Good Morning

Further to my conversation today with Daniel White of police licensing, I have spoken with my client, the applicant Samantha Hall and we wish to remove the non-standard hours currently included in the application for the premises licence of the above premises.

These non-standard hours referred to operating until 2am for 'bona-fide pre-booked functions and events held at the premises....' other than on days when the core licensing hours are 2am.

Please remove these non-standard hours.

Kind Regards, Mike
