### VAP by Month

*Note VAP means Violence against Persons and LP means Licensed Premises*

July and September are the peak months for Violence Against Person offences with 20 & 21 crimes each.

Thursday accounted for the majority of VAP offences. It would appear to be the case that Thursday has become the favoured night ahead of Friday potentially because of the working from home and long weekend opportunities of Friday's.

Offending between 2100-0000 Hours is the peak time for Violence Against Person Offences at Licensed Premises during this period.
