified
Sustainable finances	Sustainable resource deployment	Normal	No issues identified

Significant control findings

Risk description

City of London Police has been under financial pressure for a number of years. Issues with budget monitoring have been identified in 2018/19 and at Month 9 forecast an overspend of £2.3 million. This included £5.8 million increase in pay costs compared to the original budget as a result of the budget significantly underestimating the costs of employing the planned workforce numbers, combined with spend on overtime and 'agency' resourcing. The increase has been largely masked until recently by an erroneous double inclusion of £4.5 million National & International City Grant in income as well as funding when loading the 2018/19 budget onto the system.

Work performed

We carried out the following planned audit procedures:

- Reviewed the assumptions used in the Medium Term Financial Strategy and assess the reasonableness of the cost pressures, the amount of Government grant reductions applied and increases in the business premium;
- Reviewed the delivery of the budgeted savings in 2018/19, plans to reduce costs from 2019/20, and updated strategies and transformation programmes to close the budget gap after 2019/20;
- Reviewed work undertaken by the Her Majesty's Inspectorate of Constabulary; and
- Reviewed work undertaken by internal audit relating to the financial management.

Results

City Police has reported a breakeven position for 2018/19 against an expected deficit budget. This has been achieved by the use of tactical mitigations, additional business rates premium income being allocated and the use of reserves to balance the budget. A balanced budget has been set for 2019/20 that has been achieved by increasing the City Business Premium and receiving additional Home Office Grant. For 2020/21 there is currently a £6.5 million budget gap to be addressed through a refreshed MTFS.

HMIC has carried out a PEEL review for 2018/19 and have stated that "the extent to which the force operates efficiently and sustainably is good." HMIC have also stated that further work is "needed to address the budget gap over the rest of the medium-term financial plan".

We met with the Police Chief Finance Officer to discuss the MTFS and plans to close the funding gap. A number of potential measures are being looked that are being discussed with the Corporation prior to any decisions being made. This includes both increasing income and reducing expenditure to assist with achieving a breakeven position.

While we continue to note concerns over financial management, City Police and the Corporation are actively working to address the funding gap and provide additional funding where this is required.

Working with partners and other third parties

Significant control findings

Risk description

The City Fund has not been subject to the same level of financial pressures compared to other authorities. However, at Month 9 there is a forecast overspend of £2.5 million mainly relating to the deficit on the Police budget. For 2019/20 City Fund is budgeting a £20 million surplus and this is being seen as a holding year. From 2020/21 the financial pressures are expected to increase and currently the City Fund is expecting to budget for a deficit position.

In response to this the Corporation is planning to undertake a fundamental review of income and expenditure to inform its future planning.

Work performed

We carried out the following planned audit procedures:

- Reviewed the assumptions used in the Medium Term Financial Strategy and assess the reasonableness of the cost pressures, the level of Government grant reductions applied and increases in business rates and council tax;
- · Reviewed the delivery of the budgeted savings in 2018/19 and the plans to reduce costs from 2019/20; and
- Reviewed the strategies and any transformation programmes to close any budget gap after 2020/21.

Results

City Fund has achieved an surplus on the provision of services this year of £34.7 million after audit adjustments were made, before funding £47.6 million capital expenditure from revenue reserves. As noted in the previous section police have achieved a breakeven position.

City Fund are in the process of starting a fundamental review to address the budget gap from 2020/21 onwards and an away day was held at the end of July for members of the Resource Allocation Sub Committee to discuss the financial challenges facing the Corporation over the next 10 years and start to develop ideas as to how to address these. At the time of preparing this report the output from this had not yet been published.

The finances of the City Fund remain healthy and management has revisited its strategy to fund a significant element of the capital programme from revenue balances, and to fund this from borrowing over the medium term, to maintain these healthy levels of reserves and balances.

We are required to report to you, in writing, significant deficiencies in internal control that we have identified during the audit. These matters are limited to those which we have concluded are of sufficient importance to merit being reported to the Audit and Risk Management Committee.

As the purpose of the audit is for us to express an opinion on the Corporation's financial statements and use of resources, you will appreciate that our audit cannot necessarily be expected to disclose all matters that may be of interest to you and, as a result, the matters reported may not be the only ones which exist.

As part of our work, we considered internal control relevant to the preparation of the financial statements such that we were able to design appropriate audit procedures. This work was not for the purpose of expressing an opinion on the effectiveness of internal control.

We do not have any such deficiencies to report to you at this time, although our audit work is still ongoing.

As part of our audit procedures we have identified other deficiencies in controls and areas for improvement. We will issue a separate Management Letter appendix to this report on these issues.

Area	Issue and impact	Original recommendation	Progress	Management response
NNDR Appeals provision 2017 valuation	The provision on the 2017 valuation appeals received to date has been made at 100% due to the Authority not having any settled claims on the 2017 valuation.	The Corporation should review any settlement data available to ensure that the provision is based on expected settlements rather than a worse-case scenario.	In 2018/19, the provision for 2017 rating list is based on 4.7% of loss income and a management estimate. Going forward to 2019/20, the Corporation will be using Inform, a specialist in business rate retention scheme, to calculate its provision for appeal.	This area will continue to be reviewed utilising the latest information available and external support via Inform to validated the City Corporation's approach to the 2017 appeals provision calculation.
City Police financial planning	Internal audit and the Chamberlain's Department have identified weaknesses in the Budget setting and monitoring process in relation to City of London Police.	Management should ensure that it carries out the proposed review of the Police MTFS and budget setting and monitoring process as soon as possible so that a confirmed position is available to enable plans to be drawn up to assist the force in moving forward on a solid financial footing.	From our discussions with the Chamberlains department staff at City of London police budget monitoring and financial management has improved compared to the prior year. A balanced budget has been set for 2019/20 and City Police have started to refresh their MTFS to address the budget gaps in 2020/21 onwards.	The City Corporation and City of London Police are working closely together to address the financial challenges outlined in the MTFS and build on the improvements made in financial management.

Opinion on financial statements

We anticipate issuing an unmodified opinion on the financial statements.

There are no matters that we wish to draw attention to by way of 'emphasis of matter'.

Conclusion on use of resources

We are proposing to issue an unqualified use of resources conclusion.

Conclusion relating to going concern

We have nothing to report in respect of the applicability of the going concern basis of accounting or the Corporation of London and City Fund's ability to continue as a going concern for a period of at least twelve months from the date of approval of the financial statements.

There are no material uncertainties in relation to going concern disclosed in the financial statements of which we are aware that we need to draw attention to in our report.

Other information

We have not identified any material misstatements that would need to be referred to in our report.

Annual Governance Statement

We have no matters to report in relation to the Annual Governance Statement as it is not inconsistent or misleading with other information we are aware of.

Audit certificate

We will issue the Audit certificate on completion of our work on the WGA return by the deadline of 13 September.

Independence and fees

INDEPENDENCE

Under ISAs (UK) and the

FRC's Ethical Standard

we are required, as

We have embedded the requirements of the Standards in our methodologies, tools and internal training programmes. Our internal procedures require that audit engagement partners are made aware of any matters which may reasonably be thought to bear on the integrity, objectivity or independence of the firm, the members of the engagement team or others who are in a position to influence the outcome of the engagement. This document considers such matters in the context of our audit for the year ended 31 March 2019.

Details of services, other than audit, provided by us to the Corporation during the period and up to the date of this report are set out in the appendices and were provided in our Audit Plan. We understand that the provision of these services was approved by the Audit and Risk Management Committee in advance in accordance with the Corporations policy on this matter.

Details of rotation arrangements for key members of the audit team and others involved in the engagement were provided in our Audit Plan.

We have not identified any relationships or threats that may reasonably be thought to bear on our objectivity and independence.

We confirm that the firm, the engagement team and other partners, directors, senior managers and managers conducting the audit comply with relevant ethical requirements including the FRC's Ethical Standard or the IESBA Code of Ethics as appropriate and are independent of the Corporation .

Should you have any comments or queries regarding any independence matters we would welcome their discussion in more detail.

Our responsibilities and reporting

We are responsible for performing our audit under International Standards on Auditing (UK) to form and express an opinion on your financial statements. We report our opinion on the financial statements to the members of the Corporation.

We read and consider the 'other information' contained in the Statement of Accounts such as the Narrative Report. We will consider whether there is a material inconsistency between the other information and the financial statements or other information and our knowledge obtained during the audit.

We report where we consider that the Corporation has not put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources.

We review the Whole of Government Accounts Data Collection Tool provided to HM Treasury and express an opinion on whether it is consistent with the audited financial statements.

What we don't report

Our audit is not designed to identify all matters that may be relevant to the Audit and Risk Management Committee and cannot be expected to identify all matters that may be of interest to you and, as a result, the matters reported may not be the only ones which exist.

AUDIT REPORT

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE CITY OF LONDON CORPORATION

Opinion on the financial statements of the City Fund of the City of London Corporation ("the City Fund")

We have audited the financial statements of the City Fund for the year ended 31 March 2019 which comprise the Comprehensive Income and Expenditure Statement, the Movement in Reserves Statement, the Balance Sheet, the Cash Flow Statement, the Housing Revenue Account Income and Expenditure Statement, the Movement on the Housing Revenue Account Statement, the Collection Fund Statement and notes to the financial statements on pages 27-98 including a summary of significant accounting policies on pages 123-139. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2018/19.

In our opinion the financial statements:

- give a true and fair view of the financial position of the City Fund as at 31 March 2019 and of its expenditure and income for the year then ended; and
- have been prepared properly in accordance with applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2018/19; and
- have been prepared in accordance with the requirements of the Local Audit and Accountability Act 2014.

Basis for opinion on the financial statements

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)), the Code of Audit Practice issued by the National Audit Office in April 2015 ("Code of Audit Practice") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the City of London Corporation in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Chamberlain's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Chamberlain has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the City Fund's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The Chamberlain is responsible for the other information. The other information comprises the Narrative report together with all other information included in the *Statement of Annual Accounts*, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

AUDIT REPORT 2

Opinion on other matter required by the Code of Audit Practice

In our opinion, based on the work undertaken in the course of the audit of the financial statements, the other information published together with the financial statements in the Statement of Annual Accounts is consistent with the financial statements.

Conclusion on use of resources

On the basis of our work, having regard to the guidance on the specified criterion published by the National Audit Office in November 2017, we are satisfied that, in all significant respects, the City of London Corporation in respect of the City Fund has put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2019.

Basis for the conclusion on use of resources

We have undertaken our review of the City of London Corporation's arrangements for securing economy, efficiency and effectiveness in its use of resources in accordance with the Code of Audit Practice, having regard to the guidance on the specified criterion, published by the National Audit Office in November 2017, as to whether in all significant respects, the City of London Corporation in respect of the City Fund had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people.

The National Audit Office has determined this criterion as that necessary for us to consider in satisfying ourselves whether the City of London Corporation in respect of the City Fund put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2019.

Based on our risk assessment, we undertook such work as we considered necessary. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

Matters on which we are required to report by exception

We have nothing to report in respect of the following other matters which the Code of Audit Practice requires us to report to you if:

- we have been unable to satisfy ourselves that the Annual Governance Statement is misleading or inconsistent with other information that is forthcoming from the audit;
- we issue a report in the public interest under section 24 of the Act in the course of, or at the conclusion of the audit;
- we designate under section 24 of the Local Audit and Accountability Act 2014 any recommendation as one that requires the City of London Corporation in respect of the City Fund to consider it at a public meeting and to decide what action to take in response;
- we make an application to the court for a declaration that an item of account is contrary to law under Section 28 of the Local Audit and Accountability Act 2014;
- we issue an advisory notice under Section 29 of the Local Audit and Accountability Act 2014; or
- we make an application for judicial review under Section 31 of the Local Audit and Accountability Act 2014.

Responsibilities of the Chamberlain and the City of London Corporation

As explained more fully in the Statement of the Chamberlain's Responsibilities, the Chamberlain is responsible for the preparation of the Statement of Accounts, which comprises the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom, and for being satisfied that the financial statements give a true and fair view.

In preparing the financial statements, the Chamberlain is responsible for assessing the City Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the City of London Corporation intends to cease operations or has no realistic alternative but to do so.

AUDIT REPORT 3

The City of London Corporation is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the audit of the financial statements

In respect of our audit of the financial statements our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located at the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Auditor's responsibilities in respect of the City of London Corporation's use of resources

We are required under Section 20 of the Local Audit and Accountability Act 2014 to satisfy ourselves that the City of London Corporation in respect of the City Fund has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The Code of Audit Practice requires us to report to you our conclusion relating to proper arrangements, having regard to relevant criterion specified by the National Audit Office.

We report if significant matters have come to our attention which prevent us from concluding that the City of London Corporation in respect of the City Fund has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the City of London Corporation's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

Delay in certification of completion of the audit

We cannot formally conclude the audit and issue an audit certificate until we have completed the work necessary to issue our assurance statement in respect of the City Fund's Whole of Government Accounts consolidation pack. We are satisfied that this work does not have a material effect on the financial statements or on our use of resources conclusion.

Use of our report

This report is made solely to the members of City of London Corporation, as a body, in accordance with part 5 of the Local Audit and Accountability Act 2014 and as set out in the Responsibilities of the Audited Body and Responsibility of the Auditor within Chapter 2 of the Code of Audit Practice published by the National Audit Office. Our audit work has been undertaken so that we might state to the members of the City of London Corporation those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the City of London Corporation and the Corporation's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Leigh Lloyd-Thomas For and on behalf of BDO LLP, Appointed Auditor London, UK 31 July 2019

BDO LLP is a limited liability partnership registered in England and Wales (with registered number OC305127).

BDO is totally committed to audit quality

It is a standing item on the agenda of BDO's Leadership Team who, in conjunction with the Audit Stream Executive (which works to implement strategy and deliver on the audit stream's objectives), monitor the actions required to maintain a high level of audit quality within the audit stream and address findings from external and internal inspections.

BDO welcomes feedback from external bodies and is committed to implementing a necessary actions to address their findings.

We recognise the importance of continually seeking to improve audit quality and enhancing certain areas. Alongside reviews from a number of external reviewers, the AQR (the Financial Reporting Council's Audit Quality Review team), QAD (the ICAEW Quality Assurance Department) and the PCAOB (Public Company Accounting Oversight Board who oversee the audits of US companies), the firm undertakes a thorough annual internal Audit Quality Assurance Review and as member firm of the BDO International network we are also subject to a quality review visit every three years.

We have also implemented additional quality control review processes for all listed and public interest audits.

More details can be found in our Transparency Report at www.bdo.co.uk

Financial statements of Corporation of London - City Fund for the year ended 31 March 2019

We confirm that the following representations given to you in connection with your audit of the Corporation's City Fund financial statements for the year ended 31 March 2019 are made to the best of our knowledge and belief, and after having made appropriate enquiries of other officers and members of the Corporation.

The Chamberlain has fulfilled his responsibilities for the preparation and presentation of the financial statements as set out in the Accounts and Audit Regulations 2015 and in particular that the financial statements give a true and fair view of the financial position of the City Fund as of 31 March 2019 and of its income and expenditure and cash flows for the year then ended in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

We have fulfilled our responsibilities on behalf of the Corporation, in respect of the City Fund, as set out in the Accounts and Audit Regulations 2015, to make arrangements for the proper administration of the Corporations financial affairs, to conduct a review at least once in a year of the effectiveness of the system of internal control and approve the Annual Governance Statement, to approve the Statement of Accounts (which include the financial statements), and for making accurate representations to you.

We have provided you with unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence. In addition, all the accounting records of the Corporation, in relation to the City Fund, have been made available to you for the purpose of your audit and all the transactions undertaken by the City Fund have been properly reflected and recorded in the accounting records. All other records and related information, including minutes of management and other meetings have been made available to you.

Going concern

We have made an assessment of the Corporation and the City Fund's ability to continue as a going concern for a period of at least twelve months from the date on which the financial statements were approved for release. As a result of our assessment we consider that the **Corporation** is able to continue to operate as a going concern and that it is appropriate to prepare the financial statements on a going concern basis.

In making our assessment we did not consider there to be any material uncertainty relating to events or conditions that individually or collectively may cast significant doubt on the Corporation and the City Fund's ability to continue as a going concern.

Laws and regulations

In relation to those laws and regulations which provide the legal framework within which the City Fund's business is conducted and which are central to our ability to conduct our business, we have disclosed to you all instances of possible non-compliance of which we are aware and all actual or contingent consequences arising from such instances of non-compliance.

Post balance sheet events

There have been no events since the balance sheet date which either require changes to be made to the figures included in the financial statements or to be disclosed by way of a note. Should any material events of this type occur, we will advise you accordingly.

Fraud and error

We are responsible for adopting sound accounting policies, designing, implementing and maintaining internal control, to, among other things, help assure the preparation of the financial statements in conformity with generally accepted accounting principles and preventing and detecting fraud and error.

We have considered the risk that the financial statements may be materially misstated due to fraud and have identified no significant risks.

To the best of our knowledge we are not aware of any fraud or suspected fraud involving management or employees. Additionally, we are not aware of any fraud or suspected fraud involving any other party that could materially affect the financial statements.

To the best of our knowledge we are not aware of any allegations of fraud or suspected fraud affecting the financial statements that have been communicated by employees, former employees, analysts, regulators or any other party.

Misstatements

We attach a schedule showing uncorrected misstatements that you have identified, which we acknowledge that you request we correct. Where appropriate we have explained our reasons for not correcting such misstatements below. In our opinion, the effects of not recording such identified financial statement misstatements are, both individually and in the aggregate, immaterial to the financial statements as a whole.

Related party transactions

We have disclosed to you the identity of all related parties and all the related party relationships and transactions of which we are aware. We have appropriately accounted for and disclosed such relationships and transactions in accordance with the applicable financial reporting framework.

Other than as disclosed in note 34 to the financial statements, there were no loans, transactions or arrangements between the Corporation and Corporation's members or their connected persons at any time in the year which were required to be disclosed.

Carrying value and classification of assets and liabilities

We have no plans or intentions that may materially affect the carrying value or classification of assets or liabilities reflected in the financial statements.

Accounting estimates

a) Pension fund assumptions

We confirm that the actuarial assumptions underlying the valuation of the Local Government Pension Scheme (LGPS) and Police pension scheme liabilities, as applied by the scheme actuary, are reasonable and consistent with our knowledge of the business. These assumptions include:

• Rate of inflation (CPI): 2.4%

• Rate of increase in salaries: 3.9%

• Rate of increase in pensions: 2.4%

• Rate of discounting scheme liabilities: 2.4%

• Commutation take up option: LPGS 50% / Police 50%

We also confirm that the actuary has applied up-to-date mortality tables for life expectancy of scheme members in calculating scheme liabilities.

b) Valuation of housing stock, other land and buildings and investment properties

We are satisfied that the useful economic lives of the housing stock and other land and buildings, and their constituent components, used in the valuation of the housing stock and other land and buildings, and the calculation of the depreciation charge for the year, are reasonable.

We confirm that the valuations applied to dwellings and other land and buildings revalued in the year, as provided by the valuer and accounted for in the financial statements, are reasonable and consistent with our knowledge of the business and current market prices.

We are satisfied that investment properties have been appropriately assessed as Level 2 or Level 3 on the fair value hierarchy for valuation purposes and valued at fair value, based on highest and best use.

Letter of representation 2

Letter of representation 3

c) Allowance for non-collection of receivables

We are satisfied that the impairment allowances for non-domestic rates, housing rent and sundry debt arrears are reasonable, based on collection rate data.

d) Non domestic rates appeals provision

We are satisfied that the provision recognised for non-domestic rates appeals is materially correct, and the calculation of historical appeals are consistent with those advised to me by the Valuation Office Agency. We confirm that the successful rates applied to outstanding appeals as at 31 March 2019 are consistent with our knowledge of the business.

Litigation and claims

We have disclosed to you all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements and these have been accounted for and disclosed in accordance with the requirements of accounting standards

Confirmation

We confirm that the above representations are made on the basis of enquiries of management and staff with relevant knowledge and experience (and, where appropriate, of inspection of supporting documentation) sufficient to satisfy ourselves that we can properly make each of the above representations to you.

We confirm that the financial statements are free of material misstatements, including omissions.

We acknowledge our legal responsibilities regarding disclosure of information to you as auditors and confirm that so far as we are aware, there is no relevant audit information needed by you in connection with preparing your audit report of which you are unaware. Each member and member has taken all the steps that they ought to have taken as a member of the Corporation in order to make themselves aware of any relevant audit information and to establish that you are aware of that information.

Yours faithfully

Peter Kane

Chamberlain of London
