Background

This report updates members on issues raised by the Residents' Consultation Committee and the Barbican Residential Committee at their meetings in December 2019. This report also provides updates on other issues on the estate.

1. Electric Vehicle Charging (EVC)

Following the introduction, pilot and ongoing review the BEO have been informed that Officers from the Department of the Built Environment (DBE) are reviewing EV provision and opportunities in the City including the Barbican Estate as well as the development of an EV Car Club. The DBE are leading on this and have carried out a factfinding exercise in order to develop a policy for the City which will include stakeholder engagement with resident representatives and members of the EVCWP.

As of January 2020, there were 14 permanent and 2 temporary EV Barbican resident users (there are 30 EVC points in the car parks).
