Book of plans - section 19
DOCP-172-BLAG-180046 - Rev 1
September 2013

- Notes:**
1. These construction phasing plans have been prepared for illustrative purposes only and are not to be used for the final construction phases. Contractors may choose to lay sites out differently during construction depending on their preferred construction methods subject to any controls imposed by the planning authorities.
 2. Traffic management plans for construction phases of the work would be submitted to the appropriate authority for approval. Where appropriate, on-site traffic management barriers may be required but is not shown.
 3. Utility supplies for the construction of the works would be agreed with the relevant utility company.
 4. Additional noise mitigation including noise barriers may be required but is not shown.
 5. Gate position to allow to suit construction progress, at all times.
 6. Existing flood defence levels to be maintained.
 7. Method of modifying / diverting cooling water tunnel to be confirmed. This illustrates one possible option.
