OBJECTION TO UNIT 7, BARTS SQ. DEVELOPMENT.

Dear Sir/madam,  
I am writing to object to the opening hours applied for this unit.

This property has residential units above it and beside it and a closing time of 23.30 Monday- Saturday (22.30 Sunday) is far too late. In practice, this would mean customers might well be exiting the premises after midnight.

In addition, the proximity of the property to Middlesex Passage is likely to mean significant numbers would be using this narrow passageway, long after we have retired for the night.

I would also stress how important it is that there is a condition that all doors and windows are kept closed at all times and that silent air conditioning is in place.

I should be grateful if you would acknowledge receipt of this objection.

Many thanks
