

Appendix 1

A proposal by London Heathside use the Hampstead Heath Extension

Cross country running and racing has seen a substantial growth in competitors over the past five years as evidenced by the size of the fields in both the Southern and National Championships held on Parliament Hill. There is a need to diversify the number of available courses to ensure that the existing courses in London are not over used.

Hampstead Heath Extension is potentially a very popular venue considering its location, existing facilities and its existing designation as a sports area.

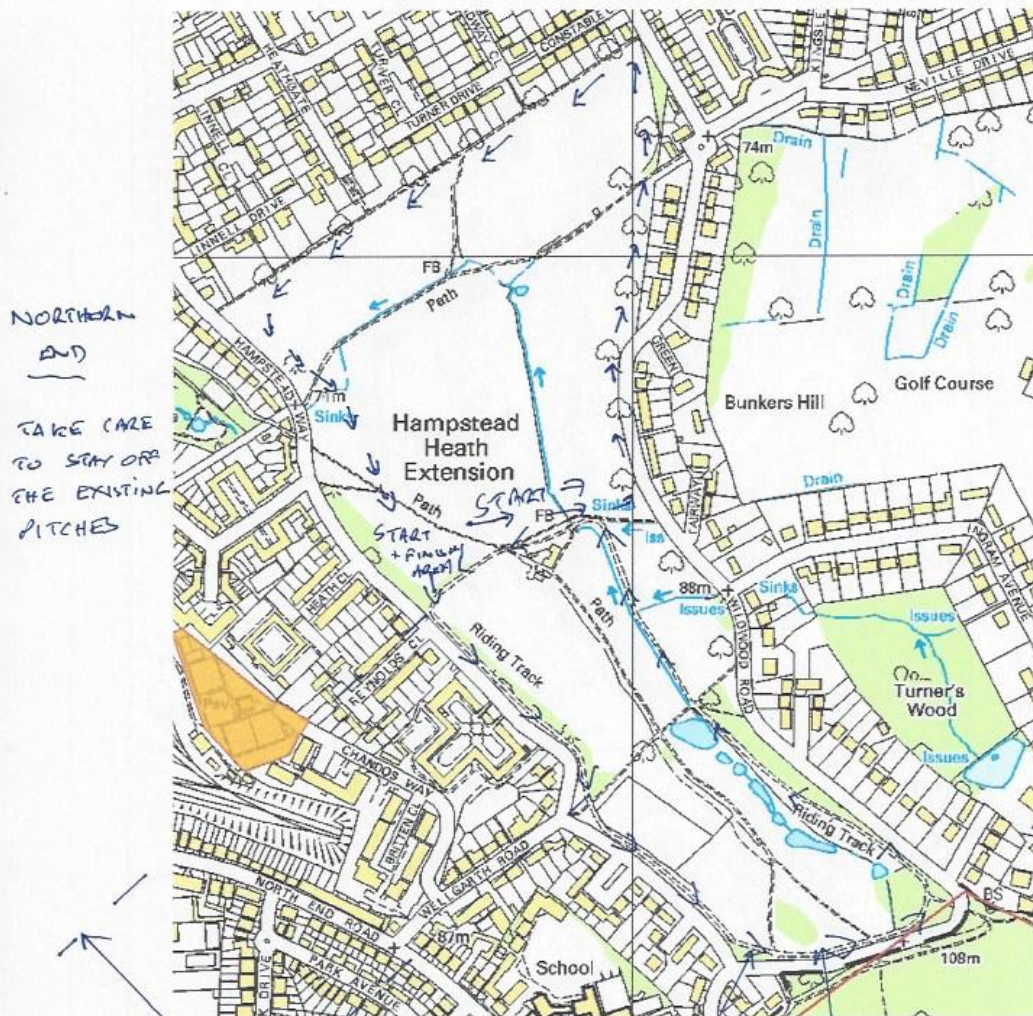

The proposal is to run a test event during the 2016/17 cross country season involving the North West Young Athletes League (est. circa 50/55 years) for young athletes aged 10-16. The format at a league match is as follows

Race	Average no of competitors	Course length
U11 girls	50	1500m
U11 boys and U 13 girls	120	2000m
U13 boys and U15 girls	60	3000m
U15 boys and U17 girls	40	3800m
U17 boys	20	4700m

The competing clubs include:

- Cookham AC
- Dacorum and Tring
- Ealing and Southall
- Harrow AC
- Highgate Harriers
- London Heathside AC
- Queens Park Harriers
- Shaftesbury Barnet Harriers
- Thames Valley Harriers
- Trent Park Running Club

A map showing the proposed course is attached. The exact start/finish and loops used for each of the races to be decided after consideration of this proposal.
