

## West Ham Park Committee

**Date:** THURSDAY, 29 JANUARY 2026

**Time:** 9.30 am

**Venue:** COMMITTEE ROOM - 2ND FLOOR WEST WING, GUILDHALL

<b>Members:</b>	James St John Davis (Chair)	Catherine Bickmore
	Charles Edward Lord, OBE JP (Deputy Chair)	Rafe Courage
	Deputy Anne Corbett	Tim Hodgson
	Deputy Caroline Haines	Councillor Jane Lofthouse, London
	Wendy Mead OBE	Borough of Newham
	Deputy Benjamin Murphy	Reverend Farida Matthews
	William Upton KC	Justin Meath-Baker
		Councillor John Whitworth, London
		Borough of Newham

**Enquiries:** **Zoe Williams**  
**Zoe.Williams@cityoflondon.gov.uk**

### Accessing the virtual public meeting

Members of the public can observe all virtual public meetings of the City of London Corporation by following the below link:

<https://www.youtube.com/@CityofLondonCorporationstreams>

A recording of the public meeting will be available via the above link following the end of the public meeting for up to one civic year. Please note: Online meeting recordings do not constitute the formal minutes of the meeting; minutes are written and are available on the City of London Corporation's website. Recordings may be edited, at the discretion of the proper officer, to remove any inappropriate material.

Whilst we endeavour to livestream all of our public meetings, this is not always possible due to technical difficulties. In these instances, if possible, a recording will be uploaded following the end of the meeting.

**Ian Thomas CBE**  
**Town Clerk and Chief Executive**

# AGENDA

NB: Certain matters for information have been marked \* and will be taken without discussion, unless the Committee Clerk has been informed that a Member has questions or comments prior to the start of the meeting. These information items have been collated in a supplementary agenda pack and circulated separately.

## Part 1 - Public Agenda

## City of London Corporation Committee Report

<b>Committee(s):</b> West Ham Park Committee – For decision	<b>Dated:</b> 29 January 2026
<b>Subject:</b> Annual Review of Terms of Reference	<b>Public report:</b> For Decision
<b>This proposal:</b> <ul style="list-style-type: none"> <li>• provides statutory duties</li> <li>• provides business enabling functions</li> </ul>	N/A
<b>Does this proposal require extra revenue and/or capital spending?</b>	No
<b>If so, how much?</b>	N/A
<b>What is the source of Funding?</b>	N/A
<b>Has this Funding Source been agreed with the Chamberlain's Department?</b>	N/A
<b>Report of:</b>	Town Clerk
<b>Report author:</b>	Zoe Williams, Governance Officer

### Summary

As part of the implementation of the 2021 Governance Review, it was agreed that the cycle and process of annually reviewing the Terms of Reference of all Committees/Boards should be revised, to provide more time for Committees to consider and discuss changes before they are submitted to the Policy and Resources Committee. This is to enable any proposed changes to be considered in time for the annual reappointment of Committees by the Court of Common Council.

Members should note that a broader review of the Natural Environment Committees' Terms of Reference is scheduled to take place as part of the Natural Environment Charities Review. Any resulting amendments to the Terms of Reference would subsequently require consideration by the Policy & Resources Committee and the

Court of Common Council. It is therefore recommended that any substantive changes be progressed through this review process.

The terms of reference of the West Ham Park Committee are attached as an appendix to this report for Members' consideration

## **Recommendation(s)**

Members are asked to:

- Agree that the terms of reference of the West Ham Park Committee, subject to any comments, be approved for submission to the Court of Common Council in April 2026, and that any further changes required in the lead up to the Court's appointment of Committees be delegated to the Town Clerk in consultation with the Chair and Deputy Chair;

## WEST HAM PARK COMMITTEE

### 1. **Constitution**

A Non-Ward Committee consisting of,

- eight Members elected by the Court of Common Council, at least one of whom shall have fewer than five years' service on the Court at the time of their appointment; the membership to be the same as the Open Spaces & City Gardens Committee.
- plus the following:-
  - four representatives nominated by the Heirs-at-Law of the late John Gurney
  - one representative nominated by the Parish of West Ham
  - two representatives nominated by the London Borough of Newham

### 2. **Quorum**

The quorum consists of any five Members.

### 3. **Membership 2025/26**

4	(4)	Benjamin Daniel Murphy, Deputy
2	(2)	Anne Corbett, Deputy <i>for two years</i>
8	(3)	Caroline Wilma Haines, Deputy
15	(3)	Wendy Mead, OBE
3	(2)	James St John Davis
		<i>Vacancy</i>
		<i>Vacancy</i>
		<i>Vacancy</i>

together with the ex-officio Members referred to in paragraph 1 above and:-

Four representatives appointed by the heirs-at-law of the late John Gurney:-

- Catherine Bickmore
- Rafe Courage
- Tim Hodgson
- Justin Meath-Baker

One representative appointed by the incumbent or priest, for the time being, in charge of the present benefice of West Ham:-

- The Rev. Simon Nicholls

Two representatives appointed by the London Borough of Newham

- Councillor Joy Laguda
- Councillor John Whitworth

### 4. **Terms of Reference**

To:-

- (a) have regard to the overall policy laid down by the Natural Environment Board.
- (b) be responsible for the ownership and management of West Ham Park (registered charity no. 206948) in accordance with the terms of conveyance of the Park by John Gurney, Esq. to the City of London Corporation dated 20th July 1874 and in accordance with the Licence in Mortmain dated 22nd May 1874.
- (c) authorise the institution of any criminal or civil proceedings arising out of the exercise of its functions.
- (d) express views or make recommendations to the Natural Environment Board for that Committee's allocation of grants which relate to West Ham Park.

# Agenda Item 6

## City of London Corporation Committee Report

<b>Committee(s):</b>  West Ham Park Committee	<b>Dated:</b>  29 January 2026
<b>Subject:</b>  Five-year Business Plan (West Ham Park)	<b>Public report:</b>  For decision
<b>This proposal:</b> <ul style="list-style-type: none"><li>• delivers Corporate Plan 2024-29 outcomes</li><li>• provides statutory duties</li><li>• provides business enabling functions</li></ul>	
<b>Does this proposal require extra revenue and/or capital spending?</b>	Spending is and will be as per approved annual and supplemental budgets
<b>If so, how much?</b>	Spending is and will be as per approved annual and supplemental budgets
<b>What is the source of Funding?</b>	<u>Multiple</u> -Local Risk -City Surveyor's Department -Capital Funding -Climate Action Strategy -External Funding -Charity income
<b>Has this Funding Source been agreed with the Chamberlain's Department?</b>	Yes, where spending is planned
<b>Report of:</b>	Katie Stewart, Executive Director Environment
<b>Report author:</b>	Bill LoSasso, Assistant Director (Superintendent), North London Open Spaces

## Summary

This report provides an updated draft of the five-year business plan for West Ham Park. As previously noted to this Committee, this mandated new and longer-term planning effort will be refined over the course of the next two years.

## **Recommendation(s)**

Members are asked to:

- Review and approve the West Ham Park five-year business plan provided at Appendix 1

## **Main Report**

### **Background**

1. As previously reported to the committees, the City Corporation is now developing five-year business plans at its open space charities on a rolling five-year basis. The five-year Business Plan will state the charities' planned workstreams for West Ham Park over a five-year period and will show how and when the various workstreams will be resourced and delivered.
2. Business planning for NLOS is complex and has become more complex in recent years due to multiple factors, including NLOS's complex multi-site structure and reporting relationships, recent staff reductions, having a large number of staff who split their time across more than one site, and the practice of workstreams being conceived, funded, and delivered variously by NLOS and other City Corporation departments and initiatives that nevertheless require NLOS resource to deliver (eg, City Surveyor's Department programmes and the Climate Action Strategy).
3. The development of a five-year business plans will support central planning, delivery, and reporting on these numerous workstreams across four sites for our NLOS sub-division, as well as better time management for Officers.
4. The five-year Business Plan will be updated annually to reflect changes in priorities and resources. This review will typically occur annually, but may occur by exception at other times to capitalise on new opportunities or respond to arising circumstances.
5. The five-year Business Plan for West Ham Park lists proposed workstreams to deliver on the charitable obligations and strategic themes of the West Ham Park Management Plan. It also illustrates how these workstreams further relevant goals of the Corporate Plan and Natural Environment Strategies. The plan sets out the specific priorities and activities for West Ham Park, and progress against them will be reported.
6. The five-year Business Plan is an important planning and communication tool. It allows the charity to articulate its priorities in a resource-constrained

environment, and to plan with as much predictability as is feasible what workstreams it believes are reasonably achievable given these resource constraints. Workstreams tentatively planned for years beyond the current year will necessarily be tentative and will be refined as clarity on out year resources and circumstances becomes clearer.

7. In principle, once the workstreams for a given year are established, any new area of proposed work will require consideration to how new resources can be secured or to which existing workstream(s) will need to be paused, ceased, or deferred in order to include anything new in the plan.
8. The five-year Business Plan is not an exhaustive itemised list of NLOS's workstreams. Including an itemised list of the day-to-day "business as usual" activities that take up the majority of Officers' time would be impractical. This "business as usual" work is guided by an Annual Work Plan that guides the day-to-day activities of officers and sets out cyclical tasks that are planned and delivered on an annual or seasonal basis. This includes activities such as litter picking, cleansing, grass mowing, patrols, and the voluminous other critical tasks that are performed regularly as part of the day-to-day running of the West Ham Park.
9. This iteration of the five-year Business Plan still focusses on 2026-27 and 2027-28. The plan will be further developed over time as greater clarity on future years' resources becomes available, the Natural Environment Charity Review Grant Funding Model is finalised, Officers complete the project prioritisation process as needed, and Officers develop estimates on the resourcing needed to deliver sought workstreams.
10. Estimating the resourcing devoted to workstreams, both at West Ham Park and across all four of NLOS's open spaces, is complex and will evolve and be refined over time. To illustrate the complexity, these estimates must reflect the fact that while many Officers work exclusively at West Ham Park (eg, Rangers working exclusively at West Ham Park), other Officers at NLOS work across multiple or all of the open spaces within NLOS's purview.

## **Corporate & Strategic Implications**

### Strategic implications

11. The West Ham Park five-year Business Plan will further the West Ham Park Management Plan, the Corporate Plan's strategic outcomes, and the four Natural Environment Strategies, as further detailed in this report.

### Financial implications

12. Activities in the five-year Business Plan will be planned to meet the existing local risk of West Ham Park.

#### Resource implications

13. Officers managing West Ham Park are operating in a resource-constrained environment. The five-year Business Plan will support better alignment of workstreams within available resourcing to better articulate what is and is not possible to be delivered by Officers in any given year.

#### Legal implications

14. The City Corporation as the charity Trustee is responsible for ensuring that the West Ham Park Charity fulfils its charitable purpose, which is: "The maintenance of West Ham Park as open public grounds and gardens for the resort and recreation of adults and as playgrounds for youth and children." The five-year Business Plan will assist the delivery of the West Ham Park Management Plan and provide a clear framework for decision-making, including resource allocation which is in the best interests of the charity.<sup>25</sup> The Plan will support Members of this Committee to exercise their duties responsibly on behalf of the City Corporation.

#### Risk implications

15. Activities within the business plan are assessed within the West Ham Park Risk Register.

#### Equalities implications

16. The West Ham Park Management Plan strategic themes are committed to increased engagement, diversity, and accessibility, which the five-year Business Plan will support delivery of. Activities within the business plan have or will have equalities impact assessments where relevant and appropriate.

#### Climate implications

17. Several of the activities with the five-year Business Plan are specifically to address climate-related issues.

#### Security implications

18. Relevant security risks are assessed with the West Ham Park Risk Register.

### Conclusion

19. A five-year Business Plan is being developed to prioritise workstreams at West Ham Park. This Plan will be further developed by Officers over time. The plan lists proposed prioritised workstreams to deliver on the four strategic themes of the West Ham Park Management Plan and illustrates how these workstreams further relevant goals of the Corporate Plan and Natural Environment Strategies. The plan allows the Charity to articulate its priorities

for West Ham Park in a resource-constrained environment and agree with confidence the activities that will occur in West Ham Park in any given year with as much predictability and forward planning as is feasible. In principle, if any new areas of potential work are identified throughout the lifespan of the five-year Business Plan that are not already included in the plan, consideration will need to be given to how new resources can be secured or to which existing workstream(s) will need to be paused, ceased or postponed to accommodate any new work.

## City of London Corporation Committee Report

<b>Committee(s):</b> West Ham Park Committee	<b>Dated:</b> 29 January 2026
<b>Subject:</b> West Ham Park Fees and Charges FY'2026-27 (1 April 2025 – 31 March 2026)	<b>Public report</b> For decision
<b>This proposal:</b> <ul style="list-style-type: none"><li>• <b>delivers Corporate Plan 2024-29 outcomes</b></li><li>• <b>provides business enabling functions</b></li></ul>	-Diverse engaged communities -Leading sustainable environment -Vibrant thriving destination -Providing excellent services -Flourishing public spaces
<b>Does this proposal require extra revenue and/or capital spending?</b>	No
<b>If so, how much?</b>	N/A
<b>What is the source of Funding?</b>	N/A
<b>Has this Funding Source been agreed with the Chamberlain's Department?</b>	N/A
<b>Report of:</b>	Katie Stewart, Executive Director Environment
<b>Report author:</b>	Bill LoSasso, Superintendent, North London Open Spaces

## **Summary**

This report proposes a procedure to guide the annual review of fees and charges in West Ham Park and proposes fees and charges for financial year 2026-27 (1 April 2025 – 31 March 2026).

## **Recommendation(s)**

Members are asked to:

- Note the proposed procedure to guide the annual review of fees and charges in West Ham Park.
- Approve the update to the existing fees and charges for financial year 2026-27 (1 April 2025 – 31 March 2026) as proposed herein.

## **Main Report**

### **Background**

1. North London Open Spaces (NLOS) charges for a wide range of services and recreation and sporting activities provided across the four public open spaces that it oversees (Hampstead Heath, Highgate Wood, Queen's Park, and West Ham Park). These fees and charges are reviewed annually to ensure that fees and charges remain relevant and appropriate.
2. The income generated from fees and charges contributes towards the cost of managing and maintaining West Ham Park and the sports and recreational facilities provided at West Ham Park. Sports fees and charges are not currently based on full cost recovery and continue to be subsidised by the Charity to facilitate engagement with the local community and to promote participation in formal and informal recreational activities and sports, to support health and wellbeing for West Ham Park visitors.

### **Procedure for Reviewing Fees and Charges**

3. In addition to proposing fees and charges for financial year 2026-27, the Superintendent also proposes to document a procedure to guide NLOS's annual review of fees and charges that ensures consistency and transparency, as outlined below.
4. Officers will review the fees and charges at West Ham Park on an annual basis, with any changes to be implemented at the beginning of each financial year (1 April). Any further proposed amendments to fees and charges would be brought to committee during the year if and as needed.

5. Unless circumstances warrant otherwise, Officers will submit proposed fees and charges for the forthcoming financial year to the West Ham Park Committee for approval at that committee's final scheduled meeting of the financial year (29 January 2026 for financial year 2026-27).
6. Any approved changes to fees and charges will be implemented to take effect at the start of the forthcoming financial year on 1 April. Relevant updates to booking systems, websites, signage, and other places where fees and charges are communicated will also occur by 1 April.

## **Inflation**

7. The rate of inflation in the preceding year regularly informs decisions on fees and charges. To ensure consistency, and in alignment with past practice, Officers will use the 12-month Retail Price Index (RPI) as reported by the Office of National Statistics to measure the rate of inflation.<sup>1</sup> To further ensure consistency of analysis, Officers propose to use the September 12-month rate each year in their review of fees and charges.
8. Although any changes to fees and charges would not occur until 1 April, it is necessary to use the September rate because this allows Officers sufficient time to: 1) complete fees and charges analyses, 2) develop recommendations on any proposed changes for the forthcoming financial year, and 3) ensure these processes are completed before this committee meets, which is also often months prior to the beginning of the financial year on 1 April. Officers also believe that it will allow sufficient time for the Office of National Statistics to public the September inflation rate following the conclusion of the month, which is often delayed by approximately one month.

## **Review of Fees and Charges**

9. In reviewing the fees and charges and in developing a recommendation for the West Ham Park Committee, factors that Officers will consider include:
  - a. Inflation: The 12-month RPI rate of inflation as measured in September of the current year.
  - b. Financial position: The past, present, and future-projected financial position of the charity.
  - c. Benchmarks: Where available, benchmarked local rates for similar fees, charges, and services.

---

<sup>1</sup> [RPI All Items: Percentage change over 12 months: Jan 1987=100 - Office for National Statistics \(ons.gov.uk\)](https://www.ons.gov.uk)

- d. Service and charity needs: The specific needs of the charity and West Ham Park, including the need for investments, repairs, new and existing services and programmes, and staffing needs.
- e. Other relevant factors as reported to this Committee.

## **Rounding**

- 10. For administrative ease, the following rounding conventions will be observed when proposing fees and charges for adoption by the West Ham Park Committee:
  - a. Under £50: rounded to the nearest £0.10.
  - b. Between £50 and £100: rounded to the nearest £0.50.
  - c. Over £100: rounded to the nearest £1.00.

## **Benchmarking**

- 11. When proposing fees and charges for other NLOS sites (Hampstead Heath, Highgate Wood, and Queen's Park), Officers perform benchmarking to similar local providers for those sites where it is possible. This helps ensure that fees and charges remain relevant and appropriate to local communities.  
Benchmarking of fees and charges at West Ham Park will also occur, where possible, in alignment with other NLOS sites.

## **Annual recommendations for committee**

- 12. In communicating a recommendation to the West Ham Park Committee, Officers will:
  - a. Present the relevant fees and charges for the current fiscal year.
  - b. Present the proposed fees and charges for the forthcoming fiscal year, both before and after rounding as noted in paragraph 11.
  - c. Include a concise narrative of the underlying reasoning for the proposed fees and charges and note exceptions or items for specific consideration where applicable.
- 13. Officer recommendations on fees and charges will be for one fiscal year (1 April to 31 March) and will take effect on 1 April annually.

## **Proposed Fees and Charges for Financial Year 2025-26 (1 April 2026 – 31 March 2027)**

14. Officers have given considerable thought to the fees and charges in West Ham Park. While raising additional revenue remains important and necessary to support delivery of the objectives of the Charity remains important, Officers also seek to ensure that the Charity continues to promote access to and the benefits of open spaces, the natural environment, and recreation, in line with its objects, by engaging with the local community to increase participation.
15. Accordingly, Officers propose to increase the majority of fees and charges only in line with the September 2025 RPI 12-month inflation rate of 4.5%, except for limited exceptions as noted in Appendix 1. This helps ensure that the Charity is taking appropriate measures given the impact of inflation on the Charity's expenses.
16. For reference, in 2025-26, an increase of 2.7% was adopted by the Committee, equivalent to the rate of inflation.
17. Officers have undertaken benchmarking to ensure charges remain in line with local other similar providers (Appendix 2).
18. The proposed fees and charges continue to include concessionary rates, which offer a 40% discount on the standard adult charge, as indicated in Appendix 1. Officers believe that this concessionary rate is competitive and helps to further the Charity's objective to promote participation in formal and informal recreation and support health and wellbeing for West Ham Park visitors.

#### **Forest schools**

19. Officers are reviewing the fees for forest school across all four open spaces at North London Open Spaces and will propose an updated and simplified fee structure to this Committee meeting on 30 April 2026.

#### **Sponsorship of benches**

20. Officers are finalizing a review of bench sponsorship across all four open spaces at North London Open Spaces and will propose a modernised fee structure and programme in the next Committee meeting on 30 April 2026.

#### **Corporate & Strategic Implications**

21. No implications.

#### **Strategic implications**

22. The proposed fees and charges directly support the West Ham Park Management Plan 2025 – 2035. This also contributes towards the achievement of the three

strategic outcomes outlines in the City of London Corporate Plan 2024-29 and the four Natural Environment Strategies (2024-29).

### **Financial implications**

23. The City's Financial Regulations require all Departments to recover full costs when setting charges to persons or external organisations or submit reasons to the appropriate service Committee when that objective is not met. It is therefore at the discretion of individual spending Committees to determine the actual level of fees and charges relative to the services they provide, after taking into account local considerations and priorities.

### **Resource implications**

24. Officers are currently operating in an environment of significant resource constraint. Fees and charges are a critical means for West Ham Park Charity to retain and generate resources needed to deliver services and manage the Park.

### **Legal implications**

25. West Ham Park Charity is a registered charity and the City of London Corporation is the corporate trustee. Members are reminded that any decision they take in respect of the Charity must be in the best interests of that Charity.

26. The objects of the West Ham Park Charity are to "for ever maintain and preserve the park in a proper and ornamental condition as open public grounds and gardens for the resort and recreation of adults and as a playground for children and youth". Under section 76 of the Public Health Acts Amendment Act 1907 (as amended by section 56 of the Public Health Act 1925 and applied to West Ham Park by section 4 of the City of London (Various Powers) Act 1933) the City of London Corporation may expressly also:

- a. Set apart any part of West Ham Park for the purpose of any game or recreation, charge reasonable sums for its use and exclude the public from the part set apart while it is in actual use for that purpose.
- b. Provide any apparatus for games and recreations, and charge for their use, or let the right of providing any such apparatus to any person.
- c. Provide and maintain pavilions or other buildings and conveniences and charge for admission.

### **Risk implications**

27. Risks are recorded in the West Ham Park Risk Register.

### **Equalities implications**

28. Equalities implications have previously been considered in respect of the proposals included in this report. Providing consistency in charging (including the application of concessions) and decision making provides equality of opportunity to individuals and groups applying to use West Ham Park.

### **Climate implications**

29. No implications.

### **Security implications**

30. No implications.

### **Conclusion**

31. West Ham Park continues to provide excellent value for money sports and recreational opportunities. The income generated through fees and charges contributes towards the cost of providing services and sports and recreational facilities, and to the significant cost of maintaining West Ham Park.
32. It is proposed that the majority of charges are increased by 2.7%, or increased otherwise as set out in Appendix 1, as noted herein.

## City of London Corporation Committee Report

<b>Committee(s):</b> West Ham Park	<b>Dated:</b> 29/01/2026
<b>Subject:</b> Revenue and Capital Budgets – 2026/27 – West Ham Park	<b>Public report:</b> For Decision
<b>This proposal:</b> <ul style="list-style-type: none"><li>• delivers Corporate Plan 2024-29 outcomes</li><li>• provides statutory duties</li></ul>	Providing Excellent Services Flourishing Public Spaces
<b>Does this proposal require extra revenue and/or capital spending?</b>	No
<b>If so, how much?</b>	£0
<b>What is the source of Funding?</b>	N/A
<b>Has this Funding Source been agreed with the Chamberlain's Department?</b>	N/A
<b>Report of:</b>	Executive Director Environment Chamberlain
<b>Report author:</b>	Niranjan Shanmuganathan, Chamberlain's Department

### Summary

This report presents for approval the revenue and capital budgets for West Ham Park charity (charity registration no: 206948) for 2026/27, for subsequent submission to Finance Committee.

The proposed draft revenue budgets for 2026/27 for West Ham Park amounts to £2.640m net expenditure. This represents an increase of £310k compared with the budget for 2025/26 of £2.330m.

The proposed budget for 2026/27 has been prepared within the resource envelope (core grant) allocated to each Chief Officer by Resource Allocation Sub-Committee, including an inflationary increase of 3% as well as contingency funding provided relating to the pay award effective from July 2024 and increases in employer's national insurance. The charity's core grant for 2026/27 also includes funding for the transfer of support services staff at West Ham Park whose costs were previously met by the Directorate.

The resource envelope must be adhered to, as failure to do so will impact Finance Committee's ability to set a balanced budget for the year ahead.

The report also reframes the proposed budget to show net expenditure as grant funding from City's Estate for 2026/27 which is broken down according to the individual elements of the grant (Core Grant, City Surveyor Works, Corporate Recharges and Support Services and Central Risk Expenditure). In addition, the

appendices include a summarised version of the budget for the charity set out in the format of the Statement of Financial Activities (SOFA) in line with best practice for the financial reporting of charities. Further details on proposed Grant Funding Model principles and arrangements are presented to Members for discussion and endorsement in the Natural Environment Charities Review – Grant Funding Model Principles paper.

## **Recommendation(s)**

Members are asked to:

- i) note the latest revenue budget for West Ham Park charity for 2025/26;
- ii) review and approve the proposed draft revenue budget for 2026/27 for West Ham Park charity for submission for approval by the Finance Committee, noting the contingency held by Finance Committee, agreed at its meeting on 13<sup>th</sup> January, and that the core funding will be reviewed based on the business case to be submitted by the Natural Environment Division;
- iii) review and approve capital and supplementary revenue project budgets for West Ham Park for 2026/27 for submission for approval by the Finance Committee; and
- iv) agree that amendments for 2025/26 and 2026/27 budgets arising from changes to recharges & support services or for any further implications arising from corporate contracts, energy price increases, changes to the Cyclical Works Programme (CWP) and depreciation during budget setting be delegated to the Chamberlain in consultation with the Executive Director Environment.

## **Main Report**

### **Introduction**

1. The City of London Corporation owns and manages almost 11,000 acres of historic and natural Open Spaces for public recreation and enjoyment. This includes West Ham Park which is a registered charity funded from City's Estate. The charity is run at no cost to the communities that it serves and are currently funded principally by the City, together with donations, sponsorship, grants and trading income.
2. This report sets out the latest budget for 2025/26 and the proposed revenue budget for 2026/27 for West Ham Park charity and under the control of the Executive Director Environment, analysed between:
  - **Local Risk Budgets** - these are budgets deemed to be largely within the Chief Officer's control and include budgets managed by the Executive Director Environment as well as by the City Surveyor specifically for repairs and maintenance and the Cyclical Works Programme (CWP);
  - **Central Risk Budgets** – these are budgets comprising specific items where a Chief Officer manages the underlying service, but where the eventual financial outturn can be strongly influenced by external factors outside of his/her control or are budgets of a corporate nature; and

- **Recharges & Support Services** - these cover budgets for services provided by one activity to another. The control of these costs is exercised at the point where the expenditure or income first arises as local or central risk.

3. Please note that City Corporation reporting convention (see Table 1) uses brackets to denote income, decreases in expenditure, or increases in income. However, where charity style reporting has been introduced in this paper (Table 2 and appendices), the convention is to show both income and expenditure without brackets, which are instead used to denote deficits or adverse variances. Only significant variances (generally those greater than £50k) have been commented on and are referenced in Appendix 1.

4. For 2026/27, budgets include:

- a 3% uplift for inflation as a cash limit to charity budgets;
- contingency funding to cover increased costs associated with the pay award to staff effective from July 2024 and increases in national insurance;
- transfer of staffing budgets;
- a clear distinction between local risk, central risk, and recharge budgets; and
- responsibility for budgetary control placed on departmental Chief Officers.

5. The budget has been prepared within the resource envelope allocated to the Executive Director Environment, with the following assumption:

- Support Services budgets reflect the attribution and cost of central departments. All support services are based on time spent or use of services and were reviewed during 2024/25 with the method of apportionment updated to reflect the latest up to date corporate information. However, the full budgets for these departments have not yet been finalised, so further changes to these budgets may be required. Members are asked to agree that the decision as to the changes required to these budgets are delegated to the Chamberlain in consultation with the Executive Director Environment.

6. Each of the Natural Environment Charities has been targeted to achieve unrestricted operational breakeven within the budget envelope. However, further to concerns raised by Members across the NE Charities as to the adequacy of funding to deliver baseline core operational activities safely and in line with statutory compliance, an additional ask has been made for 1) a baseline enhancement, and 2) an allocation of transformational funding to enable future income generation, address asset replacement priorities and build free reserves to support a successful transition to the Grant Funding Model. Finance Committee (13 January 2026) has approved a contingency to be held by Finance Committee for 2026/27, with funding proposals to be agreed under delegated authority, subject to business case (supported by a health and safety review and workforce efficiency review), by the Chamberlain and Executive Director of Environment in consultation with the Chair and Deputy Chair of the Finance Committee. Provisional numbers provided in relation to the West Ham Park charity comprise 1) an additional £100,000 baseline funding to support safe operations, and 2) one-off funding of £110k in relation to outline planning for the

WHP nursery site; and £139k to provide one month of free reserves.

7. Members should note that for 2026/27, the format of the budgets for the charity has been reviewed. The proposed draft budget for 2026/27 has been set out in the format of a summarised Statement of Financial Activities (SOFA) to enable West Ham Park to comply with the best practice for the financial reporting of charities, reframing the City's funding as grant funding (subject to formal approval of the grant funding principles and arrangements). A copy of the SOFA can be found in Appendix 1.
8. The overall proposed 2026/27 draft budget for West Ham Park, which includes the charity's relevant operating budgets (local risk and central risk) and recharges & support services budgets, plus the City Surveyor's CWP and building repairs & maintenance budget is £2.640m net expenditure. This is an increase of £310k when compared with the 2025/26 budget of £2.330m net expenditure.
9. The latest budget for 2025/26 and provisional draft budget for 2026/27 for the charity is summarised in Table 1 below and further analysed in the charity's SOFA in Appendix 1.

### **Proposed Draft Revenue budget for 2026/27**

10. The proposed 2026/27 draft budget is net expenditure of £2.640m an increase of £310k compared to the 2025/26 budget for the charity of £2.330m.
  
11. Appendix 1 provides details on budget movements between the 2025/26 budget and the 2026/27 proposed draft budget. Overall, there is an increase in net expenditure of £310k. The main reasons for this net expenditure increase are:
  - £189k increase in budgets for CWP projects managed by the City Surveyor relating to the agreed programme for the CWP backlog of works;

- £131k additional staffing costs. This is explained by additional costs budgeted for 2026/27 relating to the transfer of support services staff who were previously charged to the Directorate;
- £115k in capital expenditure relating to the replacement of the boiler in the changing room and replacement of the roof at the vehicle shed
- (£108k) net reduction in recharges and support services which is attributable to a decrease in recharges from the Directorate following a transfer of support services staffing costs to West Ham Park local risk budget

### **Staffing Statement**

12. Analysis of the movement in staff related costs are shown in Table 3 below:

**Table 3 – Staffing Statement**

Budget 2025/26		Budget 2026/27	
Staffing Full-time Equivalent	Estimated Cost £'000	Staffing Full-time Equivalent	Estimated Cost £'000
12.84	766	15.12	871

### **Cyclical Works Programme**

13. Table 4 below details the budgets held and proposed for the City Surveyor's CWP (please refer to the project list on Appendix 3 for details) and building repairs & maintenance:

<b>Table 4 – CWP &amp; City Surveyor Local Risk West Ham Park</b>	<b>Budget 2025/26 £'000s</b>	<b>Budget 2026/27 £'000</b>
Cyclical Works Programme (CWP)	978	1,162
Planned & Reactive Work – Breakdown & Servicing (City Surveyor Local Risk)	107	111
Cleaning (City Surveyor Local Risk)	13	14
<b>Total CWP and City Surveyor</b>	<b>1,098</b>	<b>1,287</b>

### **Grant Funding from City's Estate**

14. Please note that as part of the move to the Grant Funding model, the charity's total proposed grant funding from City's Estate amounts to £2.459m for 2026/27, an increase of £212k (9.43%) compared with the 2025/26 budget. A reconciliation

setting out how the grant has been calculated for 2026/27 can be found in Appendix 2. The grant from City's Estate is comprised of the following elements:

- Core Grant (Local Risk) - £759k – an increase of £131k (20.86%)
- Additional Grant (City Surveyor Works) - £1.287m – an increase of £189k (17.21%)
- Additional Grant – Recharges and Support Services - £413k, a reduction of £108k (20.73%)

15. Please note that the grant does not include funding for depreciation as funding for any capital expenditure has previously been provided to the charity relating to the total purchase price of assets in the year that the expenditure took place. Depreciation is however funded from the charity's designated reserve held for tangible fixed assets with the £67k depreciation budgeted for 2026/27 as shown in Appendix 1 being funded from this reserve.

### **Draft Capital and Supplementary Revenue Project budgets for 2026/27**

16. The latest estimated costs of the current approved Capital and Supplementary Revenue Projects are summarised below in Table 5:

**Table 5 – West Ham Park Draft Capital and Supplementary Revenue Project budgets - 2026/27**

Service	Project	Exp. Pre 01/04/25 £'000	2025/26 £'000	2026/27 £'000	2027/28 £'000	Later Years £'000	Total £'000
West Ham Park	West Ham Park Boiler Room			60			60
West Ham Park	West Ham Park Vehicle Shed			55	-		55
<b>TOTAL WEST HAM PARK</b>		<b>0</b>	<b>0</b>	<b>115</b>	<b>0</b>	<b>0</b>	<b>115</b>

17. The latest Capital and Supplementary Revenue Project forecast expenditure on approved schemes will be presented to the Court of Common Council for formal approval in March 2026.

### **Corporate & Strategic Implications**

Strategic implications – none

Financial implications – none

Resource implications – none

Legal implications – none

Risk implications – the net local risk budget (core unrestricted grant) has been set at a level which will make it challenging to breakeven in 2026/27 (and in future years) without calling

on reserves. This may therefore negatively impact delivery of core operations where additional cost savings and/or additional income are not achieved.

Equalities implications – none

Climate implications – none

Security implications – none

## **Conclusion**

18. This report presents the proposed draft revenue and capital budgets for 2026/27 for West Ham Park charity for Members to consider and approve.

## **Appendices**

**Notes**

1 £131k increase in core grant from City's Estate compared with 2025/26. This is explained by an inflationary uplift to operational budgets as well as funding provided for cost of living pay

2 £189k increase in City's Estate funding for works relating to the City Surveyor. This is primarily explained by additional expenditure incurred on the Cyclical Works Programme (CWP) to meet the backlog of works for projects falling under the CWP managed by the City Surveyor.
