**Subject:** The Humble Grape - Representation - Variation of Premises Licence

Dear Sir / Madam

In response to the application made by The Humble Grape, I would like to give my view that if any sales of alcohol in open vessels for consumption by persons seated at tables & chairs is to be granted, then this must have a terminal hour of 9.00 pm to give time to clear the area completely by 9.30 pm.

Failure to clear the area completely by 9.30 pm will result in public nuisance due to noise from customers, and from the removal of all furniture, which could continue until the premises closes.

Yours faithfully

Henrika Priest
