Addendum for Agenda Item 4 – 21st September

Servicing and Deliveries

1. The Committee Report makes reference to a cap of two deliveries per day. Following discussions, the applicant has clarified that there will be an average of two deliveries per day. There would be restrictions within the Delivery and Servicing Plan agreed through the legal agreement for a maximum of 14 deliveries per week and a maximum of three deliveries on any one day. The proposals therefore result in the same number of weekly deliveries which is considered acceptable.
