SUR CB 006a	Counter Terrorism	<p>Sequence of joint workshops were hosted by TFL over July. These related to Threat Assessments for the bridges. The meetings involved TFL, the City Police, the MET Police and DBE. This investigated the risks associated with key bridges, with a different assessment made depending on the bridge.</p> <p>When TFL assess the overall risk, they applied a higher risk impact than the City currently assesses. However, this relates to the overall risk, rather than the element for which the City of London Corporation, and the City Surveyor's Department, is responsible.</p> <p>TFL and DBE will be holding a meeting relating to the threat assessments for the bridges. TFL will be taking the lead in terms of the response.</p> <p>Temporary mitigation by the Metropolitan Police remains in place, but this is not full Hostile Vehicle Mitigation.</p>	Nicholas Gill; Paul Monaghan; Peter Young	19-Feb - 2020	31-Mar-2020
