THIS IS AN EXTERNAL EMAIL

To whom it may concern

I'm a resident in Sovereign House and sending my objection to the captioned License to be granted.

The attempt of opening a bar and restaurant just under the residential flats is absolutely inappropriate and unacceptable.

The noise pollution, public nuisance, daily disturbances and other social problems in this special location will inevitably trigger disasters to the residents in Sovereign House.

I'm calling for rejecting this application to safeguard the basic benefits of the residents living in Sovereign House.

Your sincerely
Andy Liu
