Board Consultation

The consultation was co-produced with members of the Board's service user group. In total, the consultation was completed by 130 people; the key findings were:

- 1) Residents and professionals had a varying understanding of safeguarding – most people understood that its purpose is to protect people from abuse and neglect however there was a misunderstanding that it is a service to deal with all adults needs
- 2) 90% of people had heard of at least three types of abuse, with most people being familiar with sexual and physical abuse
- 3) 86% of respondents identified an appropriate source to refer safeguarding concerns to – either adult social care or the police
- 4) Residents were concerned that adults with care and support needs who were at risk of abuse did not have appropriate access to services
- 5) The public wanted the Board to focus on:
 - i. Raising awareness of different forms of abuse
 - ii. Engaging with community groups on safeguarding related issues
 - iii. Supporting people who are homeless and have safeguarding needs
 - iv. Supporting professionals with incorporating safeguarding into practice
 - v. Tackling social isolation and therefore reducing the risk of abuse and neglect

Key achievements

3.1 In line with its strategy, some of the key achievements for the Board in 2019/20 include:

- 1) The Board has ensured that service user engagement has been adopted as core business. There are regular newsletters and service user events, which allow and encourage co-production. In the last year the group has co-produced work around the Strategy consultation and how the Board can better engage with individuals who have been involved in the safeguarding process. The Board has developed a service level agreement and protocol to ensure that there is assurance that service user engagement remains core business
- 2) The Board has worked with Community Safety Partnerships in City and Hackney and Children's Safeguarding Partnership to set up the Transitional Safeguarding Task and Finish group to help identify what the safeguarding issues are affecting young people aged 16 -25 years old and what can be done to better support this group
- 3) The Board undertook its second 360 degree review of the Independent Chair, the results of which were highly positive.
- 4) The Board held a Safeguarding Adults Week in line with the National Safeguarding Adults Week which took place between 18 – 24th November 2019. During this week, members of the Board delivered workshops to frontline professionals, had a number of stands in public places to engage with residents, refreshed its safeguarding leaflets and also engage residents to fill in the Board consultation for the Strategy.
- 5) Publish one Safeguarding Adults Review (SAR) in relation to Jo-Jo, a young woman with learning disabilities who died of crusted scabies. The Board also published a joint SAR, with Lambeth, Newham and Islington Safeguarding

Adults Boards, Yi, about a man experiencing multi-exclusionary homelessness.

- 6) The City of London has secured funding to recruit a social worker who will be dedicated to working with people who are street homeless.
- 7) Following the recommendations from the Jo-Jo SAR the City and Hackney Clinical Commissioning Group has appointed new clinical leads to improve learning disability services in primary care and system wide working for children for children transitioning into adult services. Some of their areas of focus will include improving Learning Disability Registers so all patients get annual reviews, developing resource packs and a Learning Disability/Autism champion network.
- 8) Barts Health included a form on mental capacity during an upgrade of their electronic forms. This has helped prompt staff to consider mental capacity when working with patients.

Areas for further development

3.2 The Board was unable to meet its goals in relation to the following, and will continue to work on these into 2020/21:

- 1) Obtaining representative service user engagement with the Board, by failing to fill roles for two Lay Members. Going forward the Board has designed a large scale advert and leaflets about how volunteers can get involved in the Board's work. These will be published in local newspapers.
- 2) The development of a toolkit for mental capacity assessment was not achieved. The Board has subsequently decided to take forward work regarding mental capacity and executive capacity.
- 3) Following the Review of the Independent Chair the Board agreed that it needed to improve its processes for collecting reviewing data. The Quality Assurance Group has now revised its processes so there is a clearer pathway of reporting to the Executive Committee Group.
