Alderman Gowman declared a non-pecuniary interest in ITEM 13 as a Governor of the Museum of London.

Christopher Hayward took no part in the discussions in ITEM 10 because of the potential non-pecuniary conflict he has as Chairman of the Planning & Transportation Committee - which would be considering a new planning application for 1 Leadenhall. Alastair Moss confirmed he would not be voting

on the application as a Member of the Planning & Transportation Committee but would be considering the new lease terms as a Member of PIB.

3. **MINUTES**

RESOLVED – That the public minutes of the meeting held on 13 June 2018 be approved.

4. **ECONOMIC AND PROPERTY MARKET PRESENTATION BY KEVIN MCCAULEY CBRE**

Kevin McCauley, Executive Director, Head of London Research at CBRE delivered a presentation on the London office market.

Members posed several questions to Mr McCauley:

What was the outlook for rent free periods?

Rent Free periods were increasing, it was not uncommon to see 10-year leases including a 21-24 month rent free period.

What are the medium-term challenges?

- Keeping up with demand in light of a decrease in available debt finance, availability of viable locations in Central London and more stringent environment for approvals of planning consent
- Infrastructure being developed by competitors (particularly around transport and housing), the key competitors were Dublin, Amsterdam and Frankfurt
- Brexit – specifically, the impact of services being outside the future EU-UK trade agreement, currently CBRE were seeing a slow drip feed of international corporations with relocating some staff or choosing not to expand in London as Brexit headwinds were increasing up to March 2019. Interestingly, Fintech was continuing to grow in London. Canary Wharf was at the sharp end of any retrenchment by traditional Financial Services firms in the UK

Will the City's employer demographic change?

Too early to say in terms of big trends, all companies are looking at more flexibility of office space

Members and officers thanked Mr McCauley for his excellent presentation.

5. **MIPIIM PROPERTY CONFERENCE 2018/2019**

Members considered a Joint Report of the City Surveyor and the Director of the Built Environment.

Members queried whether the funding for the City's future engagement at MPIM needed to be reviewed so BHE took less of the strain. The City Surveyor would return to the Board in the autumn with his thoughts on how PIB's share of the MIPIIM budget should be split between the three Funds.

Members were of the view that measuring the broad tangible outcomes from MPIM was generally difficult to define, however, The City Surveyor pointed to

several examples of commercial lettings sealed at MPIM and other introductions made.

One Member suggested that this year's event went well with much more of a co-ordinated approach and a better media presence, pointing to the launch of the joint City/CPA report and highlighting the very valuable work the Co-opted Members of PIB undertook on behalf of the Board.

Members requested that the Chief Planning Officer does not attend future events - this was because there was a tendency for the event to be use for pre-application discussions and the focus of the event should be more strategic.

The Chairman requested that the diversity of the Corporation's team should be more of a factor when considering which Members/Officers attend next year's event.

RESOLVED – that Members approved the following:

- I. That this report on MIPIM 2018 is received
- II. That the additional cost of attending MIPIM 2018 be noted
- III. That the Policy & Resources, Planning & Transportation Committees, and the Property Investment Board, approve that the City of London Corporation should attend MIPIM 2019 with a total budget of £94,000.
