Main Report

Background

1. The City and Hackney Safeguarding Adults Board is a multi-agency partnership, represented by statutory and non-statutory stakeholders. The role of the Board is to assure itself that robust safeguarding procedures are in place across the City and Hackney to protect adults at risk of abuse and neglect. Where abuse and neglect does occur the Board and its partners are committed to tackling this and promoting person centred care for all adults experiencing abuse or neglect. The Board's annual report sets out an appraisal of safeguarding adults' activity across the City of London and Hackney in 2018/19.
2. The Care Act 2014 sets out a clear statutory framework for how local authorities and other key partners, such as care providers, health services, housing providers and criminal justice agencies, should work together to protect an adult's right to live in safety, free from abuse and neglect. It introduced new safeguarding duties for local authorities, including: leading a multi-agency local adult safeguarding system; making or causing enquiries to be made where there is a safeguarding concern; carrying out Safeguarding Adults Reviews; arranging for

the provision of independent advocates; and hosting Safeguarding Adults Boards.

3. In setting out a statutory requirement for Safeguarding Adults Boards for the first time, the Care Act 2014 established three core duties for those Boards. The Board must:
 - Publish a strategic plan for each financial year that sets out how it will meet its main objectives and what the members will do to achieve this.
 - Conduct any Safeguarding Adults Reviews as may be required.
 - Publish an annual report detailing what the SAB has done during the year to achieve our main objectives and implement its strategic plan.
4. This annual report is provided in line with this requirement. Please see the appendix for the summary of City Specific Objectives for CHSAB. The full document can be read at:

Current Position

Key achievements 2018/19

5. In line with its strategy, the key achievements for the Board in 2018/19 include:
 - Prioritising co-production and engagement with service users and residents by setting up a task and finish group to plan how to obtain their views on safeguarding related matters. The task and finish group produced a service user newsletter and also co-produced posters on a financial abuse awareness campaign. The Board received positive feedback from those that co-produced the work, who were happy to see that the Board had implemented their suggestions
 - Published two Safeguarding Adults Reviews (SARs) regarding Hackney residents, helping us identify what we need to do better to support adults at risk of abuse and neglect in the community
 - Held a staff forum to help us understand where staff have improved their safeguarding and what further actions they need the CHSAB to take to support us
 - Asked our partners to audit their safeguarding performance internally. A total of 26 organisations across the City and Hackney completed an audit and the findings were used to help the Board identify our priorities for 2019/20
 - Ensured that relevant actions from SARs are included in the health and social care transformation agenda and neighbourhood model in City and Hackney

- In the City, the No First Night Out project, shared with Hackney and Tower Hamlets, achieved over 190 prevention outcomes, exceeding its funding targets
- There was also the development of the community builders' initiative in the City, to help build community resilience, with completion of a successful pilot on the Golden Lane estate. The pilot is now being rolled out to other estates.
- The Modern-Day Slavery Statement was created on November 2018, which sets out what the City will do to tackle modern slavery. A multi-agency modern slavery group has now been created and meets bi-monthly to drive work around this area.

Areas for further development

6. The Board will continue to progress work around the following actions that were initiated in 2018/19:
 - Efforts were made to hear directly from people who have experienced safeguarding services, unfortunately we were not been successful in achieving this
 - Work to provide assurance to the Board that processes are in place to safeguard people who have care and support needs and are homeless, this was carried forward into 2019/20
