**Attachments:** Application to grant a premises licence- 27 Bush Lane EC4R 0AA (Ward Dowgate).docx; ATT00001.txt

Dear Sirs

We are the closest residents to this site, living about 50 yards away across an open space. We also own companies that employ about 150 people in Laurence Pountney Hill; and are in negotiations to acquire the neighbouring Governors House, a large office building adjacent to 27 Bush Lane. We have invested millions in housing, offices and restoring redundant churchyards to award-winning open spaces. We do not want to see our investment damaged by thoughtless, drunken behaviour and noise. We have already suffered intolerable noise and disturbance from the Bush Green site during its construction; and have had to call the police to eject drunken workers from our garden as well as the environmental department.

We are unhappy about and wish to OPPOSE the application to grant a licence for alcohol and for music to 27 Bush Green. We wish to OPPOSE in particular for such a licence to be granted for late hours beyond 11pm and at the weekend. We are concerned that the applicant has cynically applied for a late licence, so that they can then claim to have 'made concessions' to bring a licence back into line with 'normal hours'.

At the time of the planning permission we warned of the anti-social plans of the developer; and it seems as though our fears (which were ignored at the time) are indeed being brought to reality.

Please reject this application in its entirety.

Yours sincerely

Edmund Truell  
Cédriane Truell
