TAB 1

New Premises Licence Summary.

This is an application for a new licence for Urban Retreat at 18-19 Long Lane.

Urban Retreat has been operating within London for over 20 years, initially starting at Harrods and operating there for 17 years, which eventually moved to a Knightsbridge location in 2019. Building on the success of the Knightsbridge location Urban Retreat has moved closer to the city to offer an inner-city wellness escape.

Urban Retreat currently trades in Knightsbridge using a similar format and layout and with a premises licence.

Essentially it is a beauty, health, wellbeing space with educational elements (classrooms etc.) and a food and drink offer.

There are six trading floors with a variety of activities, as indicated on the plans.

The sale of alcohol will take place in the ground floor café and on the third floor which has a roof terrace and event space allowing the premises to host events including educational well-being seminars which may include the sale of alcohol.

The application is submitted for all floors in the building to indicate the variety and principal use and also because there may be consumption (e.g. a glass of champagne) in the health and wellbeing areas.

The ground floor café will trade as “Flavours”.

The hours are not late, the application is policy compliant and off sales are limited by condition and no entertainment is applied for. Its demographic, style of operation (in particular the high levels of service provided) discourages the type of customers (for example hen dos or large groups) who are more likely to consume excessive alcohol and behave in a disruptive manner.

Urban Retreat anticipates and that there will be a strong regular and loyal clientele attending the premises.

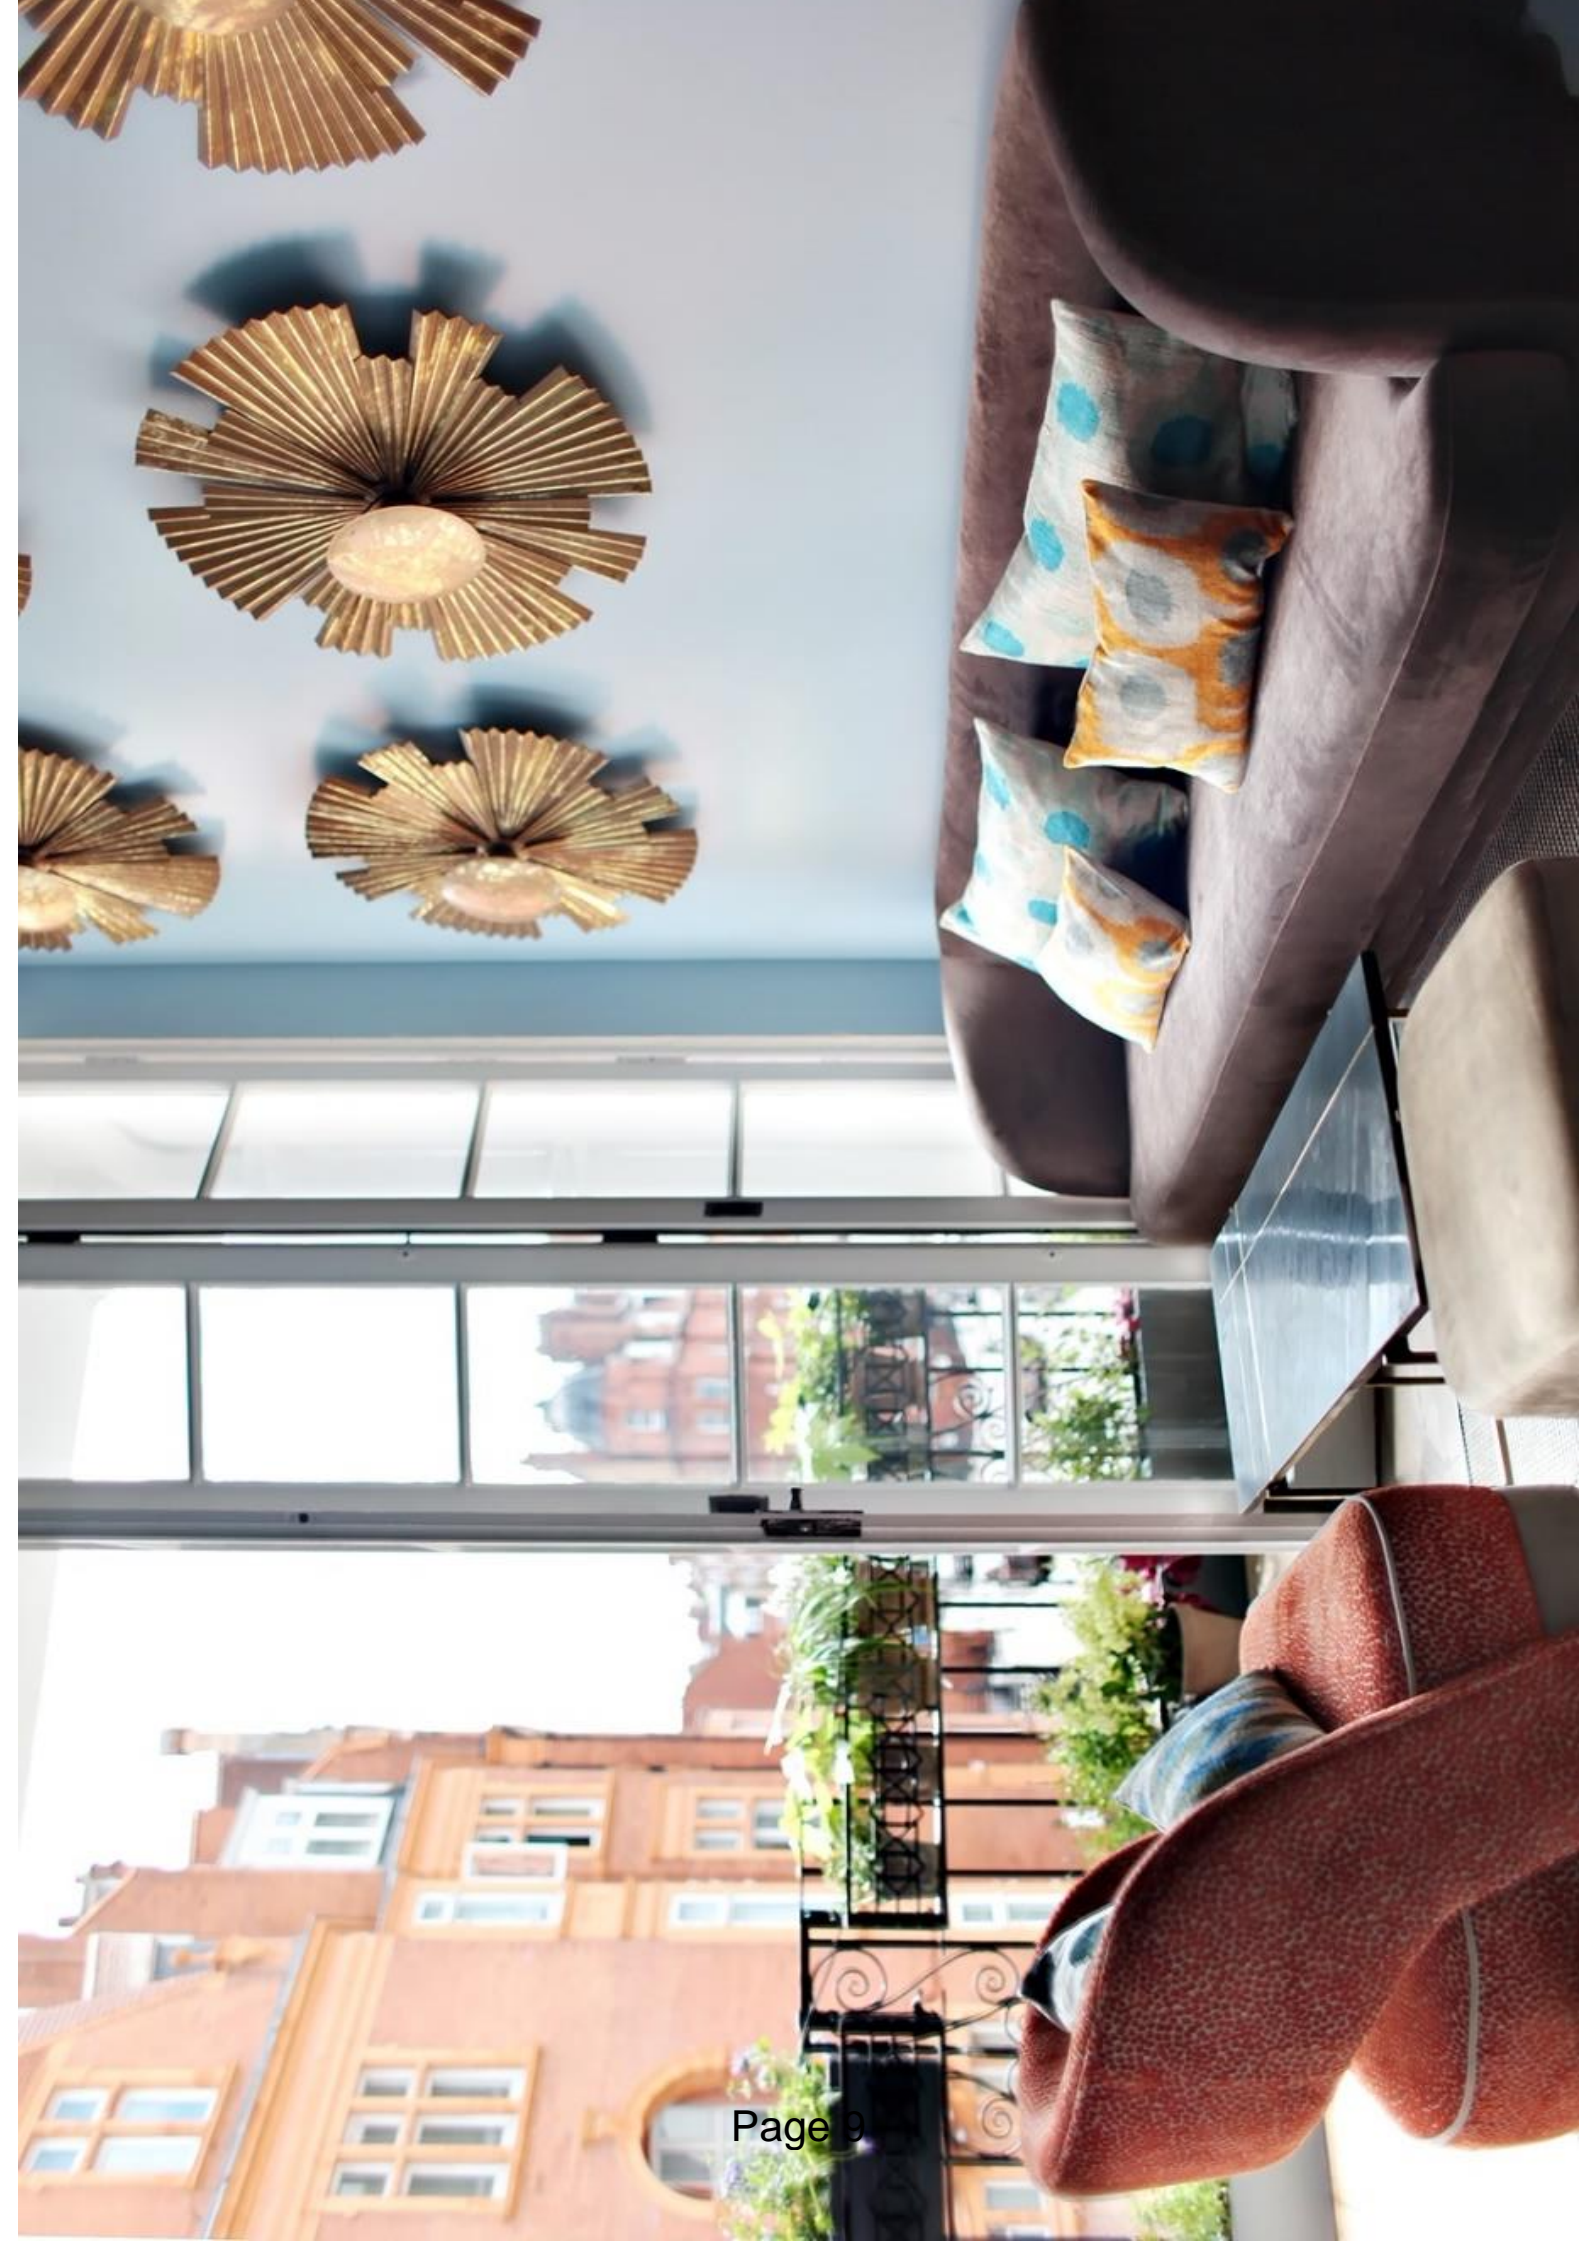

George Hammer, who is a director of the applicant, is a very experienced operator in the hospitality and health and beauty business and has met some of the Responsible Authorities on site to discuss the application prior to submission.

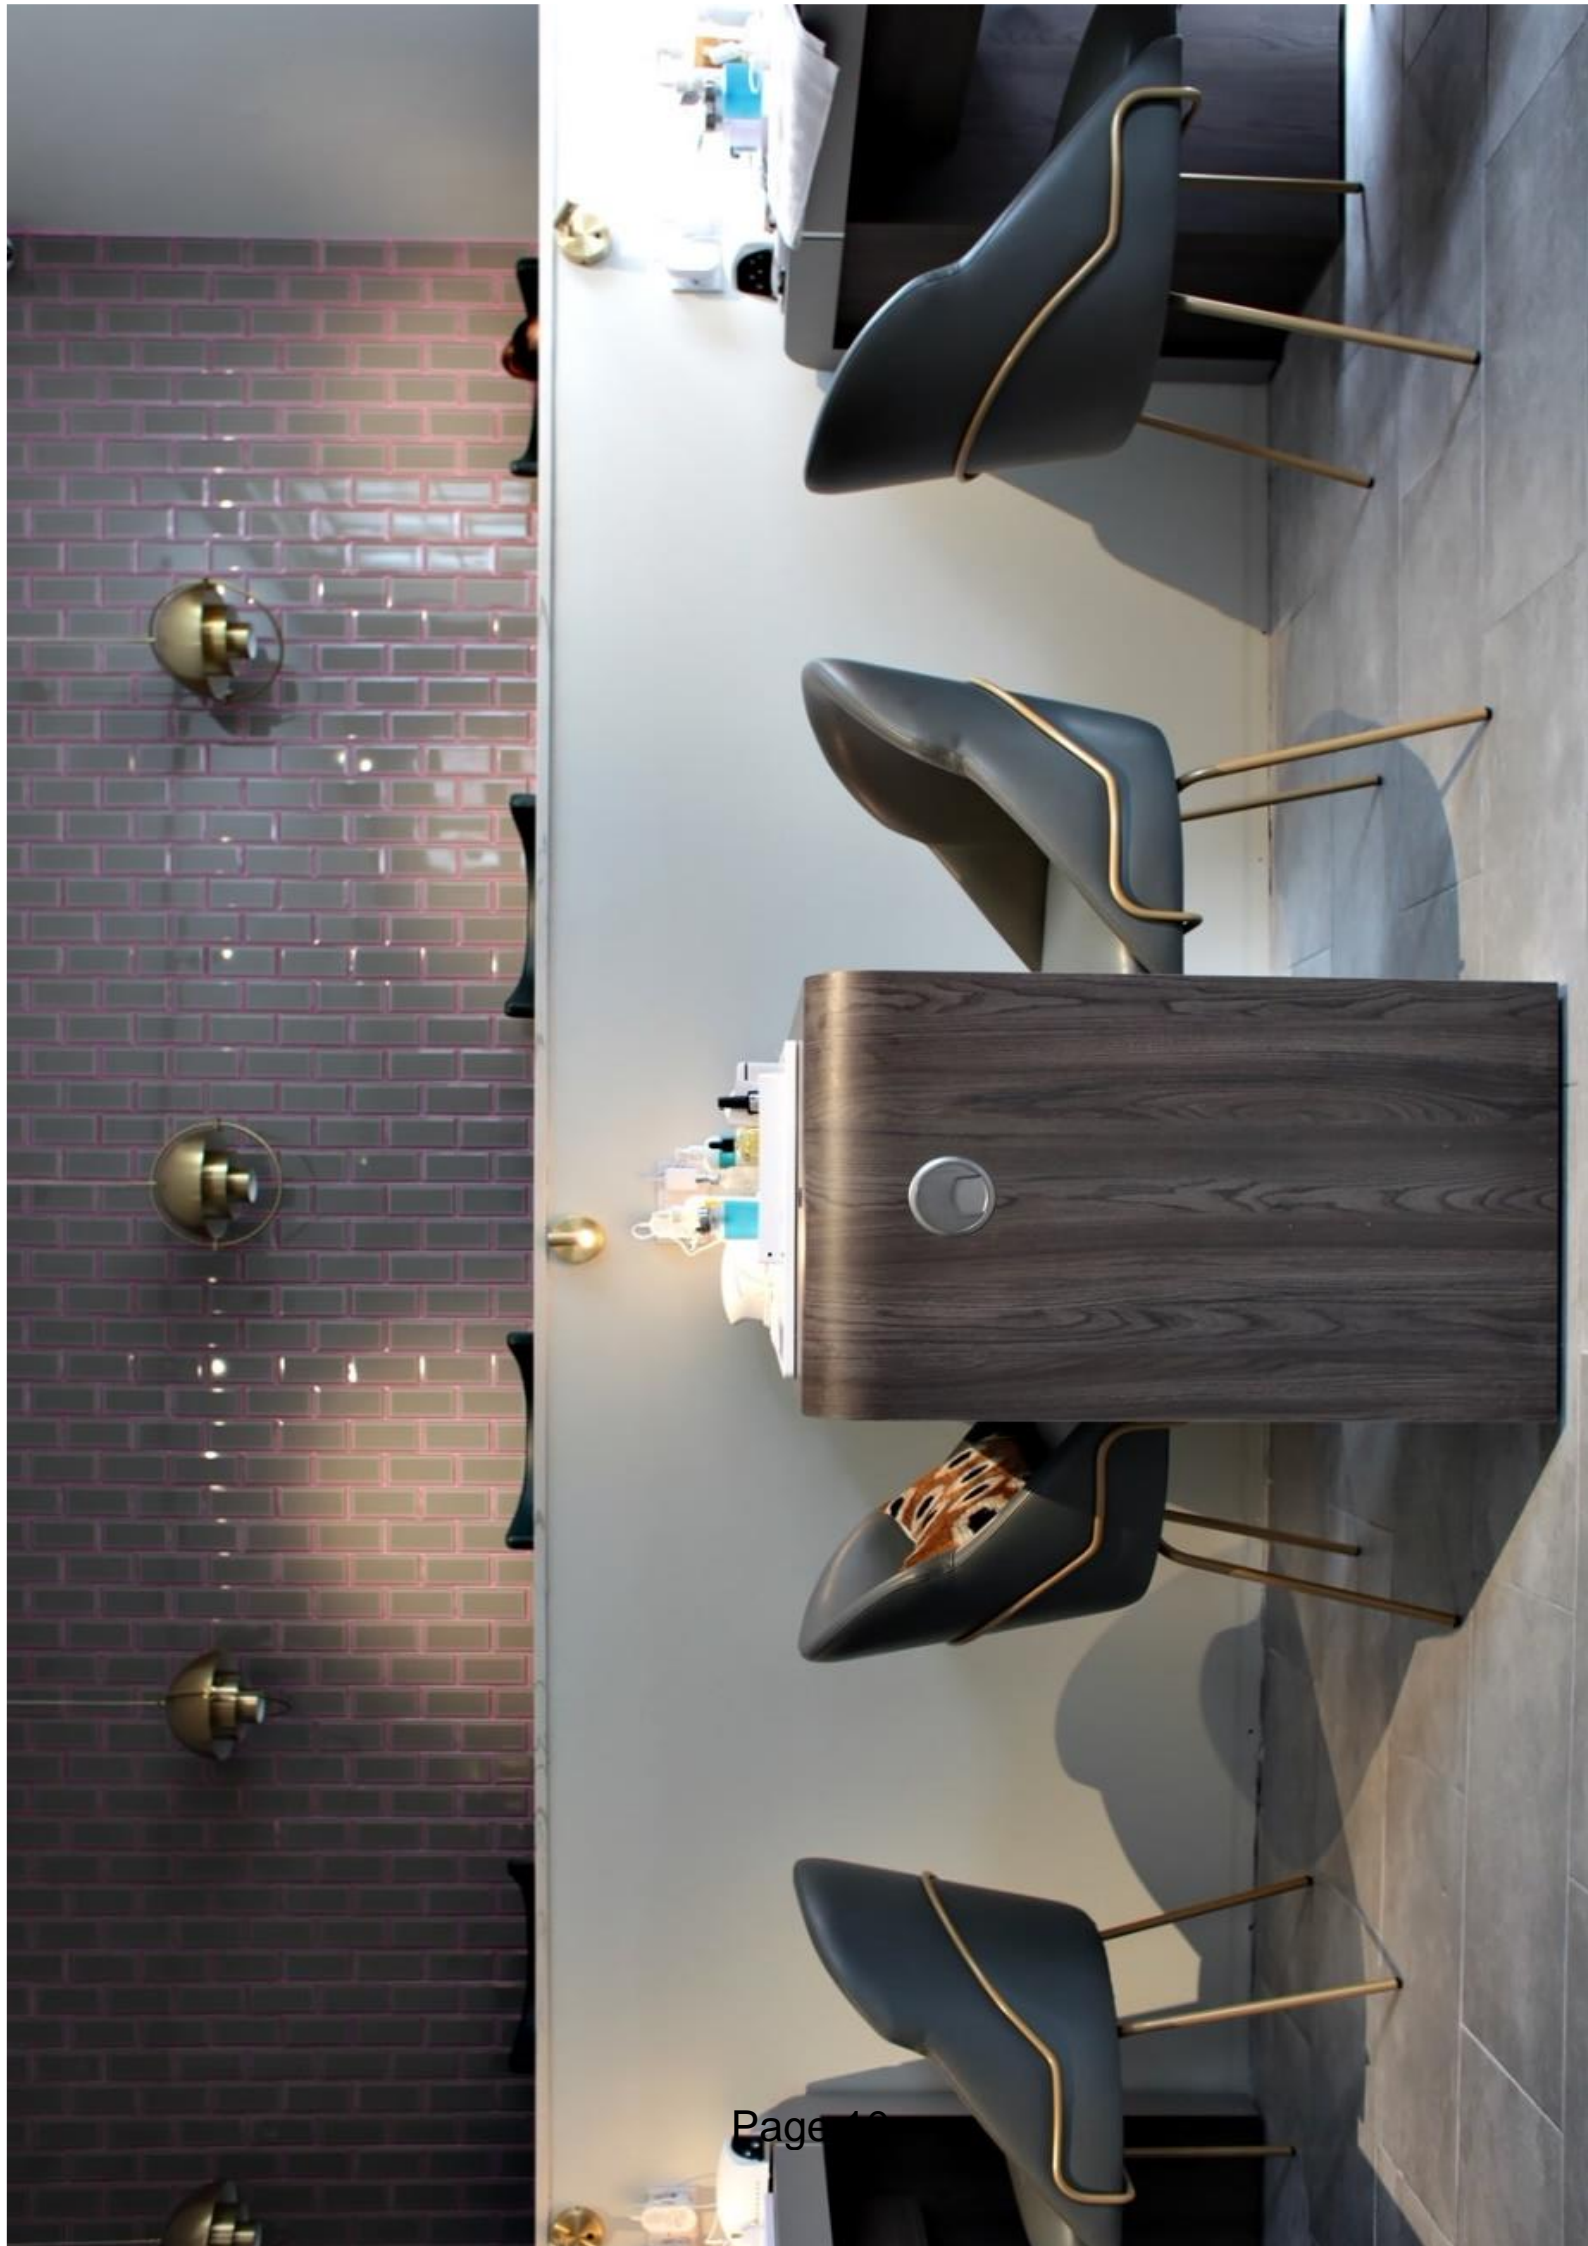

In order to further promote the licensing objectives conditions are offered in relation to CCTV and incident log

LONDON CITY HAIR REMOVAL MENU

WAX HAIR REMOVAL

At UR London City we use Ashmira Botanica Wax, a premium and natural waxing solution infused with botanical extracts and gentle ingredients. Combined with our highly skilled hair removal therapists we are on hand to provide you with a smooth, hair-free experience.

Each treatment involves a consultation to understand your specific hair removal needs and concerns. We will discuss any allergies, skin sensitivities, or medical conditions you may have to ensure your safety and comfort during the treatment. Our goal is to create a tailored experience to address your unique requirements.

Before we start the waxing process, your skin will be cleansed and prepped to remove any oils, lotions, or debris that might interfere with the wax's adherence. This step ensures optimal hair removal and minimises the chances of skin irritation.

Then it's time for the magic of Ashmira Botanica Wax. Your therapist will apply the warm, melted wax evenly onto the desired areas using a disposable wooden spatula or roller, depending on the treatment area. The unique formulation of Ashmira Botanica Wax combines the benefits of natural ingredients, such as botanical extracts, essential oils, and soothing agents, to provide a gentle and effective hair removal experience. The strip is then firmly pressed onto the wax, allowing it to adhere to the hairs. With a quick and confident motion, the strip is swiftly removed against the direction of hair growth, taking the unwanted hair with it. This process is repeated until the desired area is free of hair, ensuring thorough hair removal.

Once complete we will provide you with soothing post-wax care to alleviate any redness or discomfort, promoting skin hydration and rejuvenation. Additionally, you will receive personalised aftercare instructions to follow at home to maintain the results and keep your skin healthy.

LONDON CITY FACIAL MENU

EXPRESS CLEANSE & TREAT FACIAL

This express facial treatment is the perfect lunchtime treat or pre-event service as it gets to work ensuring your skin looks and feels its best in under an hour.

It starts with a deep cleansing ritual to remove any dirt, grime or impurities from your skin before using a combination of exfoliating techniques, steam and extractions to deeply clear your pores and get rid of any dead skin cells.

The treatment is finished with a targeted Urban Retreat Acti-Lab Facial mask which will be chosen depending on your skin's needs.

Great for regular maintenance following your Ultra Facial.

FACIAL

UR ULTRA FACIAL

Designed in Knightsbridge, our number one facial service is guaranteed to revitalise and rejuvenate your skin, combining a variety of facial methods such as high frequency, lifting, steam, extractions, deep cleaning, vacuum suction and microdermabrasion with hands-on facial massage.

Our skilled beauty therapists customise the Ultra Facial to address your specific skin concerns, ensuring a personalised experience that will leave your skin looking and feeling its best. All treatments start with a thorough consultation to understand your skin type, concerns, and desired outcomes, so our experts can analyse your skin, identifying areas that need extra attention and tailoring the treatment accordingly.

To address specific skin concerns, your beauty therapist will then use targeted treatments such as steam, extractions, galvanic therapy, high frequency, vacuum suction, microcurrent lifting, microdermabrasion or hot and cold hammers customised specifically to your skins needs. Whether you struggle with dryness, acne, uneven skin tone, or signs of aging, we have carefully curated products to deliver visible results. These methods work in harmony specialised facial massage movements, to deeply nourish and revitalise your skin.

As the treatment nears its conclusion, a luxurious Urban Retreat by Acti-Lab's mask is applied, infusing your skin with essential nutrients and hydration. This intensifies the effects of the facial, leaving your skin plump, glowing, and incredibly soft to the touch. Finally, a carefully selected moisturiser and SPF protection are applied, ensuring your skin remains hydrated and shielded from environmental stressors long after the treatment is complete.

UR RELIEF & RECOVER MASSAGE

Experience the revitalising benefits of our UR Relief & Recover Massage, a medium to firm pressure therapeutic treatment designed to target stubborn muscle tension and release knots. Ideal for those seeking relief from chronic pain, sports-related injuries, or muscular tightness, this massage technique focuses on the deeper layers of muscle tissue to promote healing and restore balance to your body.

This massage technique employs slow, deliberate strokes, firm pressure, and concentrated focus on specific areas of tension. Through expert manipulation of the deeper layers of muscle tissue, our therapists will gradually release built-up knots and relieve chronic muscle tightness.

As the massage progresses, you'll feel tension and knots gradually give way to a sense of deep relaxation as the deep massage stimulates blood flow to the treated areas, promoting the delivery of oxygen and nutrients to the muscles while flushing out metabolic waste. This process can help alleviate pain, reduce inflammation, and improve mobility.
