

**Churchyard Enhancement Programme**  
**List of high priority churchyards**  
Appendix 1

## Top 11 High Priority Churchyards

Large scale landscape improvements	
Name	Comments
St Helen's Bishopsgate	Under-utilised space with opportunities for increased greenery and seating as well as step-free access. Concept design has already been developed. Possible to align with 22 Bishopsgate programme. Contingent on a maintenance agreement with CoL. Within ECC Area Strategy
St Anne & St Agnes	Large space with plentiful trees and greenery. Some issues exist with anti-social behaviour and accessibility. Opportunity to re-landscape to resolve issues and increase amenity value. In the vicinity of St Pauls Gyratory project (in design development). Adjacent to the Culture Mile and close to the planned Centre for Music.
St Paul's Cathedral	Largest of the City Churchyards. Numerous spaces of varying design and character. Extremely well-used which puts pressure on pathways and seating. Some re-landscaping would resolve issues, refresh planting and enhance amenity. Coordination required with the Cathedral's programme of works. Part of the emerging St Pauls Area Strategy.
St Bartholomew the Great	Popular space in need of some re-landscaping. May be possible to introduce step-free access from Cloth Fair. Railings are in need of repair. Within the Culture Mile.
St Mary Aldermary	Small space in poor condition that would benefit from re-landscaping. Possible to introduce railings and gates to resolve anti-social behaviour problems. Commercial activity issues need to be resolved/regularised
St Olave Silver Street	Good size space that is currently under-utilised. Some re-landscaping would increase amenity value and seating opportunities. Opposite proposed new Centre for music and adjacent to the Culture Mile.
St Botolph Bishopsgate	Large space that is very well used and a popular walking route. Opportunity to re-landscape some sections to refresh planting, improve layout and reduce opportunities for rough sleeping. Within the ECC Area Strategy
St Brides Fleet Street	Primarily hard-landscaped. One of the few public spaces in this area. Possible to introduce more greenery and seating to increase amenity value.
Christchurch Greyfriars	The eastern section of the Churchyard is a very high quality with excellent planting. This contrasts with the western section that is mainly lawn and under-utilised. Possible to re-landscape western section to

	introduce more planting with new pathways and seating areas to better complement the eastern section. Potential for new access from Newgate Street to increase perception as a public space. Adjacent to the St Pauls Gyratory project. Adjacent to the Culture Mile.
St Mary at Hill	Small space in need of enhancement. Proposed to introduce step-free access Live project: Detailed design is complete and approved by Committees
St Peter Westcheap	Small space in need of re-landscaping. Historic railings are in need of refurbishment. Sketch designs produced as part of Greening Cheapside project
