### Summary

At its May 2018 meeting, the Board agreed to the proposal to close the MA in Training Actors programme and approved the procedure for programme closure as set out in Section 2 of the new Student Protection Plan.

Once a programme has been approved for closure, the Student Protection Plan requires a closure strategy to be developed. Responsibility for the creation of the closure strategy, and its implementation, rests with the Programme Leader and the relevant Head of Department.

The Academic Board approved the attached closure strategy on 19 June 2018.

### Recommendation

That the Board note the closure strategy for the MA in Training Actors programme.
