CVD19 SGPS 03 Wholesale Markets (M&CP) 09-Apr-2020 Jon Averbs	<p>Cause: The spread of COVID-19 continues to escalate affecting staff, businesses and stakeholders.</p> <p>Event: Trading at the markets reduces to a point where businesses will begin to close, either temporarily or cease trading permanently. Absence levels of CoL staff increase to a point where we are unable to provide critical services. This includes maintaining regulatory compliance</p> <p>Effect: The spread of COVID-19 impacts on the City's ability to safely operate the three wholesale food markets leading to partial or full closure which may lead to permanent business closures and affect the future viability of the markets. Reputational damage to the City and public health risks may be realised due to overcrowding and failure of market users to follow COVID-Secure guidance. The City may also be unable to recover debts if businesses are not sufficiently able to mitigate the threat of coronavirus to enable them to reopen post lockdown.</p>	Likelihood Impact	8	Trading is currently at a steady state and will be kept under review. The current lockdown is likely to impact trade at the market. Working with relevant local authorities to ensure COVID-Secure guidelines are followed. On 12 February 2021, the London Borough of Waltham Forest took formal enforcement action against eight tenants at New Spitalfields Market who were found to be non-compliant with the relevant COVID Regulations. 15 Feb 2021	Likelihood Impact	4	01-Jun-2021	 Constant

CVD19 SG BE 03c Market operations	Review market operations to evaluate the possibility of implementing social distancing, PPE and delivery of orders to reduce the need for collection and other measures to keep people safe.	<p>All three markets have implemented the following social distancing and public information measures:</p> <p>The constabulary are visible on the market floor and advising the public to stay apart. Posters are in place and visitors are given flyers reminding them of social distancing guidelines.</p> <p>During trading hours there are regular public address system announcements reminding market users of social distancing guidelines.</p> <p>Entry is refused to non-wholesale customers and groups of people. One member of the group will be admitted access.</p> <p>The Superintendents will speak with tenants whose businesses attract more public sales and instruct them to do more to manage their customers.</p> <p>It has been decided that line marking is not an option as the tape will not stick to market flooring and coloured lines would fade quickly. These measures compare favourably with the steps taken by other UK wholesale markets.</p> <p>We continue to follow UK Government COVID-Secure guidance and are working with the relevant local authorities to ensure market users follow recommended guidelines.</p>	Jon Averns	15-Feb-2021	01-Jun-2021
