Board of Governors of the City of London School for Girls	10 June 2019
Subject: Risk Register 2018-19 for The City of London School for Girls Bursary Fund incorporating The City of London School for Girls Scholarships and Prizes Fund	Public
Report of: The Chamberlain and the Bursar of The City of London School for Girls	For Decision
Report author: Steven Reynolds, Chamberlain's Department.	

Summary

This report provides a key risks register at Appendix 2 for The City of London School for Girls Bursary Fund incorporating The City of London School for Girls Scholarships and Prizes Fund for review by Members on behalf of the trustee (the City of London Corporation), to ensure that existing risks are reconsidered, any new risks are identified and that appropriate measures are in place to mitigate those risks.

This register has been prepared and scored using the City of London Corporation Risk Matrix at Appendix 1.

Currently, the register contains eight risks, of which six have a green score and two are amber – currently there are no red risks. No new risks have been identified, and the risk scores remain unchanged to those presented to this Board last year.

Recommendations

Members are asked to review the register to confirm that it satisfactorily sets out the risks facing the charity and appropriate measures are in place to mitigate those risks.

Main Report

Background

1. This report provides a key risks register for The City of London School for Girls Bursary Fund incorporating The City of London School for Girls Scholarships and Prizes Fund administered by the Board of Governors of the City of London School for Girls on behalf of the trustee (the City of London Corporation).

2. In accordance with the Charity Commission's Statement of Recommended Practice (SORP), Trustees are required to confirm in the charity's annual report that any major risks to which the charity is exposed have been identified and reviewed and that systems are established to mitigate those risks.
3. The Charities SORP requires that the register is reviewed annually to ensure that existing risks are reconsidered and any new risks are identified.

Review of Risks

4. The method of assessing risk reflects the City of London's standard approach to risk assessment as set out in its Risk Management Strategy as approved by the Audit and Risk Management Committee. The City of London Corporation risk matrix, which explains how risks are assessed and scored, is attached at Appendix 1 of this report.
5. The risk register to be reviewed by the Board of Governors of the City of London School for Girls is set out in Appendix 2. This contains eight risks as summarised below:
 1. Income from investments may decline – overall risk score of amber (12);
 2. Awards may not comply with objectives – overall risk score of green (1);
 3. Applicants do not disclose full details – overall risk score of green (3);
 4. Insufficient beneficiaries – overall risk score of green (4);
 5. Funding from the City may reduce – overall risk score of amber 8;
 6. Charity lacks direction, strategy, and forward planning – overall green (4);
 7. Conflicts of interest – overall risk score of green (1); and
 8. Loss of staff – overall risk score of green (3).

Mitigation of amber risks

Risk 1 is mitigated through investments being managed by a professional fund manager, whose performance is monitored by the Chamberlain and Financial Investment Board. All current measures are being taken and nothing further can be done (at this time) to mitigate the risk.

Risk 5 would be mitigated through trying to agree a phased approach to any reduction to ensure that replacement funds could be found from elsewhere.

6. Each risk in the register has been considered by the responsible officer within the Corporation who is referred to as the Risk Owner in the register.
7. No new risks have been identified, and the risk scores remain unchanged to those presented to this board last year.

Conclusion

8. The various risks faced by the charity have been reviewed and Members are asked to confirm that the attached register satisfactorily sets out the key risks together

with their potential impact and that appropriate measures are in place to mitigate the risks identified.
