

## Digital Services Sub (Finance) Committee Informal Meeting

**Date:** FRIDAY, 28 MAY 2021

**Time:** 1.45 pm

**Venue:** VIRTUAL PUBLIC MEETING (ACCESSIBLE REMOTELY)

**Members:** Randall Anderson (Chairman) Alderman Prem Goyal  
Alderman Sir Peter Estlin (Deputy Chairman) Deputy Jamie Ingham Clark  
Rehana Ameer Jeremy Mayhew  
Deputy Roger Chadwick Dawn Wright

**Enquiries:** Antoinette Duhaney  
antoinette.duhaney@cityoflondon.gov.uk

### Accessing the virtual public meeting

Members of the public can observe this virtual public meeting at the below link:

<https://youtu.be/-egskypalsw>

This meeting will be a virtual meeting and therefore will not take place in a physical location. Any views reached by the Committee today will have to be considered by the Chamberlain after the meeting in accordance with the Court of Common Council's Covid Approval Procedure who will make a formal decision having considered all relevant matters. This process reflects the current position in respect of the holding of formal Local Authority meetings and the Court of Common Council's decision of 15th April 2021 to continue with virtual meetings and take formal decisions through a delegation to the Town Clerk and other officers nominated by him after the informal meeting has taken place and the will of the Committee is known in open session. Details of all decisions taken under the Covid Approval Procedure will be available online via the City Corporation's webpages.

A recording of the public meeting will be available via the above link following the end of the public meeting for up to one municipal year. Please note: Online meeting recordings do not constitute the formal minutes of the meeting; minutes are written and are available on the City of London Corporation's website. Recordings may be edited, at the discretion of the proper officer, to remove any inappropriate material.

**John Barradell**  
Town Clerk and Chief Executive

# AGENDA

## Part 1 - Public Agenda

1. **APOLOGIES**

2. **MEMBERS' DECLARATIONS UNDER THE CODE OF CONDUCT IN RESPECT OF ITEMS ON THE AGENDA**

3. **MINUTES OF THE PREVIOUS MEETING**

To agree the public minutes and non-public summary of the meeting held on 26th March 2021.

**For Decision**  
(Pages 5 - 10)

4. **OUTSTANDING ACTIONS FROM PREVIOUS MEETINGS**

Joint report of the Town Clerk and the Chamberlain.

**For Information**  
(Pages 11 - 12)

5. **WORK PROGRAMME FOR FUTURE MEETINGS (MAY 2021)**

Report of the Chamberlain.

**For Information**  
(Pages 13 - 14)

6. **DIGITAL ADOPTION DASHBOARD FOR THE CITY OF LONDON CORPORATION**

Presentation by the Chamberlain.

**For Information**  
(Pages 15 - 28)

7. **NEW TELEPHONY SOLUTION (TO FOLLOW)**

Report of the Chamberlain

**For Decision**

8. **GATEWAY REPORTS**

8a Audio Visual Refresh for City of London Police  
Report of the Chamberlain.

**For Information**  
(Pages 29 - 46)

9. **IT DIVISION - IT SERVICE DELIVERY SUMMARY**

Report of the Chamberlain

**For Information**  
(Pages 47 - 56)

10. **IT DIVISION RISK UPDATE**

Report of the Chamberlain.

**For Information**  
(Pages 57 - 64)

11. **QUESTIONS ON MATTERS RELATING TO THE WORK OF THE SUB  
COMMITTEE**

12. **ANY OTHER BUSINESS THAT THE CHAIRMAN CONSIDERS URGENT**

13. **EXCLUSION OF THE PUBLIC**

MOTION - That under Section 100(A) of the Local Government Act 1972, the public be excluded from the meeting for the following items on the grounds that they involve the likely disclosure of exempt information as defined in Part I of Schedule 12A of the Local Government Act.

**For Decision**

**Part 2 - Non-Public Agenda**

14. **NON-PUBLIC MINUTES OF THE PREVIOUS MEETING**

To agree the non-public minutes of the meeting held on 26th March 2021.

**For Decision**  
(Pages 65 - 68)

15. **CORPORATE WAN CONTRACT EXTENSION**

Report of the Chamberlain.

**For Decision**

(Pages 69 - 76)

16. **CR 16 INFORMATION SECURITY RISK - DEEP DIVE**

Report of the Chamberlain.

**For Information**  
(Pages 77 - 110)

17. **GATEWAY REPORTS**

17a OPN Replacement - Request for Delegated Authority

Report of the City Surveyor.

**For Decision**  
(Pages 111 - 112)

17b Law Enforcement Community Network (LECN) (Pages 113 - 130)

Report of the Chamberlain.

**For Information**  
(Pages 113 - 130)

18. **NON-PUBLIC QUESTIONS ON MATTERS RELATING TO THE WORK OF THE  
SUB COMMITTEE**

19. **ANY OTHER BUSINESS THAT THE CHAIRMAN CONSIDERS URGENT AND  
WHICH THE SUB COMMITTEE AGREE SHOULD BE CONSIDERED WHILST THE  
PUBLIC ARE EXCLUDED**

## DIGITAL SERVICES SUB (FINANCE) COMMITTEE

Friday, 26 March 2021

Minutes of the meeting of the Virtual Digital Services Sub (Finance) Committee held  
on Friday, 26 March 2021 at 11.00 am

### Present

#### Members:

Randall Anderson (Chairman)  
Alderman Sir Peter Estlin (Deputy Chairman)  
Deputy Keith Bottomley  
Deputy Roger Chadwick  
John Chapman  
Deputy Jamie Ingham Clark  
Hugh Morris  
James Tumbridge  
Dawn Wright

#### Officers:

Sean Green	- Chamberlain's Department
Carol Boswarthack	- Community & Children's Services Department
Gary Brailsford-Hart	- City of London Police
Lorraine Brook	- Town Clerk's Department
Jonathan Chapman	- Chamberlain's Department
Lorenzo Conigliaro	- City of London Police
Sarah Greenwood	- Community & Children's Services Department
Sonia Virdee	- Chamberlain's Department
Antoinette Duhaney	- Town Clerk's Department

#### 1. APOLOGIES

Apologies were received from Rehana Ameer and Sylvia Moys.

#### 2. MEMBERS' DECLARATIONS UNDER THE CODE OF CONDUCT IN RESPECT OF ITEMS ON THE AGENDA

There were no declarations.

#### 3. MINUTES OF THE PREVIOUS MEETING

**RESOLVED** - That the public minutes and non-public summary of the meeting held on 16 November 2020 be approved as an accurate record.

## Matters arising

In response to GDPR concerns raised by Members, Officers reported that Mailchimp and Survey Monkey was used by a small number of staff and Officers undertook to circulate the legal opinion on this matter to Members.

RESOLVED – That Officers circulate the legal opinion in respect of GDPR concerns on this matter to Members.

### 4. **OUTSTANDING ACTIONS**

The Sub Committee considered a joint report of the Town Clerk and the Chamberlain outlining outstanding actions and targets for completion.

RESOLVED – That the Sub Committee notes the report.

### 5. **FORWARD PLAN - MARCH 2021**

RESOLVED – That the Sub-Committee notes the report.

### 6. **MODERN.GOV APP - DIGITAL ACCESS TO COMMITTEE DOCUMENTATION**

The Sub Committee considered a report of the Town Clerk looking at ways to enhance user participation at committee meetings and support paper-free ways of working for Members and Officers.

During the course of debate, the following observations were made by Members:

- The user access/interface from non-CoL devices was unpredictable;
- On some occasions, hard copies of agenda packs were required;
- It was a challenge to keep track of papers when follow up supplements were circulated in separate emails;
- Page numbering of agenda packs when viewed via the Mod.gov App were different from numbering when viewed as a pdf email for example;
- Non-public reports were not always visible.

In response to comments and questions from Members, Officers stated that once physical/hybrid meetings resumed, it would be possible to gauge the level of need for paper agenda packs. Non-public papers could be viewed via the Mod.gov app and assistance was available for any Members who were not able to view Non-public documents. At present, confidential papers were not uploaded to Mod.gov and going forward, Members would have to decide whether to upload confidential papers which could then be accessed by all Members. Settings could be adjusted easily to ensure consistency in page numbering across all platforms when viewing papers.

Although Members were encouraged by progress thus far, it was felt that:

- a) the pilot should be extended to all members including co-optees;
- b) a status update should be provided to the next meeting;
- c) the pilot should be extended beyond June 2021, if felt necessary.

**RESOLVED –**

1. That all current members of the Court of Common Council and Co-opted Members participate in a pilot from March to the end of June 2021 and use the Modern.gov app to view/manage all committee-related documentation.
  2. That Members provide feedback to the Committee and Member Services and IT-Technology Support Teams about their user experience by the end of June 2021.
  3. That Members attend training, where necessary, to support use of the Modern.gov app.
  4. That a status update be presented to the next Digital Services Sub Committee on 28 May 2021.
  5. That the pilot should be extended beyond June 2021, if felt necessary.
  6. That a report, setting out feedback from the pilot and an assessment of its future use from both a user and digital solution perspective, be submitted to the Digital Services Sub-Committee on 23 July 2021.
  7. That subject to the outcomes of the pilot, the Sub Committee makes recommendations to the Finance Committee and the Court of Common Council that a paper-free approach (unless by exception) by all Members and officers, in respect of access to committee papers, be adopted by March 2022.
7. **DIGITAL SERVICES STRATEGIC ROADMAP FOR THE CITY OF LONDON CORPORATION**
- The Sub Committee considered a report of the Chamberlain outlining a proposed Digital Services Strategic Roadmap, developed as a coherent guide to the full digital transformation of public-facing and back office internal services.

In presenting the report, Officers advised that having reflected on the achievements of the previous strategy and building on lessons learned from the previous strategy, a new Digital Services Strategic Roadmap, informed by workshops had been developed. Officers also highlighted that Item 10C of the agenda for this meeting was presented to the Efficiency & Performance Sub Committee on 26 February 2021 and going forward, benefits accrued from the

new Digital Services Strategic Roadmap would be considered by the Efficiency & Performance Sub Committee.

Members stressed the need for feedback mechanisms to take forward the digital agenda and shape the future direction of travel.

**RESOLVED** – That Members

1. Approve the City of London Corporation's Digital Services Strategic Roadmap accompanying this report as the basis in principle for the digital transformation of the CoLC's services.
2. Support the IT Director in setting the expectation amongst CoLC Officers and Members that this roadmap shall be used as a guide for any local digital transformation initiatives within their own services.
3. Support the IT Director in setting the expectation amongst CoLC Officers and Members that the CoLC's IT Director shall be notified of any such local digital initiatives, with a collaborative approach being taken to enable the widest benefits.
4. Note that a separate but related report will be presented on the CoLP Digital Services Strategic Roadmap which currently awaits agreement from the CoLP Senior Management Board.

**8. DIGITAL INCLUSION PROJECT - REFERENCE FROM COMMUNITY AND CHILDREN'S SERVICES COMMITTEE (5 MARCH 2021)**

The Sub Committee considered a report from the Community & Children's Services Committee regarding proposals to increase digital literacy.

Officers reported that a working group was exploring a number of measures to increase digital access for pupils including the possibility of repurposing unused CoL devices.

**RESOLVED** –

1. That the current activity in place to support digital inclusion for City residents and the approach set out to develop and deliver a programme of support be noted.
2. That consideration be given to donating redundant City of London Corporation laptops to Community Services sites as part of the digital inclusion project.

**9.1 IT Division - IT Service Delivery Summary**

The Sub Committee considered a report from the Chamberlain outlining service incidents for CoL and CoLP.

**RESOLVED** – That the Sub Committee notes the report.

## 9.2 IT Division Risk Update

The Sub Committee considered a report from the Chamberlain detailing risks and mitigation measures for the IT Division.

**RESOLVED** – That the Sub Committee notes the report.

## 9.3 An IT and Digital Roadmap for More Efficient Ways of Working

The Sub Committee considered a report from the Chamberlain outlining potential opportunities for more efficient ways of working.

**RESOLVED** – That the Sub Committee notes the report.

## 10. QUESTIONS ON MATTERS RELATING TO THE WORK OF THE SUB COMMITTEE

There were no questions.

## 11. ANY OTHER BUSINESS THAT THE CHAIRMAN CONSIDERS URGENT

There were no items of urgent business.

## 12. EXCLUSION OF THE PUBLIC

**RESOLVED** - That under Section 100(A) of the Local Government Act 1972, the public be excluded from the meeting for the following items on the grounds that they involve the likely disclosure of exempt information as defined in Part I of the Schedule 12A of the Local Government Act.

Item No(s)	Paragraph(s) in Schedule 12A
12 – 20	3

**The meeting ended at 12.21 pm**

# Agenda

- Digital Adoption Measures Internally
- Digital Adoption Measures Externally
- Future Digital Metrics for the Corporation

# Executive Summary

- With COVID digital ways of working has seen significant growth but not consistently across all departments – we need to consider what more we can do to support and encourage the departments where Teams messaging and use of Sharepoint is lower
- There is a proposal to move staff from use of shared drives to Sharepoint as we move to the new structures with the new TOM
- Online transactions increasing in importance from a low base as historically not seen as priority for the Corporation
- With the launch of the new Digital Services Strategic roadmap we will be creating metrics (see slide 13) that we will can benchmark with other London Councils for that side of our business and wider if we look at culture and tourism in the future

# Future Digital Maturity Measures ( Both internal & external services )

	<b>E-Government</b> Percentage of Services Online	<b>Open</b> Number of Open Datasets	<b>Data-Centric</b> %age Improvement in Outcomes, KPIs	<b>Fully Digital</b> %age New & Retired Services	<b>Smart</b> Number of New Service Models
<b>Engagement</b>	Degree of channel shift; use of online feedback form	Publish aggregate feedback scores by service & ward	Customer accounts; personalised & localised comms	More use of new comms channels; less use of old ones	Use of nudge to change perceptions & behaviours
<b>Reach</b>	Anywhere, anytime (staff: field & home; customer: mobile)	Publish data on service use by place & time	Data used to deploy staff to right place at right time	More staff in the field; more use of IoT	Peer support using distributed tools & info
<b>Insight</b>	Use of performance data to identify service weaknesses	Track how open data sets are being used	Dashboards in common use for decision-making	Fewer info queries; more info self-service	Customers have real-time info on impact of actions
<b>Co-ordination</b>	Service forms online; self-service where appropriate	Publish demand & performance data	Data being shared with partners for better performance	Fewer manual services collating & reporting info	Service provision offloaded to partners
<b>Automation</b>	Use of back-office APIs where available	Number of datasets published automatically	Processing throughput up; error rates down	New AI services	Automated decision-making by open algorithms

<b>Subject:</b> Audio Visual Refresh for City of London Police	<b>Gateway 1-5 Authority to Start Work</b> Regular
<b>Unique Project Identifier: PV ID 12264</b>	<b>For Decision</b>
<b>Report of:</b> Chamberlain <b>Report Author:</b> Phil Pettit	

## Recommendations

<p><b>1. Approval track, next steps and requested decisions</b></p>	<p><b>Project Description:</b> The design and installation of a high-quality Audio-Visual solution for Meeting Rooms across the City Of London Police estate, allowing the effective use of Microsoft Teams, including audio and video meetings as well as the ability to live stream and record meetings.</p> <p><b>Funding Source:</b> This project is funded via the 2020/21 Loan facility provided by City Fund for Police and approved by Resource Allocation Sub-Committee on the 9th July 2020. It was previously approved as part of a portfolio of capital investment by the Police Authority Board on 22 January 2020. Approval to carry forward the loan funding into 2021/22 was agreed by Resource Allocation Sub Committee on 2<sup>nd</sup> March 2021 and approval to its release has been delegated to the Chamberlain and CoLP Chief Operating Officer following agreement of this gateway report.</p> <p><b>Next Gateway:</b> Gateway 6</p> <ol style="list-style-type: none"> <li>1. Approve a project budget of £123.2k (excluding risk)</li> <li>2. Approve a costed risk provision of £12.3k with draw down to be delegated to CoLP Chief Operating Officer.</li> <li>3. That Option 1 for the installation of audio-visual equipment to the City of London Police estate is approved</li> </ol>
---	---

<b>2. Budget</b>			
	<b>PROJECT</b>	<b>Category</b>	<b>TOTAL</b>
		Equipment	£77,000
		Cabling and installation	£46,200
		Risk	£12,300
		<b>£135,500</b>	
<b>3. Governance arrangements</b>	<p>Senior Responsible Officer : Jonathan Chapman, Interim Head of Police IT</p> <p>Project Manager : Delivery of the project will be managed by RedSixty, with oversight by the Head of Police IT (interim)</p> <p>Service Committee : Police Authority Board</p>		
<b>4. Progress reporting</b>	<p>Monthly updates to be provided via Project Vision and any project changes will be sought by exception via Issue Report to Spending and Projects Sub Committees</p>		

**Project Summary**

<b>5. Context</b>	<ol style="list-style-type: none"> <li>1. Microsoft Teams functionality is currently being introduced to the City of London Police under the IT Modernisation Programme providing a range of collaboration functions, including audio and video conferencing capabilities</li> <li>2. The force currently have very limited and outdated collaboration tools within only a few of their meeting rooms making group collaboration both internally and externally virtually impossible affecting both operational capability and reputation.</li> <li>3. The Capital bid for funding to deliver improved Audio-Visual capability was made prior to the COVID-19 outbreak. Since the outbreak and the extended necessity for non-uniformed staff to work remotely, the demand of audio-visual capability such as Microsoft Teams meetings has increased dramatically.</li> <li>4. With non-uniformed staff continuing to work from home wherever possible, equipping the meeting rooms will improve the capability of officers on-site and remote to collaborate.</li> <li>5. The solution will also enable briefings to be conducted with uniformed officers simultaneously across multiple locations enabling social distancing.</li> <li>6. This project follows on from similar work across the Guildhall. The project has been timed to follow on from</li> </ol>
-------------------	---

*This document can only be considered valid when viewed via the CoL Intranet website. If this is printed into hard copy or saved to another location, you must check that the effective date on your copy matches that of the one on-line.*

	the IT Modernisation programme now in the last stages of delivery for the Police.
<b>6. Brief description of project</b>	<ul style="list-style-type: none"> <li>• The project includes the design and implementation of an audio and video conferencing solution to key meeting rooms across the City of London Police estate including New Street, Bishopsgate and GYE.</li> <li>• The solution will require an element of cabling, which will utilise the existing data ports where possible</li> <li>• The solution would utilise the existing functionality of Microsoft Teams to record meetings, provide transcriptions and live stream meetings if required.</li> <li>• The solution will allow the decommission and removal of an existing ageing solution enabling Audio-Visual capability between COLP offices only</li> </ul>
<b>7. Consequences if project not approved</b>	If the project was not approved, the force would not benefit from the advanced collaboration opportunities provided by the Teams functionality, and limit capability to work more closely and effectively with the City Corporation, other forces, government departments and other national and local agencies. The force would also not benefit from the ability to give Audio-Visual briefings across the estate.
<b>8. SMART project objectives</b>	<ul style="list-style-type: none"> <li>• To provide the functionality to establish and join meetings through Microsoft Teams, if required.</li> <li>• To significantly reduce the need for physical officer attendance at meetings, allowing Officers to remotely join the Teams meeting for the relevant items only.</li> <li>• The impact of Coronavirus has led to a redetermining of the rooms to be addressed, with several additional rooms being identified. Meeting rooms across the estate have now been surveyed and a delivery cost per room determined. Information from the survey, including suitability, cost and business benefit have been considered and the proposal offers the best operational advantage for the force within the budget.</li> <li>• The project will deliver Audio-visual capability into proposed rooms at the three keys sites during the period July to August 2021</li> </ul>
<b>9. Key Benefits</b>	<ul style="list-style-type: none"> <li>• Allow the effective use of Microsoft Teams within key meeting / briefing rooms and offices at Bishopsgate, New Street and GYE – including audio and video calls, as well as content sharing</li> <li>• The proposed solution would expand upon the existing use of Microsoft Teams currently being introduced to the City of London Police under the IT Modernisation Programme, allowing Officers to participate in the meetings, both in person and remotely. This would support more efficient use of officer time in particular,</li> </ul>

*This document can only be considered valid when viewed via the CoL Intranet website. If this is printed into hard copy or saved to another location, you must check that the effective date on your copy matches that of the one on-line.*

	<p>if they were not required to be physically present at all meetings.</p> <ul style="list-style-type: none"> <li>• Support the video recording of staff briefings, including the enablement of transcription.</li> <li>• Support the live streaming of staff briefings</li> <li>• Provide greater resilience for meetings and briefings in the future, where all participants are unable to attend</li> <li>• Replace an ageing solution currently used for audio-visual connectivity between a limited number of internal meetings rooms only</li> </ul>
<b>10. Project category</b>	6. Improvements in productivity/efficiency
<b>11. Project priority</b>	B. Advisable
<b>12. Notable exclusions</b>	Custody Suite and Interview rooms have been excluded from the project due to the need for additional health and safety considerations.

**Options Appraisal**

<b>13. Overview of options</b>	<p>Option 1 – Recommended</p> <p>The design and installation of a high-quality Audio-Visual solution for meeting and briefing rooms across the Police estate- allowing the effective use of Microsoft Teams including audio-visual meetings as well as the ability to live stream and record meetings. The project aims to deploy the same solution across the police estate as has recently been introduced within Guildhall for CoL. This solution is understood, tried and tested, and as a single solution adds no further complexity to support. As part of the survey, a recommendation has been made as to the appropriate devices needed per room to enable maximum efficiency for that room.</p> <p>The project will deliver Teams meeting room capabilities to:</p> <ul style="list-style-type: none"> <li>• Eight Meeting rooms across the ground, first, second, third and fourth floors at New Street.</li> <li>• Six meeting rooms across the first and fourth floors at Bishopsgate</li> <li>• Eleven meeting rooms and offices across the first, second, third and fourth floors at GYE.</li> <li>• A further four pod rooms at GYE will be equipped with screens, allowing agile workers to connect laptops for collaboration work.</li> </ul> <p>The equipment will be procured under existing catalogue frameworks.</p>
--------------------------------	--

This document can only be considered valid when viewed via the CoL Intranet website. If this is printed into hard copy or saved to another location, you must check that the effective date on your copy matches that of the one on-line.

	<p>Implementation and project management will be conducted by the same company that delivered the solution into Guildhall, RedSixty under an existing contract with Sykes.</p> <p>Option 2 –Continue with existing highly limited Audio-Visual set up, between limited rooms on the estate.</p>
<b>14. Risk</b>	<p><b>Overall project risk: Low</b></p> <p>The approach is consistent with industry practice using tried and tested tools, the requirements are well understood. Costings are based upon catalogue prices for equipment and quotation under existing contracts for implementation. As such the scheme is considered as low risk.</p> <p>A room by room costing has been provided as part of the survey. Whilst a site survey has been completed on each room, there may be additional cabling requirements in some of the rooms due to the structure of the buildings.</p>

**Resource Implications**

<b>15. Total estimated cost</b>	<p>For recommended option 1</p> <p><b>Total estimated cost (excluding risk): 123,200K</b></p> <p><b>Total estimated cost (including risk): 135,500K</b></p>									
<b>16. # Project Briefing

Project identifier			
[1a] Unique Project Identifier	PV ID 12264	[1b] Departmental Reference Number	N/A
[2] Core Project Name	Audio-Visual Refresh for City of London Police		
[3] Programme Affiliation (if applicable)	N/A		

Ownership	
[4] Chief Officer has signed off on this document	
[5] Senior Responsible Officer	Jonathan Chapman Interim Head of Police IT
[6] Project Manager	Phil Pettit

Description and purpose					
<b>[7] Project Description</b>					
The design and installation of a high-quality Audio-Visual solution for Meeting Rooms across the City Of London Police estate, allowing the effective use of Microsoft Teams, including audio and video meetings as well as the ability to live stream and record meetings					
<b>[8] Definition of Need: What is the problem we are trying to solve or opportunity we are trying to realise (i.e. the reasons why we should make a change)?</b>					
The City of London Police have little collaboration capability from meeting and briefing rooms. As a lead force for several national operations / initiatives, it is crucial that the force has effective collaborative capability both internally across its estate and nationally with other forces, national agencies and government departments.					
<b>[9] What is the link to the City of London Corporate plan outcomes?</b>					
[1] People are safe and feel safe. [2] People enjoy good health and wellbeing- [13 COLP] To make the City of London the safest city area in the world. [14 COLP] To deliver a policing service that is valued. [15 COLP] To be a police force with global influence and impact. [[17 COLP] To have an innovative, skilled and agile workforce in a culture that supports and empowers our people.					
<b>[10] What is the link to the departmental business plan objectives?</b>					
<b>[11] Note all which apply:</b>					
<b>Officer:</b> Project developed from Officer initiation	Y	<b>Member:</b> Project developed from Member initiation	N	<b>Corporate:</b> Project developed as a large scale Corporate initiative	Y
<b>Mandatory:</b> Compliance with legislation, policy and audit	N	<b>Sustainability:</b> Essential for business continuity	Y	<b>Improvement:</b> New opportunity/ idea that leads to improvement	Y

<b>Project Benchmarking:</b>	
<b>[12] What are the top 3 measures of success which will indicate that the project has achieved its aims?</b> <These should be impacts of the activity to complete the aim/objective, rather than 'finishes on time and on budget'>>	
<ul style="list-style-type: none"> <li>• Greater collaboration internally and with other forces, government departments and national agencies.</li> <li>• Reduction in officer travel to attend meetings</li> <li>•</li> </ul>	
<b>[13] Will this project have any measurable legacy benefits/outcome that we will need to track after the end of the 'delivery' phase? If so, what are they and how will you track them? (E.g. cost savings, quality etc.)</b>	
<b>[14] What is the expected delivery cost of this project (range values)[£]?</b>	
Lower Range estimate: £123,200 Upper Range estimate: £135,500	
<b>[15] Total anticipated on-going revenue commitment post-delivery (lifecycle costs)[£]:</b>	
Estimated Annual run £15,400	
<b>[16] What are the expected sources of funding for this project?</b>	
Central funding was agreed as part of the 2020/21 annual capital bid round.	
<b>[17] What is the expected delivery timeframe for this project (range values)? Are there any deadlines which must be met (e.g. statutory obligations)?</b>	
Lower Range estimate July 2021 – August 2021 Upper Range estimate: July 2021 – September 2021	

<b>Project Impact:</b>	
<b>[18] Will this project generate public or media impact and response which the City of London will need to manage? Will this be a high-profile activity with public and media momentum?</b>	
No	
<b>[19] Who has been actively consulted to develop this project to this stage?</b> <(Add additional internal or external stakeholders where required) >	
Chamberlains: Finance	Kevin Kilburn -City of London Police Finance
Chamberlains: Procurement	Kayleigh Rippe
IT	Graham Venn, It Operations Manager
HR	N/A
Communications	N/A
Corporate Property	Neil Jenkins, City of London Police – Estates
External	Red Sixty
<b>[20] Is this project being delivered internally on behalf of another department? If not ignore this question. If so: Please note the Client supplier departments. Who will be the Officer responsible for the designing of the project? If the supplier department will take over the day-to-day responsibility for the project, when will this occur in its design and delivery?</b>	
Client	City of London Police – Estates Management:
Supplier	IT
Supplier	Red Sixty
Project Design Manager	Department:

# Agenda Item 9

<b>Committee(s)</b>	<b>Dated:</b>
Digital Services Sub-Committee – For Information	<b>28<sup>th</sup> May 2021</b>
<b>Subject:</b> IT Division – IT Service Delivery Summary	<b>Public</b>
<b>Report of:</b> The Chamberlain	<b>For Information</b>
<b>Report author:</b> Eugene O’Driscoll, Client Director Matt Gosden – Deputy IT Director	

## Summary

There was a total of 8 P1 and 1 P2 incident for the City of London Corporation and City of London Police in March. 6 of the incidents were caused by external factors such as supplier works outside of the direct control of Agilisys.

Problem records have been created where appropriate to identify root causes and to manage improvements.

- There were 2 x P1 incidents for City of London Corporation and 6 for City of London Police.
- There were 0 x P2 incidents for the City of London Corporation and 1 for City of London Police.
- **98.13%** of users reported a satisfactory or very satisfactory experience of the City of London Service Desk and **96.23%** of users reported the same for the City of London Police Service Desk.

## **Recommendations**

*Members are asked to note this report*

## Main Report

### Service levels and exceptions

#### 1. City of London Police (CoLP) P1 incidents

There were 2 P1 incidents

Affected Service	Duration	Reason	Resolution	Problem Management plan
Clearpass	02:49	Clearpass dropped off the domain	Domain admin rights were restored and Clearpass was re-joined to the domain	Addressed under CoL IT Supplier management
Clearpass	01:04	Clearpass dropped off the domain	Domain admin rights were restored and Clearpass was re-joined to the domain	Addressed under CoL IT Supplier management
Office/Email	5:10	Over subscription of Office licences	Licence renewal	Addressed under S/M/L Process review
Pronto PNC Query Civica Error	05:22	Motorola PNC database size exceeded	Temporary increase in size. Permanent fix being worked on by Motorola/Civica	Addressed under CoL IT Supplier management
Shared Drives	01:12	Windows 10/InTune cannot map to legacy drives. A script runs when a user logs on and every hour. The script was not running correctly.	The script was restored to an original version	Addressed under Change management
Shared Drives	00:37	The backup had taken a snapshot overnight filling up the disk space	The snapshot was removed from the server	Addressed under Backup Process review

#### 2. City of London Police P2 Incidents

There was 1 P2 incident

Affected Service	Duration	Reason	Resolution	Problem Management plan
Printing	8:56	A firewall rule change resulted in blocked traffic	Resolved by 3rd party Konica and Azure with a firewall rule change	Addressed under CoL IT Supplier management

### 3. City of London (CoL) P1 incidents

There were two P1 incidents in March

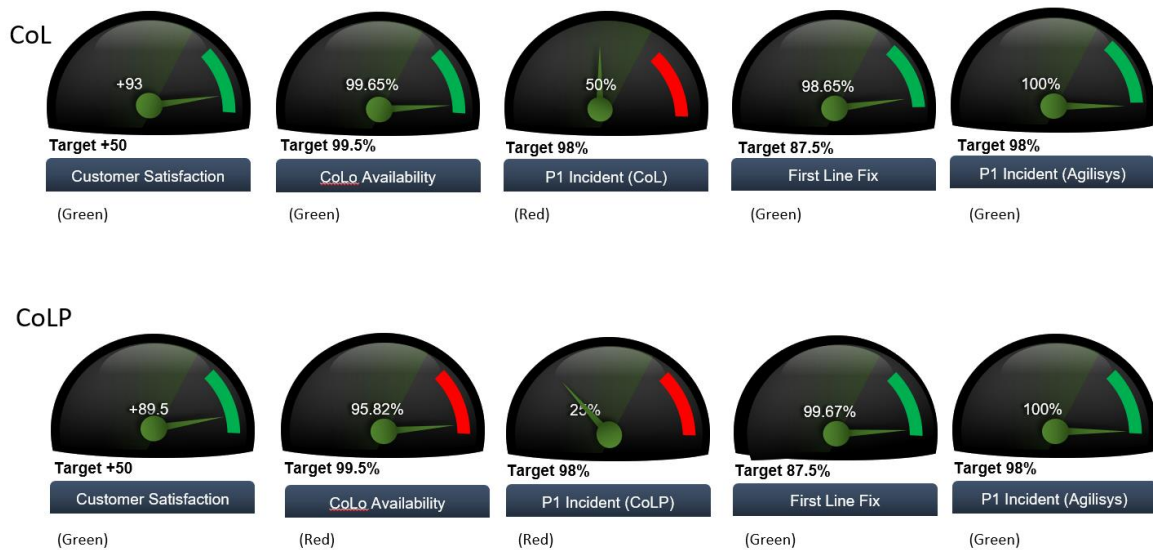

Affected Service	Duration	Reason	Resolution	Problem Management plan
Mosaic	48:00	Under investigation by Serverlec.	Serverlec VPN was restarted.	Addressed under CoL IT Supplier management
Microsoft Teams calls from the public	01:18	Microsoft change impacting services worldwide	Resolved by Microsoft	N/A

### 4. City of London P2 Incidents

There were no P2 incidents in March

Service performance summary is detailed in the dashboard below:

#### Gauges to monitor performance – March 2021

## Service improvements and highlights

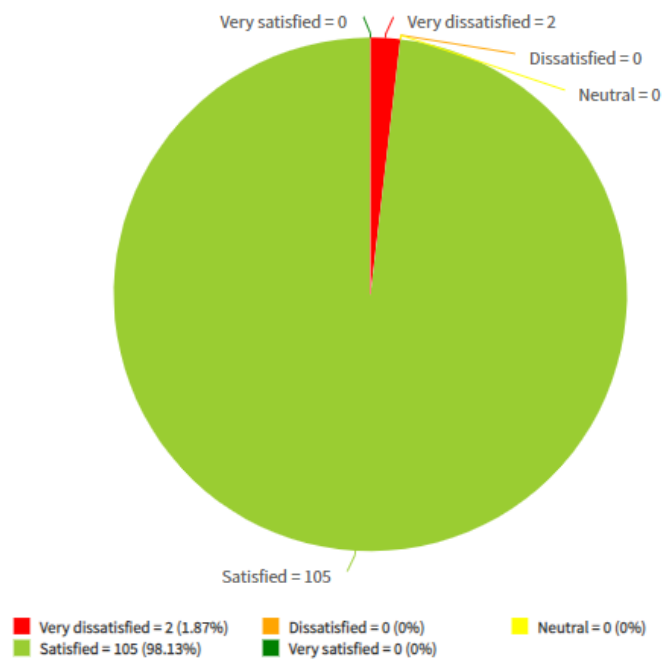

- As part of an agreed plan work continues to develop the new IT Service Management Tool, ServiceNow. Use of the self-service tool has been higher than in the previous Support works tool with the aim to get to 90% self-service.
- The City of London Police Modernisation Programme is nearing completion. As expected, following such a large and complex Programme of work there have been a higher number of calls being raised to the Service Desk, additional agents have been brought in to manage the call volumes. Since the last DSSC the number of calls has reduced considerably with an expectation that there will be a return to normal levels by the end of May.

<b>Committee(s)</b>	<b>Dated:</b>
Digital Services Sub Committee – For Information	28th May 2021
<b>Subject:</b> IT Division Risk Update	<b>Public</b>
<b>Report of:</b> The Chamberlain	<b>For Information</b>
<b>Report author:</b> Samantha Kay – IT Business Manager	

## Summary

All IT Risks are now in the Risk Management System, with actions included, for the ongoing improvement and continuing assessment to the Management of Risk within the IT Division. The IT Division currently holds 4 risks. There are currently no RED risks. There are no extreme impact risks, there are 3 major impact, and 1 Serious and no Minor impact risks.

IT currently holds 2 risks on the Corporate Risk Register and 2 risks on the departmental risk register

### Summary of the Corporate Risks

#### CR 16 – Information Security -

- Regular security updates have been provided to relevant stakeholders throughout COVID.
- A Gateway paper is currently being drafted for further IT Security Investment.
- All Staff Mandatory Security training was completed in April
- A special one-off IT Cyber check paid for by LGA has been completed with a report due shortly

This is a dynamic risk area and whilst the maturity of 4 is the target, the control scores will go down as well as up as threats, risks and vulnerabilities change.

#### CR 29 – Information Management

- New business intelligence dashboards continue to be developed for improved decision making by the Corporate Strategy and Performance team
- Information Management Asset register is being populated for the organisation.
- Plan being developed for moving unstructured data from Shared Drives to SharePoint

## Recommendation(s)

Members are asked to:

- Note the report.

### Main Report

#### Background

1. Risk remains a key focus for the IT Division and we are continuing to ensure that it drives the priority for project works and Change Management decisions. Regular reviews will ensure the ongoing successful management of these risks across the division

#### Current Position of Departmental Risks

2. The IT Division currently holds 2 risks, which are not scored as Red. All risks have owners, clear actions, with target dates to enable focussed management, tracking and regular and consistent reviews.

#### Current status

3. Since the last report, the IT Risk Register has been closely monitored and actions have been completed to continue the work to mitigate the risks, however, there has been no movement of scores in this period.

The current headline figures for the identified risks in the Division are:

#### Movement of Risks

4. Since the last report one risks has been added to the IT Department risk register details of these are as follows :

**CHB IT 031 - IT Revenue Budget** – Due to the unidentified savings which need to be met in the current financial year. A plan has been developed with a tracker, a governance structure and review meetings are in place.

## 5. Further breakdown of current Division risks:

Major Impact:		Trend	
Risks with "likely" likelihood and "major" impact:	0	0	↔
Risks with "possible" likelihood and "major" impact:	0	0	↔
Risks with "Unlikely" likelihood and "major" impact:	1	1	↔
<b>Serious Impact:</b>			
Risks with "likely" likelihood and "serious" impact:	0	1	↑
Risks with "possible" likelihood and "serious" impact:	0	0	↔
Risks with "unlikely" likelihood and "serious" impact:	0	0	↔

↑ Increase in No.

↓ Decrease in No.

↔ Static No.

## 6. Next steps

- Ensuring that IT deal with Risks in a dynamic manner.
- Ensuring all actions are up to date and allocated to the correct responsible owners.
- Ensuring all members of the IT division including suppliers are aware of how Risk is managed within the Corporation and have a mechanism to highlight areas of concern across the estate.
- IT management processes, including Change Management, Problem Management, Continuous Improvement and Incident Management will all now reference or identify risk to ensure that Division risks are identified, updated and assessed on an ongoing basis.
- The work detailed above ensures that the Risk register remains a live system, rather than a periodically updated record.
