PART TWO – TERMS OF REFERENCE OF INTEGRATED CARE PARTNERSHIP BOARD

DRAFT
City and Hackney Integrated Care Partnership Board Terms of Reference

incorporating the following statutory committees:

North East London Clinical Commissioning Group Governing Body City and Hackney ICP Area Committee

London Borough of Hackney Integrated Commissioning Committee

City of London Corporation Integrated Commissioning Committee

1 Introduction	1.1	The Health and Care Partner Organisations listed below as Members of the City and Hackney Integrated Care Partnership Board ("ICPB") have come together to enable the delivery of integrated population health and care services in the City and Hackney area, as set out in more detail below.
	1.2	The ICPB will be responsible for making decisions on policy matters relevant to the City and Hackney Integrated Care Partnership ("ICP") and, where applicable, on matters that it has been asked to manage on behalf of a constituent Member of the ICP.
	1.3	As far as possible, Members will exercise their statutory functions within the ICP governance structure, including within the ICPB. This will be enabled through delegations to specific individuals or through specific committees or other structures established by Members meeting in parallel with the ICPB. Part 1 of these Terms of Reference apply to the ICPB generally.
	1.4	However, where a Reserved statutory decision needs to be taken by one or more statutory organisation only, the structures set-out in Part 2 of these Terms of Reference will apply.
	1.5	The ICPB arrangements build on the Integrated Commissioning Board arrangements that were in place in City and Hackney prior to the formation of the new single NEL CCG. The three statutory commissioning committees/sub-committees established by the CCG and the local authorities may, where appropriate, continue to meet in-common in addition to operating as part of the ICPB, in order to exercise their commissioning functions.
	1.6	To facilitate these arrangements, the following statutory committees have been formed:
	1.7	City of London Integrated Commissioning Sub-Committee, formed as a sub-committee of its Community and Children's Services Committee;

	1.8 London Borough of Hackney Integrated Commissioning Sub-Committee, reporting to its Cabinet; 1.9 NHS North East London ("NEL") CCG Governing Body City and Hackney ICP Area Committee, formed as a Committee of the Governing Body. 1.10 Each of the above committees/sub-committees has the authority to make decisions on behalf of its respective establishing organisation, in accordance with Part 2 of these Terms of Reference. 1.11 In many cases, it is expected that such decisions will be able to be taken at meetings of the ICPB, as a result of either individual member representatives exercising delegated authority or through one or more statutory committee convening a quorate meeting and making the decision as a committee. Members of the ICPB will be present at such times subject to the management of any conflicts of interest. 1.12 Whether decisions are taken under Part 1 or Part 2 of these Terms of Reference, decisions taken by the ICPB and Partner Organisations will reflect national and local priority objectives and strategies. 1.13 The ICPB is established and constituted in accordance with the Codes of Conduct: code of accountability in the NHS (July 2004) and the UK Corporate Governance Code (June 2010).

Part 1: Terms of Reference for the ICPB			
2 Status	2.1	The ICPB is a non-statutory partnership body, that brings together representatives from across the ICP area to make decisions on policy matters relating to the ICP and on matters that the Member organisations have asked it to manage on its behalf.	
	2.2	It also incorporates Member-specific structures that have been established in order to enable statutory decisions to be taken within the ICPB structure, to the extent permitted by law. These are set-out in Part 2.	
	2.3	The ICPB is founded on the basis of a strong partnership with representation from across the City and Hackney health and care system, including from the CCG, local provider trusts, local authorities, primary care providers and voluntary sector partners.	
	2.4	The ICPB will be supported by the Neighbourhood Health and Care Board ("NH&CB"), which will lead on the delivery of the ICP strategy and vision agreed by the ICPB, consistent with the Mandate agreed between the ICPB and the NH&CB. The NH&CB is a non-statutory board.	
	2.5	Both the ICPB and the NH&CB may be supported by sub-groups.	
	2.6	The ICPB will formally commence its operation on 1 April 2021.	
3 Principles	3.1	The ICPB and its Members agree to abide by the following principles:	
		3.1.1	Encourage cooperative behaviour between ourselves and engender a culture of "Best for Service" including no fault, no blame and no disputes where practically possible.
		3.1.2	Ensure that sufficient resources are available, including appropriately qualified staff who are authorised to fulfil the responsibilities as allocated.
		3.1.3	Assume joint responsibility for the achievement of outcomes.
		3.1.4	Commit to the principle of collective responsibility and to share the risks and rewards (in the manner to be determined as part of the agreed transition arrangements) associated with the performance of the ICP Objectives.
		3.1.5	Adhere to statutory requirements and best practice by complying with applicable laws and standards including

	EU procurement rules, EU and UK competition rules, data protection and freedom of information legislation. 3.1.6 Agree to work together on a transparent basis (for example, open book accounting where possible) subject to compliance with all applicable laws, particularly competition law, and agreed information sharing protocols and ethical walls.

The ICPB may in turn ask that these management functions are devolved to another part of the ICP governance structure, provided that it ensures appropriate oversight and reporting arrangements are in place so as to meet its own obligations, as set out in Part 2 to these ToR.

Annex 3: Decision-Making Flow Chart

1 Does any legislation expressly place a function or duty on a statutory body or bodies which means that it and only it should determine the issue in question?

[If it does that statutory body or group of bodies should make the decision.]

2 Should no statutory body or bodies hold such a function or duty then is the issue an ICS matter?

[If it is then the matter should go to the proper part of the ICS governance for determination.]

3 If the issue is an ICS matter, is it one that is within the ICPB's scope of responsibility?

[If it is, then the matter should go to the ICPB for determination]

4 Does the issue in question cover decisions that may fall for determination in both statutory forums and the ICPB? If the split in decision making is apparent then that should be followed, otherwise the matter should be referred to [the ICP Executive Group for agreement on the approach to be followed].
