# 1. APOLOGIES

There were no apologies. The Town Clerk noted that Simon Duckworth would be arriving late.

# 2. MEMBERS' DECLARATIONS UNDER THE CODE OF CONDUCT IN RESPECT OF ITEMS ON THE AGENDA

Alderman Alison Gowman declared a non-pecuniary interest in Item 6 (City of London Police Provisional Revenue and Capital Budget 2020/21) by virtue of being a resident of the Barbican.

## 3. MINUTES

**RESOLVED**, that the public minutes and non-public summary of the meeting held on 28 November 2019 be approved as a correct record.

## 4. OUTSTANDING REFERENCES

Members considered a tabled updated joint report of the Town Clerk and Commissioner regarding outstanding references and the following points were made.

# 31/2019/P and 32/2019/P - Road Danger Reduction Plan

 The Commissioner agreed to brief the Special Interest Area Holder on road safety and consult on the update report prior to the February 2020 Board meeting.

# 35/2019/P - HMICFRS Meeting

• The Chairman noted he had met with HMICFRS in December 2019 and would contact HMI to follow up on the issues discussed at that meeting.

# 41/2019/P - Ethical Economic Partnerships Model

 The Chief Executive noted that actions arising from the last meeting namely Force consultation with the Authority; adoption of a register of organisations; and the submission of an annual report to the Board, would all be discussed at the regular internal Force/Authority Strategy session. The Chief Executive and Commissioner agreed to include the Professional Standards and Integrity Committee in their reporting.

**RESOLVED**, that the report be received.

5. **MINUTES - PROFESSIONAL STANDARDS AND INTEGRITY COMMITTEE RESOLVED**, that the draft public minutes and non-public summary of the Professional Standards and Integrity Committee meeting held on 29 November 2019 be received.

# 6. CITY OF LONDON POLICE PROVISIONAL REVENUE AND CAPITAL BUDGET 2020/21

Members considered a report of the Commissioner regarding the City of London Police Provisional Revenue and Capital Budget 2020/21 and the following points were made.

- Members welcomed the fact that the projected overspend had been reduced from £2.2m to £0.6m, particularly given this included pension costs.
- A Member noted the planned closure of the Police facility at Shakespeare Tower set out at Reference 18 of the Savings Tracker 2020/21.
- The Treasurer reiterated that achieving proposed savings would be a challenging process. He added that the Police Funding Settlement was expected later that day and that both the Authority and the Force were hopeful that it would be in line with assumptions made within the provisional budget. Lastly, the Treasurer confirmed that the Authority would provide an uplift of £242k to the Force to meet the Middlesex Street Car Park costs in the Accommodation Programme.
- A Member welcomed the scrutiny of the provisional budget provided by the Board's Medium Term Financial Plan Working Party. He added that Reference (6) on the 2020/21 Savings Tracker (National Enabling Programme) was not within the Authority or Force's gift to achieve, and therefore cautioned that this appeared to be a risk that would mature towards the end of 2020/21. In response, the Commissioner noted that the tracker was a starting point, and its items would be subject to monthly scrutiny at Force level by a senior leadership group chaired by the Chief Finance and Operating Officer.
- The Commissioner noted that the Force had been working hard to achieve savings against increased expenditure required as a result of the London Bridge Stabbing and protests by Extinction Rebellion.
- In response to questions regarding staffing, the Commissioner replied that officer numbers had increased to over 800, which would be taken into account by the Medium Term Financial Plan. All UK Forces were looking to collaborate in terms of recruitment given the national drive for an additional 20,000 officers. Previously the Force had relied on the transfer of experienced officers due to a recruitment freeze and the need for specific skill sets, whereas the Force would now move towards recruiting new probationer officers.

**RESOLVED**, that the report be received.

# 7. PRESENTATION - CITY & HACKNEY SAFEGUARDING CHILDREN PARTNERSHIP

Members received a presentation regarding the City & Hackney Safeguarding Children Partnership, after which the following points were made.

 The Senior Professional Adviser confirmed that the Partnership was free to name organisations outside of its geographic area as statutory partners – these could include, for example, City of London Freemen's School in Surrey.

- The Senior Professional Adviser noted that, in his experience, the Partnership was not encountering any resistance to the new partnership arrangements, but that the Partnership now had the statutory leverage it needed should it need to exercise it.
- The Senior Professional Adviser noted that the quantum of casework handled by the partnership totalled 300-400 contacts, of which 10% required assessment and around 10 cases resulted in Child Protection Plans. Even a small increase in caseload i.e. 5 further Child Protection Plans would result in an exponential growth of the Partnership's work. One complicating factor facing the Partnership in the City was its highly transient daytime and night-time population.
- The Senior Professional Adviser agreed to circulate a link to the Partnership's website outside of the meeting (1/2020/P).

## 8. DRAFT POLICING PLAN 2020-2023

Members considered a report of the Commissioner regarding the Draft Policing Plan 2020-23 and the following points were made.

- A Member noted that the Plan should highlight the Force's local and national responsibilities more clearly, ideally via a one-page executive summary at the start of the document. The Member accepted that, whilst the Plan was ultimately concerned with local policing responsibilities, arguably the general public would not distinguish between the Force's local and national roles and therefore the documents should be reflective of that.
- The Commissioner noted that consideration would be given to how the finalised Plan could be publicised to encourage an appropriate level of engagement. He added that he would welcome guidance from the Chief Executive to what extent the Force's National Lead role should be included in the Plan, given this element was Home Office funded and the primary duty to investigate fraud lay with UK Forces. The Chief Executive confirmed that it would be appropriate to include reference to the Force's National Lead role and that the Plan, once agreed, should go to the Court of Common Council for endorsement.
- Members felt it appropriate to defer a decision on the Plan until Members had been given further opportunity to comment on the draft outside of the meeting. The report was therefore deferred for consideration at the February 2020 Board meeting.

**RESOLVED**, that consideration of the draft Policing Plan 2020-23 be deferred pending further feedback from Members (2/2019/P).

9. ANNUAL REVIEW OF THE POLICE AUTHORITY BOARD TERMS OF REFERENCE

Members considered a report of the Town Clerk regarding the annual review of the Police Authority Board terms of reference and the following points were made.

- Members were supportive of the option within the report that implemented a term limit for Members of the Board of three terms of four years except when serving as Chairman or Deputy Chairman, with past Chairmen being eligible for a further four-year term.
- Members were content with the current frequency of meetings and the proposed amendments to the Board's terms of reference set out within the report's appendix.
- The Chief Executive noted that the Board's decision that day would be subject to approval by the Policy and Resources Committee and the Court of Common Council and encouraged the Board to consider making a submission to the City's forthcoming Governance Review.

# **RESOLVED**, that Members

- Approve the submission of the amended terms of reference of the Board to the Policy and Resources Committee and Court of Common Council for consideration.
- Note the current frequency of meetings of the Board.
- Recommend to the Policy and Resources Committee and Court of Common Council the adoption of a term limit of service on the Board of three terms of four years except when serving as Chairman or Deputy Chairman, with past Chairmen being eligible for a further four-year term (3/2020/P).

## 10. QUARTERLY COMMUNITY ENGAGEMENT UPDATE

Members considered a quarterly report of the Commissioner regarding Community Engagement and the following points were made.

- The T/Commander (Operations and Security) noted the ongoing success of the mental health street triage scheme. A Member commented that it was difficult to draw conclusions from the report on appropriate allocation of resources to schemes such as this, and if data available on the impact of the triage response on how the Force/NHS and partner agencies dealt with mental health, supported the case for the scheme to be potentially rolled out nationally (4/2020/P).
- In response to a question, the T/Commander (Operations and Security)
  noted that funding for Luscombe was time limited but that the Force
  would continue to engage with government to ensure the scheme was
  sustainable.

• The T/Commander (Operations and Security) reassured Members, in light of recent national media, that the Force did not consider Extinction Rebellion (XR) to be a terrorist organisation.

**RESOLVED**, that the report be received.

## 11. QUARTERLY EQUALITY AND INCLUSION UPDATE

Members considered a quarterly report of the Commissioner regarding Equality and Inclusion and the following points were made.

- A Member requested that the Authority give some consideration to where the new Community Scrutiny Group (CSG) fell within the Special Interest Area Scheme, and what an appropriate level of Member engagement with the CSG might look like (5/2020/P).
- In response to a request from a Member that quarterly reports be more data driven, the Chief Executive agreed to liaise with the Commissioner to establish agreed report formats that would be set for a defined period (e.g. 6-12 months) provide report authors with certainty, whilst also allowing for amendments to be made when appropriate (6/2020/P).

**RESOLVED**, that the report be received.

## 12. THE MACKEY REVIEW

The Chief Executive noted that the Mackey/Savill Review had not yet been published and therefore this item was withdrawn.

# 13. **QUESTIONS ON MATTERS RELATING TO THE WORK OF THE BOARD** There were no questions.

# 14. **ANY OTHER BUSINESS THAT THE CHAIRMAN CONSIDERS URGENT**There were no items of urgent business.

## 15. EXCLUSION OF THE PUBLIC

**RESOLVED**, that under Section 100(A) of the Local Government Act 1972, the public be excluded from the meeting for the following items on the grounds that they involve the likely disclosure of exempt information as defined in Part I of Schedule 12A of the Local Government Act.

## 16. NON-PUBLIC MINUTES

**RESOLVED**, that the non-public minutes of the meeting held on 28 November 2019 be approved as a correct record.

# 17. NON-PUBLIC OUTSTANDING REFERENCES

Members considered a joint report of the Town Clerk and Commissioner regarding non-public outstanding references.

# 1. APOLOGIES

Apologies were received from Nick Bensted-Smith. The Town Clerk noted that Tijs Broeke had given notice that he would be arriving late.

The Chairman welcomed Dawn Wright to her first meeting.

# 2. MEMBERS' DECLARATIONS UNDER THE CODE OF CONDUCT IN RESPECT OF ITEMS ON THE AGENDA

There were no declarations.

#### 3. MINUTES

**RESOLVED**, that the public minutes and non-public summary of the meeting held on 15 November 2019 be approved as a correct record. In response to a query, the Town Clerk confirmed that Dawn Wright's appointment was up until April 2020.

## 4. REFERENCES

Members considered a joint report of the Town Clerk and Commissioner regarding references arising from previous meetings.

**RESOLVED**, that the report be received.

## 5. **BUDGET MONITORING QUARTER 3 2019/20**

Members considered a report of the Commissioner regarding Budget Monitoring Quarter 3 2019/20 and the following points were made.

- The Finance Director introduced the report and emphasised the fact that the Force was carrying significant vacancies as outlined at table six within the report.
- The Deputy Treasurer was heard, who welcomed the assurances regarding non-pay going forward as set out at table three. They added that there was a risk around filling the 44 posts for which the Home Office had provided the Force with £1.2m. Finally, the Deputy Treasurer expressed some caution over the exact budget for the projects set out at table eight.
- The Assistant Commissioner noted that, regarding recruitment, the Force had convened a Recruitment Gold Group to oversee the issue, although he cautioned that the Force was seeking to recruit at a time of high national demand given the government's commitment to recruit 20,000 new officers.
- In response to a question, the Finance Director replied that the Force did
  not have a contingency budget in the event of failing to recruit to the
  existing vacancies any budget variance would need to be offset, or a
  funding request submitted to the Home Office.
- The Chairman welcomed the work that the Force had put in to provide Members with a greater understanding on pay elements of the budget but noted that a similar exercise should now be conducted to achieve a greater level of confidence in non-pay elements of the budget. He asked for the Force to provide an assurance that the final version of the Medium-Term Financial Plan would provide this.
- A Member expressed concern over the impact of incidents such as London Bridge and related inquests on the Force budget and suggested that the Force review how examples of this budget impact could be mitigated in future.

- In light of discussion, Members requested that the Treasurer work with the Force to develop a Reserves policy for the Force.
- A Member noted that a budget line on utilities should be straightforward to forecast.
- In response to a question, the Assistant Commissioner replied that the Force classed overtime as either planned or unplanned, with planned overtime being straightforward to control..
- In response to a question, the Assistant Commissioner agreed to provide confirmation that the Force was compliant with Proceeds of Crime Act (POCA) guidelines in terms of allocating funds for services.
- A Member noted that Crime and Uniformed policing were two areas carrying significant vacancies which were also a priority for the Force and Authority in terms of the Policing Plan. Members requested in light of this that workforce assumptions be made clear in the Medium-Term Financial Plan.

**RESOLVED**, that the report be received.

# 6. POLICE FUNDING SETTLEMENT 2020/21 AND IMPACT ON MEDIUM TERM FINANCIAL PLAN (MTFP)

Members considered a report of the Treasurer regarding the Police Funding Settlement 2020/21 and impact on the Medium-Term Financial Plan.

**RESOLVED**, that the report be received.

# 7. CITY OF LONDON POLICE PROVISIONAL REVENUE AND CAPITAL BUDGET 2020/21

Members considered a report of the Commissioner regarding the City of London Police Provisional Revenue and Capital Budget 2020/21 and the following points were made.

- The Chairman noted that the report had already been reviewed by the Police Authority Board at its January 2020 meeting, and that a further updated version including more strategic narrative would be submitted to the February 2020 meeting.
- The Chairman noted that the budget contained some elements of risk, namely given the fact that some budget lines i.e. the National Enabling Programme (NEP) were outside of the Authority and Force's control.
- In response to a question, the Finance Director confirmed that the budget forecast a vacancy rate of £1.2m, or 28 posts. The forecast overtime remained unchanged despite less vacancies given that overtime was an ever-present budget pressure which would nevertheless be closely monitored.

- The Head of Police Authority Finance cautioned that funding for Action Know Fraud had yet to be reflected in the budget.
- The Chairman referred to the reference to support services within the report and noted the scope for shared services between the Authority and the Force, which would be the subject of a report to the Police Authority Board.

**RESOLVED**, that the report be received.

# 8. INTERNAL AUDIT UPDATE REPORT

Members considered an update report of the Head of Audit and Risk Management (Authority) regarding Internal Audit and the following points were made.

- In response to a question, the Head of Audit and Risk Management confirmed that the scheduled 2020 audit programme would be completed by March, but that the final report would take a little longer to produce.
- In response to concerns raised regarding the backlog of work, the Head
  of Audit and Risk Management noted that he was relatively new in post
  and was working hard to address the backlog.
- In response to a comment, the Head of Audit and Risk Management agreed to review how the Internal Audit function compared with other Police Authorities and PCCs..
- In response to a comment regarding revised financial controls the Finance Director noted that the Force's Finance Team was relatively new in post, and that he was confident the revised controls would stand up to scrutiny.
- The Chairman noted that internal audit recommendations regarding the Transform Programme had been implemented, hence that audit being graded Green – nevertheless Members should be mindful that implementation of the Transform operating model did not commence until April 2020.

**RESOLVED**, that the report be received.

# 9. POLICING PLAN 2019-20- PERFORMANCE AGAINST MEASURES FOR END Q3

Members considered a report of the Commissioner regarding the Policing Plan 2019/20 – performance against measures for end Q3 and the following points were made.

 The Assistant Commissioner noted that significant increases in crime were being recorded in areas that historically had not been an issue i.e. violent robbery. The Safer City Partnership would have a key role in addressing areas such as this during 2020/21, alongside the Force's Transform programme.

- In response to a question, the Assistant Commissioner noted that the Force would shortly be reviewing its Control Strategy to ensure that it was appropriately targeted.
- Members noted the importance of Community Policing in their contribution to community safety and engagement and suggested that the Police Authority Board carry out a deep dive review of this strand at a future meeting.
- Members noted that ratepayers had a key role in feeding into Community Policing.

**RESOLVED**, that the report be received.

# 10. STAFF SURVEY - 8 COMMITMENTS

Members considered a report of the Commissioner regarding the Staff Survey – 8 Commitments and the following points were made.

- In response to a question, the Chief Inspector noted that the Force was liaising with Durham University regarding future survey iterations. On the basis of advice from Durham, the Force had decided against holding a shorter-format 'pulse' survey in the period since 2017.
- In response to a request, the Chief Inspector agreed to ensure that the forthcoming staff survey would be benchmarked against the 2017 iteration.

**RESOLVED**, that the report be received.

# 11. HER MAJESTY'S INSPECTORATE OF CONSTABULARY AND FIRE & RESCUE SERVICES (HMICFRS) INSPECTION UPDATE

Members considered an update report of the Commissioner regarding Her Majesty's Inspector of Constabulary, Fire and Rescue Services (HMICFRS) and the following points were made.

- The Chief Inspector noted that the scheduling of inspections over the past 18 months had proved challenging for the Force in terms of resourcing appropriate responses. The number of Red recommendations had been reduced from 8 to 6, and it was estimated that the next PEEL inspection would take place in 2021.
- In response to a comment, the Assistant Commissioner agreed to ensure that explicit timelines for implementation were allocated to responses to recommendations, and assured Members that in the meantime each recommendation was closely monitored within the Force.

- The Assistant Commissioner noted that the Force was awaiting guidance from the National College of Policing regarding unconscious bias training.
- The Chairman requested that the Force and Authority consider how best to ensure HMICFRS and Mackey/Savill recommendations regarding the National Lead Force element could be appropriately addressed.

**RESOLVED**, that the report be received.

# 12. QUESTIONS ON MATTERS RELATING TO THE WORK OF THE COMMITTEE

There were no questions.

# 13. ANY OTHER BUSINESS THAT THE CHAIRMAN CONSIDERS URGENT There was no other business.

#### 14. EXCLUSION OF THE PUBLIC

**RESOLVED**, that under Section 100(A) of the Local Government Act 1972, the public be excluded from the meeting for the following items of business on the grounds they involve the likely disclosure of exempt information as defined in Part I of Schedule 12A of the Act.

## 15. NON-PUBLIC MINUTES

**RESOLVED**, that the non-public minutes of the meeting held on 15 November 2019 be approved as a correct record.

# 16. NON-PUBLIC REFERENCES

Members considered a joint report of the Town Clerk and Commissioner regarding non-public references arising from previous meetings.

17. **MINUTES - MEDIUM TERM FINANCIAL PLAN (POLICE) WORKING PARTY RESOLVED**, that the minutes of the Medium-Term Financial Plan Working Party meeting held on 10 January 2020 be received.

# 18. TRANSFORM PROGRAMME: UPDATE ON THE DEVELOPMENT OF COLP'S TARGET OPERATING MODEL (TOM) AND ALIGNED EFFICIENCIES

Members considered a report of the Commissioner regarding the Transform Programme: Update on the development of City of London Police's Target Operating Model and Aligned Efficiencies.

# 19. QUESTIONS ON MATTERS RELATING TO THE WORK OF THE COMMITTEE

# 2. MEMBERS DECLARATIONS UNDER THE CODE OF CONDUCT IN RESPECT OF ITEMS ON THE AGENDA

There were no declarations.

# 3. MINUTES

**RESOLVED**, that the public minutes and non-public summary of the meeting held on 8 October 2019 be approved as a correct record.

## 4. OUTSTANDING REFERENCES

Members considered a report of the Town Clerk regarding outstanding references and the following points were made.

# 2/2019/P - Update on Due Diligence and Market Research

 The Chairman requested that a representative from City Procurement be invited to the June 2020 meeting. Further, the Chairman opined that an extension of the existing contract may be necessary notwithstanding the fact the current contract ran up until October 2022.

# 9/2019/P - Member Completion of Training Modules

 Members noted that this was an ongoing issue and therefore the current reporting metric should be updated to provide greater visibility and oversight of which Members needed to complete which modules.

# 10/2019/P – Training Feedback

 The Chairman requested that the offer of bespoke training should be recirculated, and this reference then closed.

# 12/2019/P – Scheme Member Communication regarding Legal Challenge

 The Chairman noted that Home Office guidance was awaited and that, once this was received, an email communication could be issued to Scheme Members accordingly. The Chairman was mindful that it was not the role of the Pensions Board to offer Scheme Members advice, but that it was important to ensure Scheme Members were appropriately informed.

# 14/2019/P - Scheme Member Communication regarding Commutation Lump Sums

 The Pensions Manager noted that this reference had been completed as per the update report on the agenda at item 6 and could therefore be closed.

# 15/2019/P - Revisions to Risk Register

- The Finance Director noted that the McCloud Judgement would be added to the Force risk register and incorporated into the Medium Term Financial Plan.
- The Chairman suggested that the Force should be alerted to the issue of how to collect back-dated employee contributions.
- The Pensions Manager noted that the other revisions were dealt with as per the report on the agenda at item 5. The Chairman noted that officers should remain alive to the risk of unforeseen staff absence.

**RESOLVED**, that the report be received.

# 5. THE CITY OF LONDON: POLICE PENSION SCHEME - REVISION TO THE RISK REGISTER

Members considered a report of the Chamberlain regarding the City of London Police Pension Scheme – Revision to the Risk Register and the following points were made.

 A motion by a Member, which was seconded, was moved to amend the recommendation within the report to note that Members were not aware of any further risks relating to Police Pensions administration, provided steps were taken to ensure an early update of the administrative IT system.

## **RESOLVED**, that Members

- Have reviewed the existing risks and actions present on the Police Pensions Board Risk Register, and confirm that to the best of their knowledge on the information provided that appropriate control measures were in place, and
- Are not aware of any further risks relating to pension administration overseen by the Police Pensions Board, provided early steps were taken to update the IT administrative system.

## 6. THE CITY OF LONDON: POLICE PENSION SCHEME - UPDATE

Members considered an update report of the Chamberlain regarding the City of London Police Pension Scheme and the following points were made.

 In response to a question regarding Legal Challenge 2 (Evans & Ashcroft vs Chief Constable of South Wales), the Pensions Manager noted that the judgement related to injury rather than ill health and committed to providing an update outside of the meeting on how many City of London officers were affected by the ruling.

**RESOLVED**, that the report be received.

7. **QUESTIONS ON MATTERS RELATING TO THE WORK OF THE BOARD** There were no questions.

# 8. ANY OTHER BUSINESS THAT THE CHAIRMAN CONSIDERS URGENT Thanks to the Chairman

Members were heard regarding the fact that this was the Chairman's last meeting prior to him standing down from the Police Authority Board in April 2020. Members noted that the Chairman had been in post since the Pensions Board was established and thanked him for his advice and support to each of them on joining the Board.

## 9. EXCLUSION OF THE PUBLIC

**RESOLVED**, that under Section 100(A) of the Local Government Act 1972, the public be excluded from the meeting for the following items of business on the grounds they involve the likely disclosure of exempt information as defined in Part I of Schedule 12A of the Act.

## 10. NON-PUBLIC MINUTES

**RESOLVED**, that the non-public minutes of the meeting held on 8 October 2019 be approved as a correct record.

## 5. PUBLIC REPORTS

The Town Clerk noted that there were no public reports due for consideration.

# 6. ANY OTHER BUSINESS THAT THE CHAIRMAN CONSIDERS URGENT

## 6.1 Mackey Review of Action Fraud

The recently published Mackey/Savill Review of the national 'lead force' responsibilities of the City of London Police and the effectiveness of investigations in the UK was discussed and the following points were made.

- The Commissioner welcomed the review and noted that the Force would be working with the Home Office to address the recommendations raised within it.
- The Deputy Chief Executive similarly welcomed the review and confirmed that the Authority would work with the Force to address its recommendations. The Authority recognised that all 43 Forces in England needed to be engaged in order to address the issue of fraud and noted the review's recommendation that the City of London Police remained at the heart of any future solution to combat fraud.
- The Director of Communications (Authority) noted that the publication of the review had attracted fair and balanced coverage.

#### Summary

The Chief Officer Cash Limited budget at the start of the year was £72.7m. The budget increased in Q1 to £73.4m following the transfer of 15 City of London Corporation (CoL) staff and associated budget to the Joint Contact Centre. Budgets have been adjusted to reflect the 67 growth bid posts in line with expected on boarding.

This report outlines the financial position for the third quarter of the 2019/20 financial year. Current projections indicate an overspend of £0.6m by the end of the year, which is an improvement on previously reported projections. The position includes full drawdown of the £2.5m POCA reserve.

The main pressure is the unfunded increase in Police Officer pension contributions in the region of £2.5m based on full establishment. Based on the current workforce, the actual spend is in the region of £2.1m.

Recruitment projections in respect of the agreed 67 growth posts indicate in year spend of £1m. The £2.5m POCA reserve will be fully utilised to fund the cost of the additional pension and new posts, leaving a projected overspend position of £0.6m.

Further pressures include overtime, a larger pay award for Officers than expected, legal costs in relation to the London Bridge inquest and additional costs through the policing of significant public order events.

Savings of £6.3m are built into the budget, with £4.7m in pay and £1.6m in non-pay. These savings are forecast to be achieved, however, maintaining acceptable service levels whilst holding the required vacancies continues to be a challenge.

Ongoing work relating to workforce management, maximising income and managing non-essential expenditure continue to bring the position back within budget by the end of the year.

#### Recommendation

Members are asked to note the report.

## 1 Chief Officer Cash Limit Budget

1.1 The Chief Officer Cash limited budget at the start of the year was £72.7m. This has now increased to £73.4m due to the transfer of the Joint Contact Centre staff. This is funded as follows:

Table 1

| Funding Type              | Amount<br>(£000) | %    |
|---------------------------|------------------|------|
| Core Grant (inc NICC)     | 57,100           | 78%  |
| Business Rates<br>Premium | 13,000           | 18%  |
| Precept grant             | 2,700            | 3%   |
| CoL Contact Centre        | 680              | 1%   |
| Total Funding             | 73,480           | 100% |

1.2 The latest forecast position is summarised below.

- 1.3 Table 2 indicates a projected overspend of £0.6m, primarily due to the additional costs associated with the 9.7% increase to Police Officer pension contribution and recruitment to the new 67 posts. This has improved from the Q2 forecast of £2.2m overspend mainly due to the timing of recruiting to the 67 new posts. The POCA reserve will be fully utilised to fund the projected overspend.
- 1.4 In addition, the following pressures are contributing to the projected overspend:
  - Overtime a projected overspend of £0.9m (please see overtime section below)
  - The confirmed 2.5% pay award for Police Officers against a budget of 2%
  - Legal costs in respect of the London Bridge inquest
  - Non-pay pressures on business rates and subscription charges
- 1.5 The YTD variance on pay relates to police pension payment which is fully funded by Home Office grant and paid at year end. The YTD variance position on income relates to Home Office grants which are usually received at the end of the year.

#### 2 Savings Target

- 2.1 Budget mitigations of £6.3m are required in-year to deliver within budget. This comprises £4.7m in pay and £1.6m in non-pay. The savings plan continues to be monitored closely through internal governance and fortnightly monitoring meetings with the Police Authority. Pay savings have been delivered through workforce and vacancy management in core funded posts. The level of required monthly pay savings is £0.390m (81 posts, officers / staff). Non-pay savings of £1.6m have been identified as set out in Table 3 below.
- 2.2 Projections indicate that we are on course to deliver the required savings, which requires continuous strong vacancy management. There are currently 99 FTE core funded vacancies. Maintaining acceptable service levels whilst holding the required level of vacant posts as part of agreed pay mitigation continues to be challenge.

#### 3 Directorate Revenue Position

3.1 As at the end of quarter three, current projections indicate a budget deficit of £0.6m. The table below sets out the Directorate position. This includes £6.3m budget mitigations shown above and continued robust vacancy management and the full effect of the increased pension contributions.

3.2Table 5 below outlines the position without the additional unfunded pension, showing a projected budget underspend of £1.5m. This has moved since Q2 from a projected underspend of £0.044m. The main Directorate movement is within BSD where the unfunded pension increase is held. Budgets for all vacant posts are transferred to BSD as part of the budget mitigations plan.

#### **Directorate Variances (See Table 4)**

#### 3.3 Business Support Directorate (BSD) - £1.4m underspend

The Directorate is forecasting an underspend due to recognition of drawdown of the full POCA reserve. The Directorate holds the unfunded additional police officer pension pressure and the pay budget mitigation of £3.0m. The position includes spend of £0.250m relating to the London Bridge inquest. The YTD actual includes receipt of the full year pension deficit grant.

The Directorate is holding core funded net vacant posts of 3.8 FTE.

#### 3.4 Crime - £0.1m underspend

The Directorate is forecasting an underspend primarily due to receipt of additional grant income in year. There are minor variances across non-pay budgets, however, there are no significant financial risks.

The Directorate is holding core funded net vacant posts of 15.7 FTE.

#### 3.5 Economic Crime Directorate (ECD) - breakeven

The Directorate is 81% externally funded. The primary risk is the position on Action Fraud. The position is subject to continued monitoring. The appropriate recharge between core funded and externally funded units is subject to on-going review.

The Directorate is holding core funded net vacant posts of 7.5 FTE.

#### 3.6 Intelligence and Information (I&I) - £1.5m overspend

The projected overspend position within I&I is due to a number of factors, primarily relating to non-pay including subscription costs within the Command Hub, professional fees paid for Regulation of Investigatory Powers Act (RIPA) requests in the Central Authorities Bureau and pressures in respect of the cost of licences, subscriptions and maintenance costs for information security.

There is further pressure on overtime, mainly within the Command Hub. Overtime activity is driven by demand and the 24 hour nature of work that the Command Hub and Surveillance team undertake. Various measures have been introduced to address and manage overtime, including reviewing shift patterns. Overtime however remains an area of risk especially with unpredictable nature of high profile national public order events, including Brexit and Extinction Rebellion.

The Directorate is holding core funded net vacant posts of 3 FTE.

#### 3.7 Uniformed Policing Directorate (UPD) - £0.6m overspend

The projected overspend is primarily due to overtime, particularly in Firearms, Support Group and Response teams. Measures have been introduced to manage this which have improved the position, however, this remains a

significant area of risk with uncertainty around future potential public order events such as Brexit and Extinction Rebellion, as well as staffing pressures in Response Team. The recent London Bridget terrorist incident in November at Fishmonger's Hall resulted in unanticipated costs in excess of £240k. Discussions are taking place with National Counter Terrorism Policing in respect of funding arrangements.

The Directorate is holding core funded net vacant posts of 19.4 FTE.

#### 4 Workforce

- 4.1The pay budget constitutes 72% of our expenditure budget and the stringent management of vacant posts is essential to managing the financial position this year. The current establishment, including 67 growth posts, is 1,358 FTE, comprising 840 Officers and 518 staff. The actual workforce paid in December was 1,187 FTE comprising 747 Officers and 440 Staff.
- 4.2 The tables below set out the actual position by month for quarter three. The position reflects the holding of vacant posts required to deliver budget mitigations.

- 4.3 The Prime Minister pledged to recruit 20,000 extra police officers in England and Wales over the next three years, with a recruitment drive started in September 2019. We have received notification from the Home Office confirming 44 officers for CoLP in 2020/21. The CoLP evidence based bid was for 113 new officers based on the Strategic Threat and Risk Assessment (STRA) review. Funding for the 44 was provided via ringfenced grant in the 2020/21 police settlement in January.
- 4.4 Recruitment towards the 67 growth bid is under way. At the end of quarter three, 22 posts have been filled, 22 are expected to be filled by the year end and the

remaining 23 are expected to arrive early in new financial year. In-year intake is projected to cost just under £1.0m and will be funded through the POCA reserve.

#### 5 Income

- 5.1 Table 7 below sets out the grant funding position for the Force totalling £62.176m. Current projections indicate a high level of confidence in receipt from all funders.
- 5.2The majority of grant income is received at the end of year, hence the YTD variance. Steps are being taken to claim grant income at earlier stages in the year if possible.
- 5.3 Current projections indicate a small number of variances against specific grants. The positive variances relate to funding streams where the level of income is dependent on actual activity, where a lower level of spend is projected a corresponding reduction in the level of grant income is forecast.

6.2 Police Vehicles - The 'approved amount' does not include the full budget for purchase of police vehicles of £1.8m, therefore the forecast only includes the amount up to the approved amount. However, purchase orders will be raised if and when the 'approved amount' is updated. Delays in allocating the budget may lead to some expenditure being incurred in 2020/21 due to the long lead in time for the vehicles. In the event of the 'approved amount' not being updated, vehicles will

- have to be funded from the revenue budget, which will further increase the existing revenue budget pressures.
- 6.3 Accommodation Programme The table includes expenditure on the accommodation programme relating to CoLP decant. Previous reports included the corporation element for information to show the whole cost of the Programme. For the purpose of this report, the Corporations element has been excluded.
- 6.4IT Modernisation the timing of the forecast spend is indicative at this stage and the profile may change.
- 6.5 Airwaves The project set up has not yet been updated on the Project Accounting system, expenditure relates to staff charges and is expected to be spent y the end of the year.

#### **Accounts Payable**

7.1 Table 9 shows performance relating to payment of invoices within 30 or 10 days. Performance of 95% which is consistent with Q2, but below the corporate target of 97%. Measures are in place to improve overall performance including clearing backlogs and rolling out self-service.

#### <u>Accounts Receivable</u>

7.2 Table 10 below shows total Debtors have decreased by £1.79m to £1.4m at the end of Q3. There are 65 outstanding invoices with the majority less than 2 months

old. 13 invoices are over 3 months old and over £1k in value – these are being investigated in order to determine the most appropriate course of action.

#### **Overtime**

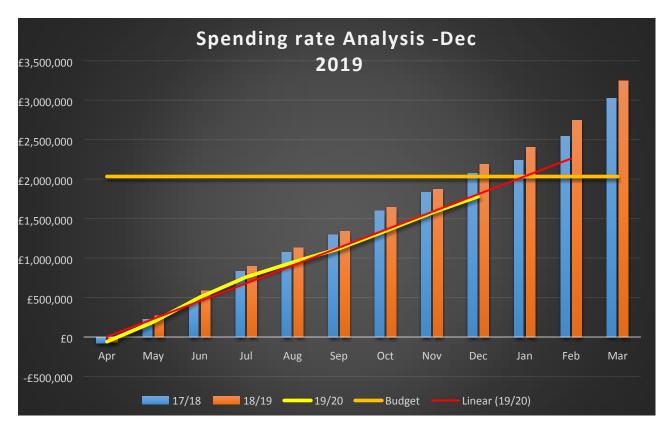

- 7.3 The overtime budget is £2.0m, split £1.6m core funded and £0.4m funded units. This includes overtime in respect of bank holidays and tasking.
- 7.4 Actual spend at the end of Q3 is £1.8m, covering both officers and staff. Current forecasts indicate spend of £2.9m, which is £0.9m over budget.

- 7.5 Expenditure is on average 16% lower than the last financial year. This reduction has come from a combination of new controls and clear communication to managers. The position continues to be closely monitored and reported at Chief Officer Level.
- 7.6 The charts below shows the current trend on overtime hours worked and number of claims received to the end of Q3. The trend indicates a reduction in overtime compared to previous years and suggests controls are effective. However there is increased risk in the second half of the year due to potential pubic order events.

- 7.7 The main reasons for claiming overtime are:
  - Covering for vacant posts (backfilling / Business as Usual)
  - Extinction / Animal Rebellion protests
  - Pan London Brexit protests
  - TFG including Bank of England armed escorts (which is substantially recovered through the contract)
- 7.8 Expenditure in the region of £200,000 to date relates to Extinction / Animal Rebellion protests, and further expenditure is anticipated as overtime claims are being processed. We are submitting a bid to the Home Office to seek to recover some or all of this.
- 7.9 The largest spending Directorate is UPD which constitutes 59% of overtime. It is expected that the need for backfilling and BAU will reduce as vacancies are filled, however, it is difficult to predict requirements relating to future known and unknown policing requirements. Discussions are taking place with the Home Office in respect of special grant funding relating to increased public order requirements.

7.10 The chart below shows cumulative overtime spend against the last two years. This indicates spend on a slightly lower trajectory. If this were to continue the full year budget will be fully utilised by January 2020, although spend continues to drop in comparison to previous years.

#### 8 Brexit

- 8.1 The City of London Police has identified potential risk to public order during the Brexit period, which could add further pressures on the revenue budget. Any sizeable protest within the City footprint that led to disorder would require a regional mobilisation response. This would mean a large number of Police Support Units within the City dealing with protest.
- 8.2 The Corporation of London made funds available to meet Brexit preparation costs, and CoLP secured funding for upfront investment and contingency plans. Funding may also be available from the Home Office, however, no such funding was available during 2018/19.

#### 9 Use of Reserves

9.1 The Police reserves position is summarised in Table 13 below. The Police General Reserve was fully utilised in 2018/19 and drawdowns were made from the Transformation Reserve and the Action Fraud reserve to match expenditure. It is anticipated that the POCA reserve will be fully utilised in 2019/20.

# 10 Risk Management

10.1 Table 14 below identifies the key risks and mitigating controls contained within this report: (quantum included where possible)

Table 14

| Risk   | Risk Mitigation   |
|--|---|
| Major incidents                                    | Early engagement with the Home Office to ensure opportunities for cost recovery are maximised.  |
| Crime Performance /<br>Safety issues               | All such issues will be reported to Members   |
| Vacancy factor                                     | It is challenging to maintain acceptable service levels with a vacancy factor of 81. The vacancy factor is reviewed and revised throughout the year. All recruitment is approved by the Strategic Workforce Panel.                        |
| Budget mitigations and additional pension pressure | Fortnightly strategy meetings are held with the Commissioner, Town Clerk and Police Authority Policy and Finance, reviewing and challenging budget and savings assumptions.   |
| Overtime budget                                    | Enhanced controls have been introduced to manage the overtime budget  |
| Deferred Weekly Leave (DWL)                        | Accrued DWL has been quantified, currently £1.4m for Officers and £0.07m for staff, however, the build-up of DWL may be subject to unplanned events over the year. Currently no financial implication, however, continues to be reviewed. |

| Use of agency staff                               | Reliance on agency staff has been greatly reduced  |
|---|--|
| Further cost pressures for Action Fraud           | Under review and close scrutiny  |
| Capital Programme progress and potential slippage | The Capital Programme is monitored throughout the year, capital recharges undertaken in a timely manner. The proposed 2020/21 Capital Programme is going through the Committee process.  |
| Brexit  | Expenditure will be monitored closely, and external sources of funding will be explored. A bid for £0.9m was previously submitted to the Corporation covering potential risk. So far this year we have spent £0.04m  |
| Events policing                                   | Finance Business Partners will work closely with services to ensure chargeable events policing is captured in a timely manner and recharged accordingly.   |
| Vehicle fleet management                          | A Strategic Fleet Management Group chaired by the Assistant Commissioner has been reestablished and is monitoring Financial risk around replacement spend. A loan of £1.8m from the Corporation has been approved for the capital scheme relating to vehicles. To date, £0.8m has been released in respect of the purchase of vehicles. Discussions are taking place to release the remainder, or vehicles will be funded from the revenue budget. |

| Police Authority Board   | 27 February 2020             |
| Subject: Police Funding Settlement 2020/21 and impact on MTFP  | Public                       |
| Report of:<br>PA Treasurer                                     | For Information              |
| Report author: Alistair Cook Head of PA Finance                |                              |

#### **Summary**

An updated Police MTFP was presented to the MTFP Working Party meeting on 10 January 2020 and informed the Efficiency & Performance Sub and Audit & Risk Management Committee meeting meetings in January 2020. The funding assumptions in the MTFP were subject to the Police Funding Settlement which was subsequently announced on 22 January 2020.

The settlement was higher than that provided in the MTFP by a net £3.4m, due largely to an uplift in officers towards the Prime Minister's commitment for 20,000 additional police officers. It also included a £0.8m increase in the Precept Grant. Additionally the settlement provides for future access to a further £1.2m for uplift which has been withheld and ringfenced by Home Office pending progress on recruitment.

Table 1 compares and contrasts the settlement outcome with the 19/20 settlement and the MTFP assumptions for 20/21.

The Force is updating its draft 20/21 budget for the settlement. Finalisation of this budget will be subject to confirmation of resource allocation decisions on growth posts.

The Home Office's rationale for reduction in the capital grant was that revenue grants can be used flexibly for capital purposes. The MTFP assumes a deduction of £0.4m capital grant from the costs of Force capital priorities prior to calculating the capital financing assumptions. So the £0.3m reduction in capital grant will need to be made good from the revenue settlement – or capital financing charges will need to be increased accordingly.

The net impact of the Settlement on balanced finances for 20/21 currently remains unchanged, subject to resource allocation decisions. It also makes only marginal differences to the £3m pa deficits in the subsequent years of the MTFP. An updated MTFP will be produced in line with member approval of the 20/21 Force budget.

#### Recommendation

Members are asked to note the Police Funding Settlement for CoLP and the impact this has on the MTFP.

# Agenda Item 10

| Committee(s)  | Date(s):                       |
|---|--------------------------------|
| Police Authority Board  | 27 <sup>th</sup> February 2020 |
| Subject: CoLP Provisional Revenue and Capital Budget 2020/21      | Public                         |
| Report of: Commissioner of Police Pol 21-20                       | For decision                   |
| Report author: Cecilie Booth, Chief Operating and Finance Officer |                                |

#### Summary

This report sets out the provisional revenue budget for 2020/21, for subsequent submission to the Finance Committee.

The Medium Term Financial Plan (MTFP) has been updated during 2019 with joint working between the Police Authority and the Force. The updated MTFP was presented to the Police Authority Board in November 2019, showing a deficit of £0.5m. This budget gap has now been closed for 2020/21, and there are residual deficits of approximately £3m p.a. thereafter over the life of the plan. This includes an increase in resource allocation to accommodate the growth bid of 67 new posts at a cost of £5.4m from the 2020/21 financial year. The position has been updated to reflect the 2020/21 financial settlement position including funding in respect of the national uplift.

During 2019/20, a full deep dive review has been undertaken of all police budget areas, both pay and non-pay. A Full Cost Recovery model is now in place, which will be applied to funded units and commercial / non-core activity wherever possible.

#### Recommendation(s)

That Members

- 1) note this report and
- 2) approve the provisional 2020/21 revenue budget

#### **Main Report**

#### **Background and Current Position**

1. The proposed 2020/21 revenue budget funds the key priorities within the Corporate Plan, and the starting point is based on comparable activity and resourcing levels to the 2019/20 budget, with an agreed establishment of:

840 officers 518 staff

- 2. The above includes 67 new posts as approved in the 2018/19 growth bid, but not the 44 new officers, which is the CoLP share of the 20,000 national police officer uplift. Funding for the 44 national uplift is provided for within the external settlement, as set out below in Table 2. The Force cash envelope has been increased in line with the settlement position, as have detailed budget tables. Determining the allocation of the 44 uplift across the Force will form part of a subsequent report to the Police Authority Board.
- 3. The City of London Police's Vision is to deliver an 'exceptional policing service'. The Corporate Plan 2018-2023, sets out what exceptional looks like through five detailed ambitions:
  - To make the City of London the safest city area in the world, regarded as a centre of excellence for protective security. We will use state of the art technology to protect the City of London and put us at the forefront of criminal investigation in a rapidly evolving landscape of crime.
  - To deliver a policing service that is valued by those who live, work and visit the City of London.
  - To be a police force with global influence and impact. We will use our expertise internationally through having a physical presence in key international locations to prevent crime, share best practice and thereby benefit the communities of the City of London and the UK.
  - To build new ethical economical partnerships. We will develop innovative public and private partnerships that benefit the City of London and lead to new ways of working.
  - To have an innovative, skilled and agile workforce in a culture that supports and empowers our people. We recognise this is essential and underpins the successful delivery of our ambitions. We will identify, harness, reward and retain talent, championing a culture of responsibility, inclusivity and opportunity. We will support our staff to empowered, innovative leaders.
- 4. The Transform programme is intrinsically linked to the Corporate Plan as the main vehicle through which these ambitions will be realised.
- 5. The force currently has 5 directorates:
  - Crime
  - Economic Crime
  - Uniformed Policing
  - Intelligence and Information
  - Business Support
- 6. The structure of the Force is likely to change as the Transform Programme is implemented.
- 7. The proposed budget funds both national and local priorities, and the funding is made up as follows:

| Funding Type                        | Amount (£000) | %    |
|-------------------------------------|---------------|------|
| Core Grant (inc NICC)               | 61,132        | 72%  |
| Business Rates Premium / City Fund* | 19,200        | 22%  |
| Precept grant                       | 3,450         | 4%   |
| HO Pension Grant                    | 842           | 1%   |
| CoL Contact Centre                  | 680           | 1%   |
| Legacy CTax grant                   | 80            | 0%   |
| Total Funding                       | 85,384        | 100% |

<sup>\*</sup>Including the growth bid of £5.4m. Members are being asked to increase BRP by 0.2p in £ in 2020/21, which would deliver £5m of the £5.4m. The rest would be City Fund reserves.

- 8. From the above £85.384m funding position, £0.5m has been allocated to funding capital priorities, providing a net cash envelop of £84.884m
- 9. An update on the Medium Term Financial Plan (MTFP) was presented to the Police Authority Board in November 2019, where Members noted the current financial position.

#### Latest Revenue Budget for 2019/20 and Projected Outturn

10. The Quarter 3 budget monitoring report projects a year end overspend of approximately £0.6m, which includes the full year effect of the unexpected increase in the employers' contribution to police officers pension to 31%. This also includes full use of the POCA reserve. Work continues to bring the position back within budget by the end of the year. The Q3 summary position is outlined in Table 1 below, with a detailed breakdown in Appendix 1.

#### Police Funding Settlement 2020/21

11. On the 22nd January 2020 the police funding settlement was released. This includes additional funding in respect of the officer uplift, which is the main movement from the previous MTFP. The table below summarises the settlement position and movement against assumptions.

- 12. The increase in core grant includes the additional funding to deliver the 44 officer uplift. In addition to this, ringfenced funding of up to £1.2m has been allocated to reimburse qualifying costs in respect of the uplift. This is not a guaranteed amount in 2020/21 and is to be paid quarterly in arrears, subject to recruitment progress.
- 13. Capital grant has been reduced due to a reprioritising to national priorities. This results in a reduction of £0.3m to CoLP. However, the increase in precept grant can be used to fund the capital programme if required, and this decision can be made locally.

#### Latest Revenue Budget 2019/20 and Proposed Revenue Budget for 2020/21

- 14. The 2020/21 revenue budget is summarised in Table 3 below. Further details are provided in Appendix 2 and 3. Expenditure and adverse variances are presented in brackets.
- 15. As shown in Appendix 1 and 2, the pay budget has increased from £98m in 2019/20 to £115m in 2020/21. The main reasons for this are:
  - a. Increased workforce including national uplift
  - b. Pay awards and pay progression
  - c. Increased pension costs
  - d. Vacancy factor of £1.7m across the workforce (£3.7m in 2019/20)
- 16. There is a movement between Supplies and Services and Third Party Payments, the reason for this is simply the re-allocation of costs between these two budget lines.

17. The budget does not include annual costs of £242,000 relating to the use of Middlesex Street Car Park as part of the accommodation programme. The Commissioner has written to the Chamberlain to ask for an uplift in the budget to cover these additional costs as referenced at your November Board (See OR /24/2019/P).

#### Pay Budget

- 18. The pay budget constitutes 72% of the expenditure budget and good workforce planning is an essential tool for both in managing services and the budget. The current establishment, including 67 growth posts, is 1,358 FTE, comprising 840 Officers and 518 staff. The pay budget has now been increased to reflect the uplift of 44 following release of the settlement.
- 19. The workforce is managed and monitored through the Force Strategic Workforce Panel, chaired by the Assistant Commissioner. In addition, Finance and HR staff meet regularly to reconcile the workforce baseline and to ensure all internal movements are captured.
- 20. The actual workforce levels will be reported to members throughout the year, as is current practice.

#### Non-pay Budget

- 21. A comprehensive review of the non-pay budget has been undertaken, including Income, to ensure the 2020/21 budget is adequate and fit for purpose, and to ensure budgets are accurately based on trends and outturn. This included analysing the 2018/19 outturn vs 19/20 budgets and 19/20 budgets vs 19/20 forecast.
- 22. An assessment was made as to whether variances were due to one off in-year events or genuine year on year trends which required correction.
- 23. The review also considered income budgets where income received against no budget, e.g. mutual aid income, commercial income and cash forfeitures and seized income.
- 24. Key changes to the non-pay budget includes:
  - Reducing the agency budget by £1m and re-directing the budget to fund all vacant post at top of grade and to create headroom to pay for Capital Financing
  - Increasing the ATOC budget by £0.5m in line with current requirement
  - Building in £5.7m of Transform savings across Pay and Non-Pay
  - Re-aligning budgets between Supplies and Services and Third Party payments
  - Re-alignment of income across the three income categories Specific Grants, Partnership and Fees and Charges

#### Income

25. The Force receives income and funding from a range of sources, as set out in Table 4 below. As and when there is a negotiation point in existing contracts or

- as and when existing contracts are due to expire, the Full Cost Recovery model will be applied as a starting point for negotiation.
- 26. Negotiations with external funders may improve some of the funding streams shown below.
- 27. All the funding streams shown in Table 3 are confirmed for 2020/21 except the Bank of England contract which may be terminated at the end of the 2020 calendar year.

#### Note:

\*£23m Police Pension grant relates to the contribution to the Officers pension scheme which is fully funded by Home Office grant. This has increased from £20.4m in 2019/20 to £23m in 2020/21. Additionally, the 2020/21 budget incorporates the 2019/20 increase in employer contribution rates for officers to 31% and £1m additional costs will be recharged to funders.

#### **Capital Programme**

28. New arrangements for financing the Capital Programme have been introduced from 2020/21. Capital expenditure (excluding Secure City and the Accommodation Programme) will be funded from a loan arrangement between COL and CoLP, with an annual borrowing cap of £5m. The proposed 5 year Capital Programme summary is shown in Table 5 below and the detailed Capital programme can be found in Appendix 4.

#### **Transform Programme**

29. In January 2018 CoLP launched the Transform Programme with a view to design and implement a new operating model for the Force, preparing it to meet the future challenges of policing the Square Mile as well as national responsibilities around economic crime and protective security.

The following high-level benefits were agreed:

- Improved effectiveness
- Improved efficiency
- Improved legitimacy
- 30. The programme has progressed through six strands of work which collectively encompass the Force's policing services; they are: *Intelligence Services; Contact and Resolution Services; Response Services; Investigation Services; Prevention / Reassurance / Engagement Services (PRE) Services;* and Support and Enabling Services.

31. The financial implications (savings) identified through the Transform Programme have been incorporated in the 2020/21 Savings Tracker (totalling £5.7m), as shown in Appendix 5. A working party has been established to oversee and monitor the Savings Tracker, and regular updates will be presented to Members via the quarterly budget monitoring reports.

#### Savings Tracker

- 32. The required budget savings of £5.7m are shown in Appendix 5, and all savings will be delivered through the Transform Programme.
- 33.A savings working group, chaired by the Chief Operating and Chief Financial Officer Cecilie Booth, has been established. The group meets monthly, and each savings area has been allocated to one accountable person who is responsible for securing the saving. Attendance at the monthly meetings is mandatory. The narrative and action plan for the overall savings tracker is updated at each meeting to reflect progress.

#### Reserves

- 34. Police General Reserves were fully utilised in 2018/19.
- 35. It is anticipated that the Proceeds of Crime Act (POCA) reserve will be fully utilised in 2019/20 to fund the half year effect of the growth bid and if possible, other residual overspends.

#### **Summary**

At your January Police Authority Board, Members received a report and the draft City of London Police (CoLP) Policing Plan 2020-23 9Pol 07-20 refers). Members gave some feedback at the meeting but were asked to feed back any detailed comments either via the Town Clerk's office or directly to the CoLP Head of Strategic Planning. The Head of Strategic Planning is currently in the process of working through and considering all comments and suggested amendments received and working to make updates and include the revised budget position.

As there is no Police Authority Board in March, the Force is seeking Members approval to delegate authority to the Town Clerk, in consultation with the Chairman and Deputy Chairman of the Police Authority Board, to approve the final City of London Policing Plan 2020-23. However, the Force will re-circulate the final plan to Members for information, via the Police Authority Team and Town Clerk's office, prior to initiating the requested sign off via delegated authority.

#### Recommendation

- 1) Members are asked to delegate authority to the Town Clerk, in consultation with the Chairman and Deputy Chairman of the Police Authority Board, to approve the final City of London Policing Plan 2020-23.
- 2) Note that the Policing Plan will be published on 1st April 2020.

#### **Main Report**

#### **Background**

1. Legislation requires Police and Crime Commissioners to publish police and crime plans in place of traditional policing plans<sup>1</sup>. That requirement does not apply to the Court of Common Council in its capacity as policy authority for the City of London. The Force and your Board continues to be governed by the relevant sections of the Police Act 1996 with respect to the publication of policing plans.<sup>2</sup> However, where possible the Force and Authority has resolved to align the format of its policing plan with the general requirements of policing and crime plans.

<sup>&</sup>lt;sup>1</sup> Police Reform and Social Responsibility Act 2011

<sup>&</sup>lt;sup>2</sup> S. 6ZB Police Act 1996 (as amended by the Police Reform and Social Responsibility Act 2011)

- 2. The responsibility for drafting the policing plan and advising a police authority on its contents remains with the Commissioner of Police. However, guidance and legislation is clear that the police authority must approve and subsequently own the published plan.
- 3. At your January Police Authority Board, Members received a report and the draft City of London Police Policing Plan 2020-23. Members gave some feedback at the meeting but were asked to feed back any detailed comments either via the Town Clerk's office or directly to the CoLP Head of Strategic Planning.
- 4. Members were reminded of how the plan had been developed including the Strategic Threat and Risk Assessment process and also their role in the process, including a Workshop with Members and Officers on the 18<sup>th</sup> October 2019.

#### **Current Position**

- 5. The Head of Strategic Planning is currently in the process of working through and considering all comments and suggested amendments received and working to make updates and include the revised budget position. Members will recall that the Home Office settlement figure was received on the 22<sup>nd</sup> January, on the afternoon of the day of your last Police Authority Board.
- 6. As there is no Police Authority Board in March, the Force is seeking Members approval to delegate authority to the Town Clerk, in consultation with the Chairman and Deputy Chairman of the Police Authority Board, to approve the final City of London Policing Plan 2020-23.
- 7. However, the Force will re-circulate the final plan to Members for information via the Police Authority Team and Town Clerk's office, prior to initiating the requested sign off via delegated authority.

#### Publishing the plan

8. Forces no longer produce hard copies of policing plans with the norm being for plans to be published on force and authority websites. Hard copies can be made available on request, although this is usually limited to a simple print of the PDF document on the website. There have not been any external requests for hard copies of any of the policing plans over the past ten years. The plan will be published on the 1st April 2020 and submitted to the April meeting of the Court of Common Council for Information.

#### Conclusion

9. Issuing and publishing a Policing Plan remains a statutory obligation on the Force and Court of Common Council in its capacity as police authority. The Policing Plan appended to this report is compliant with current guidance on those matters policing plans must address. Accordingly, your Board is invited to adopt the proposed Plan as the Policing Plan for the City of London.

#### **Summary**

This report reviews the use of the City's permanent Anti-Terrorism Traffic Regulation Order (ATTRO) in 2019, as well as whether it should be retained more generally going forward.

The ATTRO authorises the City Police to potentially control the movement of pedestrians and vehicles on City streets for counter terrorism purposes and was originally requested as part of a package of measures aimed at both improving the security of people in crowded places & preventing damage to buildings from a potential terrorist attack.

Members approved the ATTRO in 2016 on the basis that the City Corporation's area was particularly vulnerable to terrorism due to its highly dense nature and the concentration of high profile, historic, prestigious and financial targets that can be found throughout the Square Mile.

Matters since would suggest this assessment has not changed, albeit the use of the ATTRO has been limited to a small number of high-profile special events. In 2019, it was only used for the New Year's Eve celebrations as part of the wider Metropolitan Police-led operation, but from a City Police perspective, retaining the permanent ATTRO remains important because it affords them the ability to react quickly, if the intelligence necessitates it, to protect the public.

When the ATTRO was written, it did not have a specific end or review date, but in response to the last annual summary report in January 2019, Members requested that this year's report decide upon the continuing need for the ATTRO to remain in place. As a result, this year's report is For Decision by the Streets & Walkways and Policy & Resources Committees.

#### Recommendation(s)

Members are recommended to approve the continued use of the ATTRO subject to a further review in three years' time.

#### **Main Report**

#### **Background**

- In September and October 2016, the Planning & Transportation Committee (for decision), the Police Committee (for information) and the Policy & Resources Committee (for decision) discussed and agreed to the creation of an Anti-Terrorism Traffic Regulation Order (ATTRO) in the City Corporation area.
- 2. This was in response to a request from the Commissioner of the City Police in July 2015 to introduce such an order and followed a statutory public consultation.
- 3. The Commissioner's request was informed by advice received from his counter-terrorism security advisors, including the Centre for the Protection of National Infrastructure (CPNI). The advice related to the whole administrative area of the City and was in the context of the potential impact of terrorism due to the City's intensely crowded nature and its role as a high-profile world centre of economic activity.
- 4. The ATTRO is a counter terrorism measure pursuant to the provisions of the Civil Contingencies Act 2004, which allows traffic orders to be written by the Traffic Authority under s6, s22C and s22D of the Road Traffic Regulation Act 1984. These orders can only be made on the recommendation of the Commissioner of Police, and are for the purposes of:
  - Avoiding or reducing the likelihood of, or danger connected with, terrorism, or:
  - Preventing or reducing damage connected with terrorism.
- 5. On the basis of a security assessment or an intelligence threat, the ATTRO gives a City Police Inspector or above the discretion to restrict traffic and / or pedestrians to all or part of any street in the City. That discretion must be exercised in accordance with an agreed protocol so that any interference is proportionate and that such restrictions are in place for the minimum extent and time necessary.
- 6. The Commissioner requested the ATTRO be put in place on a permanent basis, but that its use be contingent on it only being used as a proportional counter terrorism response to the needs of an event, incident or item of intelligence. Transport for London also agreed to allow the City Corporation to include their streets within the Square Mile as part of the ATTRO area.
- 7. The permanent ATTRO allows the controls to be activated at any time, albeit in accordance with an agreed protocol that reflects the statutory requirements for making such an order. Nevertheless, its permanent nature enables speedier activation of security measures to meet operational requirements given the unpredictability of the current terrorist threat.

8. Members agreed to making the ATTRO on two key conditions, namely that an annual review be presented to Members, and as part of that review, there should be confirmation that the ATTRO had been used in a proportionate way.

#### **Current Position**

- 9. The protocol established for using the ATTRO allowed for two main types of scenario, namely for intelligence-based Police led urgent situations and for preplanned special events. In terms of the former scenario, the permanent City ATTRO has yet to be used to implement controls as a result of advance intelligence.
- 10. In terms of special events, it was agreed that the ATTRO could be used to supplement the City Corporation and TfL's existing event planning process. This process would typically include a separate pre-advertised temporary traffic regulation order (TTRO) granted to the organiser to close roads just to facilitate the event. In such circumstances, the ATTRO could be used to authorise additional protective security measures, such as the control of pedestrian movements which would not typically form part of the standard event TTRO, and / or additional road closures that might be deemed appropriate nearer the event.
- 11. Since its introduction in 2016, the City Police Commissioner has only requested that the ATTRO be used on eight separate occasions, all in relation to a particular special event. Four of those requests involved the annual New Year's Eve celebrations as part of the Metropolitan Police-led operation across Central London. The other four were all in 2017 and related to:
  - The funeral of PC Keith Palmer at Southwark Cathedral
  - The IAAF Marathon
  - The Lord Mayor's Show & Fireworks
  - The Grenfell Tower Memorial Service at St Paul's Cathedral
- 12. Post-event feedback would suggest the additional powers contained in the ATTRO were used sparingly and there was no noticeable or negative impact on the general public. In accordance with the agreed protocol, none of the uses of the ATTRO exceeded 48 hours, which would otherwise have triggered a review by the Town Clerk & Commissioner.

#### **Proposal**

- 13. Given the ATTRO has only been used for New Year's Eve in the last two years and had limited consequential impact both times, it would appear the ATTRO powers continue to be used proportionately and that a fair balance is being struck between the public interest and an individual's rights.
- 14. Nevertheless, despite its infrequent use, the City Police and City Corporation believe the ATTRO should be retained as it gives the City of London Police the ability to respond quickly to an emerging terrorist threat, providing enhanced protection (if needed) and reassurance to the public.

#### **Corporate & Strategic Implications**

- 15. Counter Terrorism is graded as a tier one threat against our country as per the National Strategic Policing Requirements set by the Home Office. Nationally and locally, there is an appropriately strong expectation that the threat of terrorism is met by an equally appropriate and proportionate response by the police and our partners.
- 16. The Government's Contest Strategy aims to reduce the risk to the UK and its interests overseas from terrorism, so people can go about their daily lives freely and with confidence. The City of London Police, part of the London counter terrorism region, supports the Contest Strategy through the four P's approach of Pursue, Prevent, Protect and Prepare. Protective Security as a theme, and therefore the ATTRO, fits firmly under Protect element of the Government's Contest Strategy.
- 17. The number one ambition of the City of London Police's Corporate Plan is 'to make the City of London the safest place in the world'. This includes having all the tools available to rapidly mitigate risk and to protect the public.
- 18. The City of London's historical, cultural and economic importance means it will always be an attractive target for those who are intent on causing high profile disruption. By continuing to protect the City of London from terrorism we will continue to protect the UK's interests as a whole. In terms of prevention, the City of London Police plan states 'we will continue to develop different ways to engage and work with partners in a coordinated way to deter, detect and disrupt terrorist activity'.
- 19. The City of London Local Plan 2015 aims to ensure that the City remains a safe place to live, work and visit. Core Strategic Policy CS3 makes specific provision for implementing measures to enhance the collective security of the City against terrorist threats, applying measures to broad areas, including the City as a whole. The Policy also encourages the development of area-based approaches to implementing security measures.
- 20. The risk of terrorist attack remains at the top of the current Corporate Strategic Risk Register because of the City's concentration of high profile, historic, prestigious and financial targets. In addition, the City's Corporate Plan 2018-2023 reiterates the key aims of ensuring people are safe & feel safe and that we protect the users of our buildings, streets & public spaces.
- 21. Otherwise, the legal implications on the use of the ATTRO remain unchanged from the original 2016 report and are repeated in Appendix 1 for reference.

#### Conclusion

22. Given the limited number of occasions on which the ATTRO has been used since 2016 and the limited impact on the general public's freedom of movement on each occasion, the evidence would suggest the ATTRO powers have been used

- proportionately and to the minimum extent necessary in accordance with both the statutory requirements and Members' wishes.
- 23. However, due to the exceptional environment of the Square Mile, the City of London remains particularly vulnerable to terrorist attack, and as a result, the City's permanent ATTRO should be retained as an appropriate measure to enable the Commissioner of Police to more readily and better protect the City community.

#### **Appendix 1: ATTRO Legal Considerations**

- Statutory power to make the ATTRO Sections 6, 22C and 22D of the Road Traffic Regulation Act 1984 (as amended by the Civil Contingencies Act 2004) enables traffic orders to be put in place by the traffic authority for the purposes of avoiding or reducing the likelihood of danger connected with terrorism, or preventing or reducing damage connected with terrorism.
- 2. Statutory duties of traffic authority As traffic and highway authority, the City Corporation has the duty to secure the expeditious, convenient and safe movement of traffic (having regard to the effect on amenities) (S122 Road Traffic Regulation Act 1984) and the duty to secure the efficient use of the road network avoiding congestion and disruption (S16 Traffic Management Act 2004). The Schedule to the ATTRO sets out requirements aimed at meeting these duties by ensuring that any restrictions will be the minimum necessary to remove or reduce the danger and are consistent with the statutory requirements for making such Orders. In implementing the ATTRO the traffic impacts of restricting or prohibiting traffic to roads within the City, including, potentially, pedestrian traffic, should be considered. In the event of a threat, the disruption to traffic flow would also have to be weighed against the threat of more severe disruption and greater risk being caused due to failure to prevent an incident.
- 3. <u>Further controls</u> The Schedule to the draft ATTRO requires that in most cases at least seven days' notice of any restrictions must be given to persons likely to be affected (unless this is not possible due to urgency or where the giving of notice might itself undermine the reason for activating the ATTRO), and notice must also in any event be given to the City, TfL and other affected traffic authorities.
- 4. Human Rights and Proportionality In considering the request for the ATTRO, there is a duty to act in accordance with the European Convention on Human Rights. In relation to possible restriction of access to property, any interference with Article 1 rights to enjoyment of property must be justified. Interference may be regarded as justified where it is lawful, pursues a legitimate purpose, is not discriminatory, and is necessary. It must also strike a fair balance between the public interest and private rights affected (i.e. be proportionate). It is considered that the public interest in being protected by the existence and operation of the ATTRO can outweigh interference with private rights which is likely to occur when restrictions are in operation. The scope of restrictions must be proportionate and should only last until the likelihood of danger or damage is removed or reduced sufficiently in the judgment of a senior police officer. The Schedule to the ATTRO sets out arrangements (further expanded in the Protocol) for ensuring that any interference is proportionate. Given the risks to life and property which could arise if an incident occurred, and the opportunity provided by the ATTRO to remove or reduce the threat of and/or impacts of incidents, it is considered that the ATTRO can be justified and any resulting interference legitimate.
