- The City of London Police

In attendance:

Anthony Byrne (Agilisys)

1. APOLOGIES

Apologies were received from Rehana Ameer.

2. MEMBERS' DECLARATIONS UNDER THE CODE OF CONDUCT IN RESPECT OF ITEMS ON THE AGENDA

There were no declarations.

3. MINUTES OF THE PREVIOUS MEETING

RESOLVED: That the public minutes of the meeting held on 11 September 2020 be approved as an accurate record.

4. OUTSTANDING ACTIONS FROM PREVIOUS MEETINGS

The Sub-Committee considered a joint report of the Town Clerk and the Chamberlain, which provided updates of outstanding actions from previous meetings. The report also provided information on the Sub-Committee's proposed work plan for forthcoming meetings.

RESOLVED – That the Sub-Committee noted the report.

5. FORWARD PLAN

The Chairman noted that the ERP needs to be added to the forward plan for 2021.

RESOLVED – That the Sub-Committee note the forward plan.

6. USE OF IT AND DIGITAL BY THE REMEMBRANCER'S OFFICE: CHALLENGES AND OPPORTUNITIES

The Sub-Committee received a verbal update on the use of IT and Digital by the Remembrancer's Department and also challenges and opportunities for the Department.

The Sub-Committee was informed that the Remembrancer's Office is utilizing its technology more now than ever before. Some of the benefits of digital working include the use of Microsoft Forms, a data capturing platform to register guest registration for the City's Events Team, as well as Microsoft Stream, which is a new platform being used to upload CoL Webinar content which has been useful during COVID-19.

With regards to other developments, Microsoft Dynamic 365, a centralized CRM software, is used by multiple departments across the Corporation, including the Mansion House and Innovation and Growth Department. Microsoft Dynamic 365 allows the software to be integrated with other tools, including the recently introduced MS Dynamic Power Apps, which in the future will enable a real-time check-in app.

The Sub-Committee was further informed that in May 2020, Zoom was another app that had been utilized. Ten licenses for two webinars were purchased by the Department and this has now increased to 13 licenses. Since May 2020, the Zoom account was used for 274 meetings, 2974 meeting participants, 96 webinars, and 2983 webinar views.

In terms of plans for the department, technology advancement includes a centralized system that will enable sophisticated communication tools, RSVPs automatically recorded and registered on dynamics, and live recording across the Corporation. The Sub-Committee was also informed that the Guildhall events website was being upgraded soon. Social media such as Instagram is increasingly becoming the shop window with the image led events industry.

More recently, the Department moved its booking system to Priava, which is a dynamic, user-friendly venue management system that allows the Department to capture and update event details in real-time and integrate with other tools, including the new website. Besides, the Remembrancer Department uses Priava to manage bookings for Committee Rooms and Members' bedrooms and links to digital signage at West Wing Reception.

There was a mention of the challenges in terms of the technologies and the need for sharing knowledge, working collaboratively, and ensuring the technological development of the Corporation.

A Member noted that the digital offering at the City of London has been really good this year but noted that Mailchimp a tool in the City is operating illegally now that the GDPR safe harbour had been held illegal by the ECJ. The Comptroller and City Solicitor were made aware of the fact Mailchimp was operating illegally. The Member asked if this can be checked and ensure that the City of London is no longer using Mailchimp.

Another Member asked where the support of Zoom came from, as there was voting on whether to use Zoom or Microsoft Teams for City of London's official business, and Members voted to go with Microsoft Teams. The Director of IT responded that using both Zoom and Microsoft Teams for Committee meetings were not viable due to resource constraints and the decision was made to use Microsoft Teams for Committee meetings as the preferred option. At the time the decision was taken, it was noted that other services could be used if they provided functionality that Teams did not support. The City does have a limited number of licenses for Zoom, which are used primarily for the webinar. Although there is no support from the IT team to run meeting/events on Zoom, in contrast, Microsoft Teams has an enhanced support package.

This was followed by another Member who commented that the decision to go with Microsoft Teams was on the grounds of costs and was surprised to see a Zoom presentation. The Chairman reassured the Sub-Committee that Microsoft Teams is the only supported option for Committee meetings. A Member commented that Zoom is being used for external events, which factors in the licenses' cost, and as such, the cost is covered by the hiring costs.

Another Member noted that there is a need to be flexible in terms of the platforms available across the board, and it will be helpful to know when Members can use other platforms.

In response to a question about having events on Zoom, the Chairman informed the Sub-Committee that if Members have a specific event which requires the use of Zoom, they can ask the IT team for the use of its licenses. However, Members should be mindful of the fact that there are only a limited number of Zoom licenses available.

The Deputy Chairman commented that there is a need to move towards a common Architecture whereby the available technology and applications can operate collaboratively.

RESOLVED – That the Sub-Committee note the verbal update.

7. IT DIVISION - IT SERVICE DELIVERY SUMMARY

The Sub-Committee received a report of the Chamberlain on the IT Division – IT Service Delivery Summary.

RESOLVED – That the Sub-Committee note the report.

8. IT DIVISION RISK UPDATE

The Sub-Committee received a report of the Chamberlain on IT Division Risk Update.

RESOLVED – That the Sub-Committee note the report.

9. MEMBER'S IT PROVISION POLICY

The Sub-Committee considered a report of the Chamberlain on the Member's IT Provision Policy.

The Sub-Committee was informed that the report proposes a new Policy for the provision of IT equipment to support the 125 elected Members of the City of London. The policy seeks to clarify some of the legacy support offered to Members, such as the use of printers and broadband.

The Sub-Committee was further advised that this policy and report was written before the security updates, and as such, Members should make a note of this. This was followed by another member who asked if the provision around the use of printers and the rules which govern the matter can be relaxed so that Members who do not live within the Square Mile can benefit from this given that in COVID-19, they are not allowed to come into the Guildhall in order to print any

documents. The Chairman responded that the City of London is working to make better use of electronic papers, rather than printing large volumes of papers. This was followed by another Member who echoed the same message as the Chairman.

Another member commented that in light of the virtual meeting, he has resorted to using multiple screens, and as such, he is not using any printed agenda packs; however, he raised concerns that once the meetings are in person again, the use of multiple screens may not be possible.

The Deputy Chairman commented that there are multiple tools available in terms of working from a portal but there is a need to look at the costs and security aspect of such tools. This will allow Members to access papers both from their devices as well as the City of London devices. This has been replicated by other local authorities.

The Chairman noted that there is a need to improve the Member's experience around the digital journey.

The Chairman agreed that the report can be approved subject to looking at the period of renewal on the devices.

RESOLVED – That the Sub-Committee approved the Member's IT Provision Policy, as laid out in Appendix, and approved the actions in 1.4 to deliver the £40K per annum savings on Member's IT services.

10. **SCOPE OF THE DIGITAL SERVICES MEMBERS WORKSHOP**

The Sub-Committee received a report of the Chamberlain on the Scope of the Digital Services Members Workshop. The Director of IT in the City of London commented that the paper summarises the scope of the Members Digital Services Workshop, which is planned for 25 November 2020 at 4-5.30pm. The workshop aims to look at the priorities of the City of London's IT services and the costs aligned to the services.

The proposed agenda was provided to the Sub-Committee, and the Director of IT sought further guidance from the Sub-Committee. The Chairman welcomed any further ideas and asked that the invite to the workshop be sent to this Sub-Committee.

RESOLVED – That the Sub-Committee note the report.

11. **QUESTIONS ON MATTERS RELATING TO THE WORK OF THE SUB COMMITTEE**

A Member noted that the use of or protective marking is no longer being cited on the papers. The Director of IT in the City of London commented that this has now been rolled out to several services, but there have been some challenges from the Comptroller and City Solicitor, which need to be addressed. He assured the Sub-Committee that the future committee's papers would have a protective marking.

12. **ANY OTHER BUSINESS THAT THE CHAIRMAN CONSIDERS URGENT**

There were no items of urgent business.

13. **DESIGN, BUILD, SUPPORT AND HOSTING FOR NEW WEBSITE**

The Sub-Committee received a report of the Town Clerk on the Design, Build, Support and Hosting for New Website.

There was a discussion around the new web site and a Member raised a comment that the Member Register of Interest information section of the website is rather difficult to locate and use. Officers agreed to look further into this and come back to the Sub-Committee, after the meeting.

RESOLVED – That the Sub-Committee note the report.

14. **EXCLUSION OF THE PUBLIC**

RESOLVED - That under Section 100(A) of the Local Government Act 1972, the public be excluded from the meeting for the following items on the grounds that they involve the likely disclosure of exempt information as defined in Part I of the Schedule 12A of the Local Government Act.

15. **NON-PUBLIC MINUTES OF THE PREVIOUS MEETING**

RESOLVED - That the non-public minutes and non-public summary of the meeting held on 11 September 2020 as an accurate record.

16. **OUTSTANDING ACTIONS**

The Sub-Committee considered a joint report of the Town Clerk and the Chamberlain which provided updates of outstanding actions from previous meetings.

RESOLVED – That the Sub-Committee noted the report.

17. **CYBER SECURITY**

The Sub-Committee received the report of the Chamberlain on Cyber Security.

17.1 **Members IT Security Changes**

The Sub-Committee received the verbal update of the Chamberlain on Members IT Security Changes.

18. **PENSION ADMINISTRATION SYSTEM PROCUREMENT**

The Sub-Committee considered a report of Chamberlain on Pension Administration System Procurement.

19. **REPORT OF ACTION TAKEN BETWEEN MEETINGS**

The Sub-Committee received a report of the Town Clerk on the report of action taken between meetings.

20. **GUILDHALL EVENT SPACES AV REPLACEMENT / UPGRADE**

The Sub-Committee considered a report of the Remembrancer on the Guildhall event spaces AV replacement/upgrade.

21. PERSONAL DEVICE REPLACEMENT (LAPTOPS, DESKTOPS AND TABLET/MOBILE DEVICE)

The Sub-Committee considered a report of the Chamberlain on the Personal device replacement (Laptops, Desktops and tablet/mobile device).

22. COMPUTER EQUIPMENT ROOMS (CER) UNINTERRUPTED POWER SUPPLIES (UPS) UPGRADES.

The Sub-Committee considered a report of the Chamberlain on the Computer Equipment Rooms (CER) Uninterrupted Power supplies (UPS) upgrades.

23. NEXT GENERATION SERVICE - NATIONAL FRAUD AND CYBER CRIME REPORTING AND ANALYSIS

The Sub-Committee received a joint report of the Chamberlain and the Commissioner of the City of London Police on the Fraud and Cyber Crime Reporting and Analysis Service – Stage 1 Procurement Strategy Report.

24. ORACLE PROPERTY MANAGER (OPN) REPLACEMENT

The Sub-Committee considered a report of the City Surveyor on the Oracle Property Manager (OPN) Replacement.

25. SECURE CITY PROGRAMME (SCP) – CCTV & TELECOMMUNICATIONS WORKSTREAM

The Sub-Committee received a joint report of the Director of the Built Environment and the Commissioner of the City of London Police on the Secure City Programme (SCP) – CCTV & Telecommunications Workstream.

26. IT SERVICES 2020 PROGRAMME UPDATE

The Sub-Committee received a report of the Chamberlain on the IT Services 2020 programme update.

27. NON-PUBLIC QUESTIONS ON MATTERS RELATING TO THE WORK OF THE SUB COMMITTEE

There were no non-public questions.

28. ANY OTHER BUSINESS THAT THE CHAIRMAN CONSIDERS URGENT AND WHICH THE SUB COMMITTEE AGREE SHOULD BE CONSIDERED WHILST THE PUBLIC ARE EXCLUDED

There was no other non-public business.

The meeting ended at 4.04 pm

Chairman
