			<p>2. Outreach would utilise the YHA facilities for those still on the streets in a targeted way so as to ensure the strict controls regarding social distancing were maintained however, this would be undertaken as part of the pathway plan to have everyone come in off the streets. To date , the remaining rough sleepers on the streets of the City of London are continuing to refuse all offers of support and help. Extending the offer of facilities beyond the entrenched cohort could be considered if the YHA is extended beyond July and increased capacity is possible if the restrictions are lifted. This would be considered as part of further discussions with the current support provider as there would need to be consideration to varying the current contract.</p> <p>3. The food bank is providing food supplies to the YHA.</p>
