

Revised application to grant a premises licence- Lucky Voice, 111 Fleet Street EC4A 2AB

I am aware that the applicants, Lucky Voice, have amended their application, with the terminal hour of 02.00am. now proposed.

As I have stated previously, I live at Poppins Court and I greatly value my residential amenity. This area is generally quiet at weekends because it is primarily an office environment interspersed with residential use. The retailers and pubs have restricted opening times.

I still wish to make a strong objection to the revised terminal hours as they would still result in significant noise nuisance and disturbance to myself and other residential occupiers in and around Poppins Court. The issue is that Lucky Voice cannot manage people's behaviour once they have left the premises, so a 02.00am closing time is not suitable for this area.

Ian Starkey
