CHB LGPS 008 Pension Administration Software	<p>Cause: (i) Contract expires and is not replaced. (ii) Contract expires and replacement is delayed.</p> <p>Event: Unable to meet statutory obligations of the LGPS or PPS</p> <p>Effect: (i) Pensions not paid (ii) sanctions and fine (iii) Complaints and loss of reputation.</p>		16	<p>The current software contract expires on 13 October 2021 following a two year extension. The CoL must complete a procurement exercise to appoint or re-appoint a provider by 14 October 2021.</p> <p>Failure to deliver by 14 October 2021 may result in a delay to processing of benefits and the cessation of the Local Government Pension Scheme (LGPS) administration processes.</p> <p>There is a Framework for LGPS software administered by Norfolk County Council. The framework has already identified and selected the providers that may meet the CoL requirements and provides technical specification of the software.</p>		8	31-Mar-2021

008a	<u>Papers presented to CoL Boards for approval, stakeholder consulted</u>	<u>Procurement, Digital Services and Project Boards attended in August, September, October and November request to approve process and move to next steps. Return to Board in March 2021 prior to award of contract</u>	Matt Mott	04-Jan-2021	31-Mar-2021
008b	<u>Ensure all relevant providers are included in tender as per the framework, seeking timely outcome and value for money</u>	<u>The tender application process has now closed and the Pensions Office, with colleagues from procurement and IT departments are currently evaluating the applications received.</u>	Matt Mott	19-Feb-2021	31-Mar-2021
008c	<u>Robust checking of software specification questions and accuracy of answers across all areas of the administration.</u>	<u>Providers will be questioned about all areas of software provision such as member record data, workflow and accuracy of core calculations prior to offer and anticipated award in early April</u>	Matt Mott	04-Jan-2021	31-Mar-2021
008d	<u>Removal of single person dependencies</u>	<u>With effect from 9 February members of the Pensions Office will be involved in the evaluation of the applications and determination of award with procurement. This will aid a successful outcome by reducing the single person dependency within the Pensions Office that currently exist with only the Pensions Manager involved in the procurement process, allowing a successful outcome even in the event of officer absence for reason such as illness etc</u>	Matt Mott	04-Jan-2021	31-Mar-2021
008e	<u>Resourcing - Work with the successful vendor on resource planning at project commencement to ensure all resource requirements are identified from the onset. This will be part of a wider mobilisation plan.</u>	<u>As part of the information issued by the Norfolk County Council Framework all onboarding to be considered as a deliverable. Question will be asked of all potential bidders based on this information. Project Management resource allocated from IT Project office to help manage post tender award process.</u>	Matt Mott	04-Jan-2021	31-Mar-2021
008f	<u>Ensuring that the pensions administration software is included in the departmental business continuity plans</u>	<u>Updating the business impact analysis details used in the departmental continuity plan as required.</u>	David Clelland	04-Jan-2021	02-Nov-2021
008g	<u>Include Data migration and Exit management in the requirement to vendors.</u>	<u>All system data identified, Analysis carried out on all data sets. Estimated budget allocated to each data migration event. Decommissioning of On-Premise legacy systems can be carried out under the current support contract.</u> <u>Contractual obligation for migration support from the Incumbent exists.</u>		04-Jan-2021	31-Mar-2020

<p>CHB LGPS 001 Insufficient assets</p> <p>17-Dec-2019 Peter Kane</p>	<p>Cause: The asset allocation of the Pension Fund is unable to fund long term liabilities Event: There are insufficient assets to meet liabilities Effect: Reduced income or lower than anticipated growth . Participating employers are required to provide further funding through increased contributions to finance liabilities.</p>	<p>Likelihood</p>  <p>Impact</p>	<p>8</p>	<p>The Financial Investment Board reviewed the investment strategy at its meetings in June and July 2020. The Board maintained the existing asset allocation strategy and reduced the absolute return target from 5.7%p.a. to 5.2%p.a. (which is consistent with the strategy for funding the Pension Fund’s liabilities). The review was heavily supported by the Fund’s Investment Consultant. The investment strategy remains appropriate in the context of the Fund’s funding objectives. The Pension Fund was impacted in the first quarter of 2020 by the downturn in financial markets related to COVID-19. Asset values have recovered since the end of March, and although there is notable uncertainty about the long-term impact of the virus on the global economy, some stability has returned to asset prices. The investment strategy review took place after the emergence of the pandemic and as such officers are confident that the current approach remains appropriate in terms of the Fund’s funding objectives. As such the current risk score of 8. has been maintained.</p> <p>21 September 2020</p>	<p>Likelihood</p>  <p>Impact</p>	<p>8</p>	<p>31-Mar-2021</p>	<p></p> <p><u>Constant</u></p>

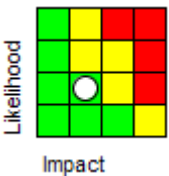

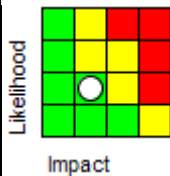

Action no	Action description	Latest Note	Action owner	Latest Note Date	Due Date
CHB LGPS 001a	The Investment strategy of the Pension Fund is reviewed at least every three years by the Financial Investment Board with proper advice from the Investment Consultant.	Following shortly after the completion of the 2019 triennial valuation of the Fund's liabilities, the Financial Investment Board reviewed the Pension Fund investment strategy at its meetings in June and July 2020. This ensured that the investment strategy remained appropriate in the context of the Fund's updated liabilities valuation and the current investment environment.	Caroline Al-Beyerty; Kate Limna	08-Jan-2021	31-Mar-2023
CHB LGPS 001b	The investment performance of the Pension Fund is measured against absolute return targets required to meet long term objectives. This is reported to the Financial Investment Board throughout the year and is supplemented by market insight from the Corporation's Investment Consultant who will assist any strategic decisions required in between the three-year formal strategy reviews.	Individual Fund investment performance is brought to each Financial Investment Board for consideration.	Kate Limna; Matt Mott	12-Jan-2021	31-Mar-2021

CHB LGPS 004a	Job descriptions used at recruitment to attract candidates with skills and experience related to LGPS administration. The appraisals process to monitor progress and assess training needs.	Ensuring that candidates with the necessary skills and abilities are employed by the City. Once in post, staff continue to receive relevant training and attend courses, seminars and conferences when appropriate. Have trained multiple team members for extra duties due to parental leave cover	Matt Mott	<u>19-Jan-2021</u>	31-Mar-2021
CHB LGPS 004b	Scheme administrators are trained to use the pensions administration software.	Ensuring that administrators are fully trained to use the pension administration software to enable them to provide accurate and efficient calculations. In addition, administrators should know the correct process to report to the software provider any errors encountered with the system in order that they can be investigated and resolved.	Matt Mott	<u>19-Jan-2021</u>	31-Mar-2021
CHB LGPS 004c	Practical disaster recovery/succession plans in place to ensure continuity in the event that key staff leave or are unable to work for a prolonged period of time.	Ensuring that skill sets are not restricted to one staff member alone. Priority cases and work types are identified to ensure continuation in the event that staff or other resources become unavailable. Disaster Recovery reviewed in light of COVID 19 and officers having worked from home since 23 March 2020.	Matt Mott	<u>08-Jan-2021</u>	31-Mar-2021
CHB LGPS 004e	Accurate and appropriate checking procedures in place at all areas of administration.	All checking procedures reviewed and where necessary amended due to take account of COVID 19 and officers having worked from home since 23 March 2020.	Matt Mott	<u>08-Jan-2021</u>	31-Mar-2021

<p>CHB LGPS 006 Employer insolvency</p> <p>17-Dec-2019 Peter Kane</p>	<p>Cause: Processes not in place to capture or review covenant of individual employers. Event: Employer becomes insolvent or is abolished with insufficient funding to meet liabilities. Effect: Fund would pick up the liabilities potentially leading to increased contribution rates for other employers.</p>	<p>Likelihood</p>  <p>Impact</p>	<p>4</p>	<p>Since 2013 the LGPS regulations generally require all admission bodies to enter into an indemnity or bond to cover the possibility of an employer becoming insolvent or prematurely leaving the Fund. This would mean the Fund and the remaining employers would have to meet the outgoing employer's liabilities in the Fund.</p> <p>The actuary assesses the value of these risks to the Fund and sets the value for a bond, generally for a three-year period.</p> <p>It is generally a requirement of the City of London for all new admission agreements to have a bond and the responsibility of the admission body to arrange and regularly reassess the bond.</p> <p>22-Jan-2020</p>	<p>Likelihood</p>  <p>Impact</p>	<p>4</p>	<p><u>31-Mar-2021</u></p>	<p></p> <p><u>Constant</u></p>

CHB LGPS 002 Actuarial valuation 17-Dec-2019 Peter Kane	Cause: (i) Inappropriate assumptions used by the Actuary (ii) Inaccurate data supplied to the Actuary. Event: Unsuitable triennial actuarial valuation. Effects: Employer rates unsuitable to maintain long term cost efficiency & solvency.	Likelihood  Impact	1	The latest full actuarial valuation of the Pension Fund, using member data and investment asset information as at 31 March 2019, has been completed. is being finalised. Using updated financial and demographic assumptions, the actuary has been able to generate an accurate picture of the Pension Fund's funding position (assets compared to liabilities) which will be has been used to establish appropriate employer contribution rates for use from 1 April 2020. The next valuation is due to take place in 2022/23 22 September 2020	Likelihood  Impact	1	<u>31-Mar-2023</u>	 Constant

Action no	Action description	Latest Note	Action owner	Latest Note Date	Due Date
CHB LGPS 002a	Regular meetings with the Actuary to ensure that assumptions are appropriate involving nominated Members of the Finance Cttee, with final report to Finance Cttee.	Nominated Members of the Finance Cttee together with relevant officers met with the Actuary in October and November 2019 to discuss the preliminary triennial valuation results and the robustness of the financial and demographic assumptions used in the valuation process. The final triennial valuation results were will be reported to the Finance Cttee at its meeting on 18 February 2020.	Matt Mott	<u>08-Jan-2021</u>	31-Mar-2021
CHB LGPS 002c	Robust Year End procedures and updates.	The Pension Fund Accounts and Annual Report for 2016/17, 2017/18 and 2018/19 (covering	Matt Mott	<u>08-Jan-2021</u>	31-Mar-2021

		<p>the most recent triennial valuation period) were finalised on time and audited without qualification. The draft Pension Fund Accounts and Annual Report for 2019/20 were completed on time and are currently being reviewed by the external auditor. The Pension Fund Accounts and Annual report for 2019020 were finalised and audited without qualification. The draft report was published by the statutory deadline of 1 December with the final version being published on 11 December as the audit certificate was not issued until this date.</p>			
CHB LGPS 002d	Checking for errors or inconsistencies in valuation extract report before submission to the Actuary	Officers review data quality prior to submission to the actuary. Additionally, member data is submitted separately from employer level cash flow data, which are held on two distinct management information systems. As a result, errors are more easily identified during the valuation process itself. For example, if the member data demonstrates that a given number of members belonging to a single employer retired during the valuation period then this should also be evident from the benefit payments reported in the cash flow data.	Matt Mott	<u>19-Jan-2021</u>	31-Mar-2021
