OSD P&G 003 Finance - Budget reductions implications 25-Nov-2015 Stella Fox; Martin Rodman	<p>Causes: Lack of skills to deliver projects. Unrealistic scoping targets and deadlines. Conflicting priorities between corporate/departmental change programme and Divisional issues</p> <p>Event: Division is unable to deliver budget reduction programmes to agreed targets and timescales. Adverse workload impact on service delivery. Closure of the Nursery at WHP</p> <p>Impact: Divisional failure - Alternative savings required that may not best suit culture change nor properly support core activities. Departmental failure – Transfer of financial pressures from one area of the Department to another on a reactive basis. Ability to deliver ‘existing level of services’ declines. Negative press, reputational damage.</p>	<p>Likelihood</p> <p>Impact</p>	16	<p>Budget implications of COVID-19 have compounded existing budget pressures. We are anticipating a reduction in income and an increased spend on health and safety / COVID-related equipment and actions.</p> <p>The target score for this has been increased. We aim to reduce this to Amber by the end of the financial year by reducing the impact on our sites and services.</p> <p>18 Jun 2020</p>	<p>Likelihood</p> <p>Impact</p>	8	31-Mar-2021	<p>Increasing</p>

Invasion of pests and diseases from neighbouring areas e.g. Oak Processionary Moth, Massaria, etc</p> <p>Event: Sites become infected by plant or tree diseases</p> <p>Impact: Threat to human health, either directly or indirectly. Service capability disrupted, ineffective use of staff resources, damage to corporate reputation, loss of species, site closures (temp) and associated access, increased costs for reactive maintenance.</p>	 <p>Likelihood</p> <p>Impact</p>	12	<p>OPM spraying has taken place at West Ham Park. OSD P&G 006 Public Behaviour 25-Nov-2015 Stella Fox; Martin Rodman	Causes: Crime, irresponsible dog owners, rough sleepers, user conflict, trespass, alcohol. Event: litter, dog fouling, dog attacks, public incursions, anti-social behaviour Impact: Reputational damage, injury to visitors, insurance claims, rise in crime rates. Increase in costs of managing public behaviour	 Likelihood	12	This risk has significantly reduced for City Gardens as public visits have dropped significantly during lockdown. West Ham Park, however, has seen a huge increase in visits, especially as lockdown has been eased, and the requisite antisocial behaviour from members of the public. We are liaising with the police and taking steps to try to address this. The risk has increased due to the increased pressure on our spaces, and the closure of the toilets and other facilities has further increased the impact. We aim to reduce this risk impact by the end of the year, but this is dependent on changes to lockdown and other factors we can not effect. 18 Jun 2020	 Likelihood	6	01-Nov-2020	 Increasing

OSD P&G 005 Climate and Weather 25-Nov-2015 Stella Fox; Martin Rodman	<p>Causes: Severe wind events, prolonged drought conditions, prolonged precipitation or restricted precipitation. May be climate change influenced</p> <p>Event: Severe weather/climate impacts at one or more sites</p> <p>Impact: Service capability disrupted; fire, flood and storm events (potentially increasing in frequency); increased demand for staff resources to respond to incidents and maintain site safety; loss of species, temporary site closures and associated access; increased costs for reactive management. Injury or death to staff, visitors, contractors and volunteers. Damage/loss of habitats and species.</p>	<p>Likelihood</p> <p>Impact</p>	6	<p>Extreme Weather Policy was rolled out in January 2020 and has used several times due to recent storms. This improves our ability to reduce risk by closing sites before extreme weather events occur.</p> <p>As a result, the risk has been downgraded to Amber 6 and we have achieved the target score. We aim to remain at this score, and we accept this level of risk.</p> <p>18 Jun 2020</p>	<p>Likelihood</p> <p>Impact</p>	6	01-Mar-2021	<p>Decreasing</p>

OSD P&G 005 a	Increased variety of species planted in order to 'spread the risk', e.g. more drought tolerant species and those better able to cope with a range of temperatures/ rainfall levels. Captured in strategic documents e.g. CoL Tree Strategy SPD.	City's Climate Adaptation Strategy was due June 2020 but has been slipped due to current workload pressures. Biodiversity Strategy is currently being reviewed and is due by 2021.	Lucy Murphy; Jake Tibbets	18-Jun-2020	01-May-2021
OSD P&G 005 c	Monitoring of weather warning: fire severity index, hydrological outlook and water situation reports. Use staff email to advise on reactive reporting of weather warnings received through MET office and Resilience Forum	Extreme weather policy with procedures in place to close the park when there are severe alerts of amber and red with gust of 45mph or more. An action log of these decisions is held to monitor patterns. Ongoing action.	Martin Rodman	18-Jun-2020	30-Sep-2020

OSD P&G 009 Ultra-Low Emissions Zone 15-Mar-2019 Martin Rodman	<p><i>Cause:</i> Change to legislation requires broad-reaching replacement of fleet. Insufficient budget allocated to this process combined with corporate green energy procurement regulations.</p> <p><i>Event:</i> Budget impact results in financial failure for one or more divisions within Open Spaces, either by purchasing fleet or failing to purchase fleet and receiving large fines.</p> <p><i>Impact:</i> Large-scale budget failure caused by either fleet purchase or failure to purchase new fleet resulting in fines. This would have knock-on financial impact on other projects within the CoL, along with reputational risk for failing to adhere to legislation.</p>	 <p>Likelihood</p> <p>Impact</p>	4	We have achieved our target on ULEZ as fleet is now compliant. However, there are further issues to resolve regarding diesel and electric vehicles. We will continue to report on this risk until these are resolved. 18 Jun 2020	 <p>Likelihood</p> <p>Impact</p>	4	31-Mar-2021	 Decreasing
