Subject: Annual agenda plan for the Board of Governors	Public
Report of: Principal, Guildhall School	For Decision
Report author: Secretary & Dean of Students	

Summary

The agenda plan covers the usual set of required reporting plus the broad themes adopted last academic year to ensure that the full range of the School's activities is covered in detail at some point during the year.

At each meeting the Principal's reports will also include updates on the achievements and challenges for each directorate.

The cycle and agenda plan is based on current Office for Students (OfS) reporting requirements but these may change. [Housekeeping matters have not been included.]

Members are asked to give consideration to load and appropriate breadth.

Recommendation

Members are asked to:

- Endorse the agenda plan (subject to amendment if required) for adoption during the year
