### Summary

The below report outlines the activities of the Corporate Affairs Team since the last meeting of the Public Relations Sub Committee on 24 January 2022.

Following the COVID-19 pandemic, workstreams have refocused onto other areas of support and engagement.

Elsewhere, developments in Ukraine have also focused attention on ways in which the City of London Corporation can support refugees.

Work is continuing to promote the City Corporation's sustainable finance agenda and promoting the competitiveness of the City as well as the ongoing recovery from COVID-19.

Internally, the Team has been working to support the transition to the new Policy Chairman, particularly with London focused engagement.

Members have asked about our response to the Government's Levelling Up White Paper, which is covered in a separate report.
