

Resolutions from the Annual Wardmotes

To be presented on Thursday, 17th May 2018

To the Right Honourable The Lord Mayor, Aldermen and Commons of the City of London in Common Council assembled.

The Resolutions from the Annual Wardmotes are set out below for the consideration of the Court:-

From the Ward of Aldersgate

- (i) “That the citizens of Tudor Rose Court in Aldersgate are sorely troubled by being bitten by mosquitoes. These creatures are a health hazard, as well as a serious nuisance. They have been identified as *Culex Pipiens*, and possibly the sub-type *Culex Pipiens Molestus*, commonly known as the London Underground mosquito. What action is the City of London Corporation taking to determine the sub-type of these mosquitoes, which will help determine the source of these pests, and what action is the City taking to ensure these pests are eliminated?”
- (ii) “That this Wardmote requests that the City of London Corporation, as landlords, urgently investigates the original intentions of the City when first developing Tudor Rose Court as Sheltered Housing, and the legal position of the present holders of the Head Lease, Hanover, to ensure that the new tenancy agreements do not contravene such intentions, and to take all possible measures to ensure that tenants do not live in fear of losing their homes due to increase in service charges.”

From the Ward of Aldgate

- (i) “That this Wardmote asks that the Court of Common Councilmen do consider the traffic situation around Fenchurch Street Station and in particular the taxi parking/queuing in Fenchurch Street between Fenchurch Place and Lloyds Avenue to include considering reversing the flow of traffic in Fenchurch Street to address traffic flow, environmental and health and safety concerns.”
- (ii) “That this Wardmote asks that the Court of Common Councilmen reconsiders the resolution passed at the Wardmote on 22 March 2017 that this Wardmote deplores the state of broadband connections for both residential and existing business customers and requires the Corporation to take urgent action to address this.”
- (iii) “That this Wardmote asks that the Court of Common Councilmen considers that the location of the motorcycle parking bay on Creechurch Lane for relocation back to its original position as had been understood would occur following completion of construction works.”

Ward of Cripplegate

“This Wardmote deplores the shameful condition of the windows and other fabric of the Grade II Listed Golden Lane Estate and calls upon the City of London Corporation to undertake urgent action to remedy clear and obvious wants of repair, which have been evident since at least 2008. In particular the window replacement programme should be brought forward to commence in 6 months and to complete to a high standard within a further 18 months and not by 2021.”

(N.B. Following their consideration at the Grand Court of Wardmote, these Resolutions will have informally been referred to officers of the relevant Service Committees, so as to assist them in responding without delay following their formal consideration by the Court of Common Council and its relevant Committees.)
