Lower investment transactions . Lower lettings transactions . Longer development and refurbishment timelines . Longer and less accurate valuations <p>Event: The spread of COVID 19 impacts on the City Surveyors business, namely collection of rental income</p> <p>Effects: Through the spread of COVID 19 tenants are not able to pay their rental payments leading to rent arrears or forfeit leases on managed/FR&I tenants, confidence in the City of London Corporation and the City of London is damaged</p>	<p>Likelihood</p> <p>Impact</p>	16	<p>A proposal has been presented to PIB in Aug (subsequently to RASC) for a further rent-free period for 'at risk' tenants for the September quarter (with a cap of £4.624m). This has been agreed in principle, subject to delegation to the TC in consultation with the Chair and Deputy Chair of P&R and Finance.</p> <p>The moratorium on enforcement action has been extended to 31 December. <p>CVD19 SG PROP 02 Property Projects (SUR)</p> <p>15-Apr-2020 Ola Obadara</p>	<p>Cause: The spread of COVID 19 has continued to escalate affecting the Capital Projects which are currently underway.</p> <p>Event: The restrictions as a result of COVID-19 impacts on the delivery of Capital Projects for the City of London Corporation.</p> <p>Effects: Due to the restrictions as a result of COVID-19 Capital Projects by the Property Project Group will be affected resulting in project delays and financial consequences. (this can include shortages in labour or materials, or slowing of work due to PHE H&S guidance)</p>	<p>Likelihood</p>  <p>Impact</p>	<p>16</p>	<p>Contractors are back on site.</p> <p>Following site assessments from contractors, the risk score has been increased (July). This has increased the likelihood to 'likely' from 'possible'. This is in response to working constraints imposed by PHE which will impact the efficiency of the worksite. These assessments were only possible once the contractors were back on site, and PHE had released their guidance.</p> <p>The CoL will shortly have tenders being returned, and it is anticipated that Covid-19 may impact the cost quoted in these returns. The returns received to this point have actually been below budget, which is a positive result for the City.</p> <p>There are isolated incidents with some contractors not adhering to guidance, and this is being dealt with where appropriate.</p> <p>27 Nov 2020</p>	<p>Likelihood</p>  <p>Impact</p>	<p>12</p>	<p>31-Mar-2021</p>	<p></p> <p>Constant</p>

CV19 SG PROP 02h	Contractor may request additional fees, additional statutory authority fees	Reduced prelims valued to the contractor if there is reduced resource on site; ask parties to demonstrate what additional costs are for, and which contractual clause it relates to; negotiate additional fees upfront ahead of agreeing start on site. Contractors have recently experienced issues obtaining insurance and these costs may be passed along to the CoL. Whilst initial results seem to be positive for the City, this will continue to be monitored.	Ola Obadara	27-Nov- 2020	31-Mar- 2021
CV19 SG PROP 02i	Material and components	It is the contractor's responsibility for managing materials on site. There has been a potential issue with regards to the availability of materials and components when projects are on-site – particularly related to long lead items and those from abroad. Property Project Group is monitoring for impact, although this appears to be easing currently.	Ola Obadara	27-Nov- 2020	31-Mar- 2021

CVD19 SG PROP 03 Property Projects - Site Closure (SUR) 28-May-2020 Ola Obadara	Cause: COVID 19 and current or future PHE guidance. Event: Site cannot comply with current, or potential future PHE guidance and social distancing requirements Effects: Site shutdown until a point where social distancing requirements and PHE guidance allows a return to work.	 Likelihood	8	This newly created risk reflects the fact that it will not be possible to recommence work at some sites due to current PHE and HSE guidance – particularly in relation to social distancing. Potential future PHE guidance may also mean further site closures. As contractors have returned to site, progress is being made across the piece, but some sites may need to shut in the future. Some contractors are undertaking their own risk assessments and instituting site rules above PHE guidance. 27 Nov 2020	 Likelihood	8	31-Mar-2021	 Constant

CVD19 SG PROP 03a	Contractual risks	The responsibility for delays, disruption and commercial risks are typically spelled out in construction contracts and appropriately allocated to the party in the best position to mitigate such risks. Delays caused by COVID-19 impacts may be covered under a force majeure or similar clause of the contract. Contractors will argue that COVID-19 related delays were wholly unforeseeable and outside of the contractor's control, and therefore the contractor should not be held responsible. Under these circumstances, many contracts entitle the contractor to a time extension of the project completion date, and some contracts also allow for the contractor's recovery of increased performance costs. For new contracts, these will account for Covid-19 and these 'contractual risks' will be built into the price and timeframes – although it should be noted that Covid-19 remains a fluid challenge, and future changes to SOPs may result in increased risk	Ola Obadara	27-Nov-2020	31-Mar-2021

CVD19 SG PROP 03b	Health and Safety.	Guidance from Government and CLC is regularly monitored with the Principal Designer, updated RAMS have been received from the contractor.
