Subject: Harry Hallowes' plot

Dear Bob

I am writing formally to confirm that yesterday the trustees of the Society resolved immediately to pledge up to £50,000 of the Society's funds to the City for the purpose of the City acquiring Harry's plot. The Society's funds are to be applied pro rata against the City's own allocated funds for that purpose.

The City should treat this email as a binding undertaking and you should feel free to disclose it to any of your colleagues or committees who need to see it.

Regards
