

Committee(s)	Dated:
Port Health and Environmental Services	21 July 2020
Subject: Massage & Special Treatment Licence Fees 2020/21 (Reduction for COVID-19 restrictions)	Public
Report of: Director of Markets and Consumer Protection	For Decision
Report author: Peter Davenport - Licensing	

Summary

The City of London Corporation may set annual fees for those premises requiring a licence for Massage and Special Treatments. A report went before this committee on 3 March 2020 where fees were set for 2020/21.

Since the end of March 2020 those premises that have a massage and special treatment licence have not been permitted to trade due to restrictions placed on them by the Government in order to prevent the spread of coronavirus (COVID-19).

These premises are still not permitted to open and therefore, in order to assist businesses as much as possible whilst staying within legislative requirements, it is intended to reduce fees for 2020/21 in order to compensate them for the 'unused' period of their licence.

The proposed fees will result in a loss of income against budget, estimated at 7K assuming businesses are permitted to commence trading during August.

Recommendation(s)

Members are asked to:

- Agree the proposed reduction of fees for 2020/21 as set out in Appendix 2 (column two).

Main Report

Background

1. Part IV of the London County Council (General Powers) Act 1920 permits the City Corporation to set a fee for the administration and inspection costs associated with granting or renewing a licence to permit an establishment to carry on massage or special treatments (MSTs). Examples of the different types of massage and special treatments which require a licence can be seen as Appendix 1.
2. Licences are valid for twelve months from the date of grant unless revoked. The licence fee is due for payment at the time of application or prior to renewal. All licences are valid for a period of up to 12 months and expire on 31 March each year.
3. Fees for 2020/21 were agreed by this Committee on 3 March 2020 and can be seen in column three of the table in Appendix 2. The fees took account of High Court case decisions and the processes undertaken in order to administer any licence application and the cost of investigating compliance with any licence conditions.
4. Since this decision was made, premises that have a massage and special treatment licence ('MST premises') have not been permitted to trade due to restrictions placed on them by the Government in order to prevent the spread of coronavirus (COVID-19).
5. When these restrictions are eventually lifted, MST premises would have been unable to use their licence for several months. However, they would still have paid/be expected to pay the full licence fee as agreed by this committee in March 2020.
6. The forecast number of applications for the different type of licences for 2020/21 can be seen in the table below along with the number of licences/registrations that were actually granted during 2019/20.

	2019/20	2020/21
	Actual	Forecast
New MSTs with lasers	4	4
Renewal of MSTs with lasers	13	13
New MSTs	7	7
Renewal of MSTs	67	65

Proposals/Options

7. In order to assist MST premises, once they are eventually permitted to trade, it is proposed that from April 2020 for each month (or part of a month) that they were unable to open due to Government restrictions, their licence fee will be reduced by approximately one twelfth.
8. The proposed reduction of fees can be seen as column two of the table in Appendix 2.

Implications

9. The cost of administering the forecast number of licences in 2020/21 is estimated at £59,000 and, based on the fees set in March 2020, this would have been met by a combination of £50,000 from current year fees and £9,000 from prior year over-recovery of costs.
10. Following the proposal in paragraph seven, estimated income from current year fees will reduce by one twelfth for each complete/part month that the licence is unable to be utilised due to the COVID-19 restrictions. This will result in a loss of income of approximately £4k per month whilst current Government restrictions are in place.
11. If businesses are permitted to commence trading during August, the estimated amount of income from current year fees for 2020/21 would be approximately £29,000: a loss of £21,000 against estimated income prior to Government restrictions being in place. A further £14,000 of prior year over-recovery of costs is available to offset the reduction in income from current year fees, and the overall loss for 2020/21 would then be £7,000 against the budgeted income of £59,000. If restrictions continue beyond August, this loss will increase by approximately £4,000 for each additional month.

g. Baths including but not limited to fish pedicures, floatation tank, foot detox, hydrotherapy, sauna, spa or thalassotherapy.

Appendix 2

Special Treatment Licence Fees Reduction Element For 2020/21

This document sets out the reduction element against the current 2020/21 fees payable for the licensing of premises providing massage or special treatments. The reduction element is applicable for each month, or part month, the licence has not been used due to Government COVID-19 restrictions.

Application Type	Reduction of Current Agreed Fee For Each Month Unable To Trade Due To Government Restrictions	Current Agreed Fees For 2020/21
New massage and special treatment licence <u>to include laser treatment</u>	£63	£760
Renewal of a massage and special treatment licence <u>to include laser treatment</u>	£47	£570
New massage and special treatment licence <u>No laser treatment</u>	£55	£660
Renewal of a massage and special treatment licence (<u>No laser treatment</u>)	£41	£500
