The Comptroller and City Solicitor has confirmed that it is a term and condition of the lease that sub-tenancies are registered with the City of London and that the £70 fee is a reasonable charge for the administrative costs incurred in registering a subletting and is in accordance with similar charges elsewhere. A carrot and stick approach is undertaken to encourage long leaseholders to register their sub-tenants. Key permissions, orders for additional keys, car parking licenses are only accepted from registered sub-tenants.

We know of a number of unregistered sub tenants and information, if established, is recorded on our residents database. The information is then checked before any of the above services are requested
