CR11	<p>Cause: The earth dams on Hampstead Heath are vulnerable to erosion caused by overtopping</p> <p>Event: Severe rainfall event which causes erosion which results in breach, leading to failure of one or more dams</p> <p>Impact: Loss of life within the downstream community and disruption to property and infrastructure – including Kings Cross station and the Royal Free Hospital. A major emergency response would need to be initiated by Camden Council and the police at a time when they are likely to already be dealing with significant surface water flooding. Damage to downstream buildings and infrastructure would result in significant re-build costs. The City's reputation would be damaged. An inquiry and legal action could be launched against the City.</p> <p>The Ponds Project has been</p>	Sue Ireland			31-Oct-2016
