Dear Sir,

Planning Application

The Meat Company Aldersgate Ltd Unit 3 200 Aldersgate Street

I wish to object to this application for the following reasons.

This is a predominantly residential street with high residential buildings on either side of the road. Noise is channeled directly upwards to the residents. There is no doubt that if successful this application will bring more late night noise to the street.

Extract fans to the front of the building will bring noise & odour to my apartment.

There has been no consultation re this matter

I believe the noise & odour will seriously harm the reasonable enjoyment of my apartment.

Sincerely

E J & J M E Malden
