The Board discussed the training offered to members of the Board and considered whether Members should recomplete required training. Following a Board members query it was confirmed that the risk for the overall affordability for the scheme was held by central government rather than the City of London Police or Corporation.

**RESOLVED-** That: -

- I. The Board reviewed the existing risks and actions present on the Police Pension Board's Risk Register, and confirmed that appropriate control measures are in place;

	<p>system has the potential to allow members to access their pension record, make amendments to selected personal data (i.e. name, partnership status, death grant nominees) and to run their own retirement estimates. It may also provide a platform for providing annual benefit statements and other bulk mailings.</p> <p>In-house testing of the system will begin shortly and it is expected to go live in August 2023.</p>
<p>Legal Challenge 1</p>	<p><u>Lord Chancellor and Secretary of State for Justice v McCloud and others</u></p> <p>On 10 March 2022 the Public Service Pensions and Judicial Offices Act 2022 received Royal Assent.</p> <p>The main purpose of the Act was to implement the ‘McCloud Remedy’ in the public service pension schemes and it is to be implemented in two phases.</p> <p>Phase one was to move all remaining active members of the ‘legacy’ schemes (Police Pension Schemes 1987 and 2006) into the new scheme (Police Pension Scheme 2015) with effect from 1 April 2022.</p> <p>Phase two will be to implement the deferred choice underpin which will give eligible members the choice between legacy scheme or new scheme membership for the period 1 April 2015 to 31 March 2022.</p> <p>The Act confirms that Phase Two must be implemented by 1 October 2023 at the latest, but we still await the regulations that confirm how it is to be implemented.</p>

	<p>that will allow individuals to access details of their accrued pension benefits from multiple sources in one place.</p> <p>In respect of Public Sector Pension Schemes, the initial expectation was that schemes would be required to connect to the online dashboard infrastructure by 30 September 2024.</p> <p>However a written Ministerial Statement made on 2 March 2023 stated that delays setting up the dashboard programme has meant that the original timetables will be re-written and that the staging / connection dates will be pushed back to dates yet to be confirmed.</p> <p>Once further information is known a report will be brought to the Board in respect of Pension Dashboards and what it will mean in respect of the Police Pension Scheme.</p>

## Summary

This report reviews the Risk Register for Police Pensions Board. The Risk Register details the key risks that the Board has identified alongside a risk score which indicates the likelihood of a risk being realised together with the potential impact and the appropriate mitigations.

When reviewing the risks, the Board should be aware that some similar/generic risks are also included in the Local Government Pensions Committee risk register. The risks are CHB COLP PSB 02 Legislative Compliances, CHB COLP PSB 05 Pension Fraud, CHB COLP PSB 07 Cyber security and CHB COLP PSB 08 McCloud Legal Case.

Officers have conducted a preliminary review of the Risk Register and are not recommending any changes to the current scores.

The Risk Register is included at Appendix 1 with risk updates underlined throughout. The Risk Register is reviewed at each meeting by the Police Pensions Board and more frequently by officers, who report any material changes or new risks identified in between reviews on an exception basis.

## **Recommendation**

Members are asked to:

- review the existing risks and actions present on the Police Pension Board’s Risk Register, and confirm that appropriate control measures are in place; and
- consider whether there are any further risks relating to the pension administration overseen by the Police Pension Scheme Board

## Main Report

### Background

1. The Police Pension Board instituted a Risk Register to help identify and manage the strategic risks facing the Board in discharging its responsibilities to oversee administration of the Police Pension Scheme. The current Risk Register, as agreed by the Board on 7 June 2022, is included as Appendix 1.
2. The Board reviews the Risk Register at each meeting. Officers review the register more frequently and report any material changes between reviews on an exception basis to the Board. This is in line with standard risk review procedures across the rest of the City of London Corporation.

### Review of Risks

3. The method of assessing risk reflects the City of London's standard approach to risk assessment as set out in its Risk Management Strategy approved by the Audit and Risk Management Committee in May 2014. The City of London Corporation risk matrix, which explains how risks are assessed and scored, is attached at **Appendix 2** of this report. Risk scores range from one, being lowest risk, to the highest risk score of thirty-two. These scores are summarised into 3 broad groups, each with increasing risk, and categorised "green", "amber" or "red".
4. The Risk Register to be reviewed is attached at **Appendix 1**

Table 1: Risk Summary

Risk code	Risk title	Current Risk Score	Current Risk Score Indicator
CHB COLP PSB 08	McCloud legal Case	16	
CHB COLP PSB 02	Legislative Compliance	4	
CHB COLP PSB 03	Pension Scheme Admin (Personnel)	4	
CHB COLP PSB 04	Pension Scheme Admin (Systems)	4	
CHB COLP PSB 05	Pension Fraud	4	
CHB COLP PSB 07	Cyber Security	4	
CHB COLP PSB 01	Actuarial Data	2	
CHB COLP PSB 06	Protected Pension Age	1	

5. The Risk Register contains eight risks which are summarised above. In the table, "Current Risk Score indicator" displays the current "RAG" rating for each risk. Each risk presented in the Risk Register is accompanied by one or more "action(s)" which reflect how the risk is managed and mitigated. A "due date" for required completion is set against each action. Due to the nature of the risks overseen by the Board, in many cases it is impossible to entirely eliminate a risk, and therefore corresponding actions will always remain live. These ongoing actions are necessary in order to maintain the current risk score. Where this is the case the Risk Register includes an annual due date, which will be renewed each year.
6. Officers have reviewed the Risk Register to establish whether the risk environment has changed and whilst all scores have been maintained at their previous levels each has been reviewed and updated where necessary in the Register itself.

Updates to the Risk Register are underlined throughout with deletions being struck through.

7. Officers have also considered whether any new risks have emerged since the last review. Although the Board's operating environment continually changes officers have determined that the existing Register captures the material risks facing the Board and enables the Board to concentrate on the most prescient risks

#### Mitigation of amber and red risks

8. The risk, CHB COLP PSB08 – McCloud Legal Case, has been given an overall risk score of red 16. The changes to be made to the Police Pension Scheme as a result of the McCloud Judgement are guaranteed which means the likelihood must be recorded at the highest level. The impact of the changes will be potentially very high and is therefore recorded as 'Major'. At this stage Officers consider that it is not possible to reduce the likelihood of this risk, but it may be possible to mitigate the impact.
9. On 10 March 2022 the Public Service Pension and Judicial Offices Act 2022 (the Act) received Royal Assent. The main purpose of the Act was to support the implementation of the McCloud remedy in the public service pension schemes and is to be implemented in two phases.
10. Phase one took effect from 1 April 2022 and moved all remaining active members of the 'legacy' pension schemes (the Police Pension Schemes 1987 and 2006) into the new scheme (the Police Pension Scheme 2015).
11. Phase two will be in respect of the implementation of the deferred choice underpin and will give eligible members the choice between legacy scheme and new scheme membership for the period 1 April 2015 and 31 March 2022.
12. The Act confirms that Phase two must be implemented by 1 October 2023 at the latest, but the implementation of the regulatory changes are required to allow this to happen.
13. By ensuring awareness of all correspondence and consultation documents that are published and by attending all available seminars/webinars, forums and user groups the Pensions Office will have as much advance knowledge and understanding as possible of the changes. This preparedness will mean the impact of the changes may not be as severe as it would have been otherwise.

#### **Conclusion**

14. The risks overseen by the Police Pension Board are primarily of low likelihoods but may represent substantial impact. There is one red risk around the McCloud remedy (CHB Pensions 08). Whilst the Public Services and Judicial Offices Act 2022 has received Royal Assent, its main purpose is to support the implementation of the McCloud remedy, however further guidance and legislation is required before it can be applied to the Police Pension Scheme. Once this guidance and legislation is issued, the risk rating and score is expected to decrease substantially.
15. The Board is requested to confirm that appropriate control measures are in place for these risks and that there are no other risks that should be added to the Risk Register.

### City of London Corporation Risk Matrix (Black and white version)

Note: A risk score is calculated by assessing the risk in terms of likelihood and impact. By using the likelihood and impact criteria below (top left (A) and bottom left (B) respectively) it is possible to calculate a risk score. For example a risk assessed as Unlikely (2) and with an impact of Serious (2) can be plotted on the risk scoring grid, top right (C) to give an overall risk score of a green (4). Using the risk score definitions bottom right (D) below, a green risk is one that just requires actions to maintain that rating.

#### (C) Risk scoring grid

		Unlikely (2)	Possible (3)	Likely (4)
Criteria	Less than 10%	10 – 40%	40 – 75%	More than 75%

### Summary

This report summarises the activities of the Police Pensions Board (the Board) for the period 1 April 2022 to 31 March 2023. The Police Pension Scheme Regulations 2015 provided for the establishment of a Board with the responsibility of assisting the Scheme Manager (the Commissioner of the City of London Police) in ensuring the efficient and effective governance and administration of the Police Pension Scheme (PPS).

Over the last twelve months the Board:

- continues to review the working practices of the City of London Police Pensions Office including reviews of all letters and documents issued to scheme members, prospective scheme members, leavers and retirees;
- monitored and where appropriate updated the Board’s Risk Register ; and
- continues to undertake online training modules with the Pensions Regulator’s Toolkit.

The training needs of all Board Members continues to be monitored and training provided as required.

### Recommendation

Members are asked to note this report.

### Main Report

#### Background

1. The Public Services Pensions Act 2013 (the 2013 Act) included several provisions regarding better governance and improved accountability for all public-sector pension schemes. As a result, the Police Pension Scheme Regulations 2015 provided for the establishment of a Board with the responsibility of assisting the Scheme Manager in ensuring the efficient and effective governance and administration of the Police Pension Scheme (PPS).

2. The Scheme Manager for the City of London Police Pension Scheme is the City of London Police Commissioner, with responsibility for the administration of the Scheme delegated to the Chamberlain of the City of London Corporation.

### **The Role of the Police Pension Board**

3. The Pension Board sits in an oversight role, to assist the Scheme Manager with ensuring the administration of the Scheme complies with
  - the Regulations;
  - other legislation relating to the governance and administration of the Scheme; and
  - the requirements imposed by The Pensions Regulator in relation to the Scheme.
4. In accordance with the Regulations, the structure of the Board must include an equal number of scheme member and scheme employer representatives. The City of London Police Pension Board consists of 3 scheme member representatives and 3 scheme employer representatives.
5. The 2013 Act makes it a legal requirement that members of the Board do not have a conflict of interest and therefore all members are expected to identify, monitor and manage any potential, actual or perceived conflicts of interest. The Members of the Board are as follows:

#### *Scheme Employer Representatives:*

Alderman Alexander Barr	(Deputy Chairman since 25 April 2022) – Elected Member
Superintendent Helen Isaac	Serving CoL Police Officer
Mr Henry Colthurst –	Elected Member

#### *Scheme Member Representatives:*

Mr John Todd	(Chairman since 25 April 2022) – Retired CoL Police Officer
Sergeant Michael Reed	(Until 11 July 2022) Serving CoL Police Officer
Mr Timothy Parsons	(Until 10 March 2023) Retired CoL Police Officer
Mr Ray Eaglesmith	(From 15 February 2023) Serving CoL Police Officer
Mr James Halkett	(From 22 March 2023) Serving CoL Police Officer

Appendix A sets out the attendance record of each Board Member.

### **Activities of the Board**

6. Since 1 April 2022 three meetings have been held – 7 June 2022, 11 October 2022 and 10 March 2023. It is expected that there will continue to be 3 meetings held in every year.

## Training

7. Board Members have certain legal responsibilities and must be conversant with the PPS Regulations and the governance and administration of the Scheme to enable them to exercise their role as a Board Member.
8. Members are expected to keep their knowledge and understanding requirements under review. This will allow the training plan to be reviewed and updated as required to meet the training needs.
9. The Pensions Regulator has created an online learning programme, the Trustee Toolkit. The Toolkit is aimed at the board members of occupational pension schemes and Police Pension Board Members have been provided with the necessary details and are expected to undertake all 7 training modules. Completion of the Trustee Toolkit is mandatory for all Board Members and the status of each Member's training is reviewed periodically. It should be noted that as at 10 March 2023, all training modules had been completed by the incumbent Members of the Board.
10. In addition to the training modules provided by the Pensions Regulator, the Pensions Office continues to provide training sessions to Members. A training session in respect of the McCloud Remedy was given at the June 2022 meeting.

## Annual Schedule of Events

11. In order that the Board is able to monitor and oversee the administration of the Police Pension Scheme an Annual Schedule of Events to illustrate the tasks carried out by the Pensions Office, their deadlines and the actual completion dates of each task is maintained. The Schedule is updated as required and is a standing agenda item for each Board meeting.

## Risk Register

12. A risk register has been created to cover the risks in respect of the City of London Police Pension Scheme. The Register is a standing agenda item for each Board meeting and means that potential risks are continually assessed, reviewed and amended or added to or removed from the Register as deemed appropriate.

## Documentation and Communication

13. The Board continues to review the working practices of the City of London Police Pensions Office, including all letters and documents issued to members, prospective members, leavers and retirees to ensure optimum clarity as well as accuracy.

## Data Protection Act 2018 (GDPR)

14. On 25 May 2018 General Data Protection Regulations were introduced. Part of the requirement of pension schemes is to clearly communicate data use and retention. To meet this requirement, the Scheme Manager of City of London Police Pension Scheme must issue a privacy statement to scheme members.
15. A copy of the City of London Police Force's generic privacy statement was included with the 2019 annual benefit statement that was issued to all serving Police Officers by the Pensions Office. A copy of the privacy statement was

also sent separately to all retired officers. A copy of the privacy statement is available to officers upon request.

#### Breaches of Data Security (Information Commissioner's Office (ICO) GDPR)

16. There were no known breaches during the year.

#### Breaches of Pension Law (The Pensions Regulator (TPR) code of practice)

17. There were no known breaches during the year.

#### Lord Chancellor and Secretary of State for Justice v McCloud and others

18. The Court of Appeal has ruled that reforms made to the judges' and firefighters' pension schemes were discriminatory on the grounds of age. It was determined that the reforms made to all public sector pensions schemes, including the PPS, were also be deemed to be discriminatory on the same grounds and all public sector pension schemes will need to review their regulations and possibly make amendments to them.
19. On 10 March 2022 the Public Service Pension and Judicial Offices Act 2022 (the Act) received Royal Assent. The main purpose of the Act was to support the implementation of the McCloud remedy in the public service pension schemes and is to be implemented in two phases.
20. Phase one took effect from 1 April 2022 and moved all remaining active members of the 'legacy' pension schemes (the Police Pension Schemes 1987 and 2006) into the new scheme (the Police Pension Scheme 2015).
21. Phase two will be in respect of the implementation of the deferred choice underpin and will give eligible members the choice between legacy scheme and new scheme membership for the period 1 April 2015 and 31 March 2022.
22. The Act confirms that Phase two must be implemented by 1 October 2023 at the latest. Further consultation has taken place and we await the formal regulatory changes are required to allow this to happen.
23. The Pensions Office continues to attend several technical working groups in respect of the Remedy and a dedicated webpage has been set up to communicate all relevant information to officers as it is released.

25. The Board continues to review the working practices of the City of London Police Pensions Office and regularly monitors all letters and documents issued to members, prospective members, leavers and retirees. The Board maintains a Risk Register and an approved Breaches Policy.
