#### **5. TREASURY MANAGEMENT UPDATE AS AT 31 OCTOBER 2021**

The Board received a report of the Chamberlain providing a summary of the City of London Corporation's treasury management portfolio (investments) as at 31 October 2021. The Chamberlain introduced the report and drew Members' attention to the key points. The Board noted that capital financing requirements

were likely to change as the City of London Corporation moved through the Medium-Term Financial Plan.

The Chamberlain advised that the key metric used for measuring interest rate risk on bond funds was duration, with a 1% increase in interest rates generally approximated as equalling a 3% decrease in value. However, this was offset by treating these investments as longer-term holdings. In response to a question from a Member, the Chamberlain advised that there were two tranches of Crossrail funding outstanding for City's Cash, which were still currently invested and would be paid on completion.

A Member queried whether the recent increase in inflation had impacted officers' views in respect of Treasury Management strategy. The Chamberlain responded that officers intended to review all conditions and circumstances for the next Treasury Management strategy in 2022 to assess whether any measures were required to prevent any gradual erosion of cash balances.

**RESOLVED** – That the report be noted.

**6. MID-YEAR TREASURY MANAGEMENT REVIEW 2021/22**

The Board received a report of the Chamberlain presenting the Mid-Year Treasury Management review for 2021/22, noting that this was a requirement under the CIPFA Code of Practice on Treasury Management. The Chamberlain introduced the report and outlined the key points for Members. The Board noted that officers were not recommending any changes to the Treasury Management strategy for the second half of the year.

**RESOLVED** – That the report be noted.

**7. RISK REGISTER FOR FINANCIAL INVESTMENT BOARD**

The Board considered a report of the Chamberlain reviewing the key Risk Register for the Financial Investment Board. The Chamberlain introduced the report and outlined amendments and continuities on the Risk Register since the previous review.

The Deputy Chairman commented that consideration should be given to amending the Risk Register to separate out the three funds, as the fundamental risks affecting each fund were different, although there were some common risks. The Deputy Chairman also suggested adding a longer-term risk relating to sustainability of strategy, which would separate environmental and governance issues. A Member then commented that the risk in respect of targeted returns should include additional commentary regarding the investment consultant advice around asset allocation. The Chamberlain advised that officers would take Members' feedback away, with higher-level amendments to be brought to the February meeting of the Board and a view to introducing longer-term changes following the Court of Common Council elections in March 2022.

**RESOLVED** – That the Financial Investment Board:

- a) Review the existing risks and actions present on the Financial Investment Board's Risk Register, and confirm that appropriate control measures are in place; and
- b) Confirm that there are no further risks relating to the services overseen by the Financial Investment Board.
