10 QUESTIONS

11 MOTIONS

12 Awards and Prizes

A) Open Spaces Awards

Report of the Chairman of the Open Spaces and City Gardens Committee.

“I am delighted to announce that the City Corporation’s Open Spaces and Gardens have again received several prestigious Green Flag and London in Bloom Awards.

The Green Flag Award is the national standard for parks and green spaces and aims to recognise and reward the best green spaces in the country. All sites must be freely accessible to the public and perform well against eight criteria, including safety and security, cleanliness, management and sustainability. This year the following Open Spaces retained the Award; Ashted Common, Bunhill Fields, Burnham Beeches, Coulsdon Common, Epping Forest, Farthing Downs and New Hill, Hampstead Heath, Highgate Wood, Kenley Common, Queen's Park, Riddlesdown, Spring Park, West Ham Park, West Wickham Common and the City of London Cemetery and Crematorium.

Green Heritage Site accreditation, which is sponsored by English Heritage, is awarded in recognition of achieving the required standard in the management and interpretation of a site with local or national historic importance. The following Open Spaces retained their Green Heritage Site accreditation this year to acknowledge the heritage value of the sites:- Ashted Common, Kenley Common, Bunhill Fields, Burnham Beeches, Epping Forest, Hampstead Heath, Highgate Wood, West Ham Park and of the Cemetery and Crematorium.

The City Corporation now holds 15 Green Flag and 9 Green Heritage Awards.

The achievement of these Awards is a great tribute to the dedication and hard work of all the staff in the Open Spaces Department and the large teams of local volunteers who help to maintain the high quality of our Open Spaces.

I commend these achievements to the Court.”

B) Chartered Institute of Highways and Transportation (CIHT)

Report of the Chairman of the Planning and Transportation Committee.

“I am delighted to announce that the City Corporation’s Built Environment Department has received the ‘CIHT/Enterprise Mouchel Streets’ Award for the Cheapside scheme. The judges had considered the scheme to be outstanding and addressed the balance between movement and place as well as by the use of high quality materials.”

Rates Committees - Reports

13 **PLANNING AND TRANSPORTATION COMMITTEE** (Michael Welbank, Deputy)

(A) **Adoption of the Liverpool Street Area Enhancement Strategy**

Your Committee seeks approval for the adoption of the Liverpool Street Area Enhancement Strategy to progress the delivery of public realm improvement. A separately printed and circulated report has been submitted thereon.

The Strategy will provide prioritised enhancement proposals for public realm and road danger reduction as well as an improved, accessible, functional and safe environment that would support the increased footfall caused as a result of the work being undertaken by Crossrail at the entrances in Liverpool Street and Moorgate stations and in the buildings of the nearby Eastern City Cluster. In addition, the Strategy would identify current issues and future demands, setting out a framework for addressing these in the context of existing policies and guidance and we **recommend** its adoption

(B) **20 mph Speed Limit Benefits and Dis-benefits Investigation**

Your Committee seeks approval for the adoption of a 20mph speed limit in all City streets, including those managed by Transport for London, as part of the City’s Road Danger Reduction Plan to address the recent rise in the number of road casualties in the City and a separately printed and circulated report has been submitted thereon.

The City’s aim to tackle the recent rise in casualty numbers began with the adoption of the Road Danger Reduction Plan (RDRP) which detailed a range of methods to be undertaken between now and 2020. One of these called for an investigation into the reduction in the speed limit. A study was therefore undertaken which demonstrated that introducing a 20mph limit City-wide would be a cost-efficient and practical way to reduce casualty numbers quickly and we **recommend** its adoption, as set out in the report.
