THIS IS AN EXTERNAL EMAIL

Hello Licensing Team

I would like to object to this application. The site is part of a residential block and the proposal to use it 24/7 is likely to lead to considerable public nuisance at anti-social hours. The site is currently a pub/restaurant which is very different to a warehouse supplying good to Londoners throughout the day and night. There is likely to be considerable noise pollution and disruption to the public footway from the delivery drivers.

Best wishes

Brendan Barns
