The removal of the parking bays and the introduction of 7 am. and 7 pm. loading restrictions on Monday to Friday will ensure that there will be no motor vehicles in the proposed pedestrian zone. The relocation of the loading bay in Pudding Lane will allow vehicles to access the loading bay within the new building at No. 11-19 Monument Street. The reduction in length reflects the lower demand for on-street loading resulting from the new building. The extension of the parking places in Eastcheap and in Mincing Lane ensures that there is no loss of parking within the general area as a result of the introduction of the pedestrian zone. The introduction of a raised table will slow vehicle entry speed into Pudding Lane and provide a step free environment for pedestrians on Eastcheap.	Link	Yes	Yes	Yes
