THIS IS AN EXTERNAL EMAIL

Dear Sir/Madam,

We are the landlords of this premise, and we wish to object to the application to extend the hours to sell Alcohol. The reason for this is simply that it will be a really dangerous place to be as the extended hours will encourage more conflict and brawls, and crime in the late hours.

Even with the current alcohol selling hours until 11pm, people leave their broken bottles in the Allie street, in their drunken state, they defecate (side entrance to our office building), they are drunk and sleep on our entrance property at [REDACTED] Minorities and at the bus stop right behind the building. We have to deal with all this and sometimes even have to call police when they get aggressive.

Granting licence to sell alcohol until so late, will create unnecessary calls to police and waste police resources as well. It will be a nightmare to control this and a public nuisance.

We would therefore please plead with you not to allow further hours to sell alcohol. The current 11pm seem to be a reasonable allowance to buy and consume intoxicating drinks so people can take it home and drink in their own surroundings without affecting the rest of the people in the area.

This is our view as landlords and occupiers of the bulding.

Best wishes
Shelina Samnani
