THIS IS AN EXTERNAL EMAIL

To whom it may concern,

We live in Percivall House, [64 Bartholomew Close](#) which is just opposite this location.

We understand that the application is to permit the location to sell alcoholic drinks on and off premises until late at night, and also host late night entertainment.

We have serious concerns with this proposal. The Barts Square development (including Percivall House) is a quiet and family-friendly residential development, and residents cherish the fact that the development (and the area more generally) is peaceful, quiet and safe.

Allowing this location to sell alcoholic drinks late at night and host late night entertainment would very likely cause serious harm to local residents, including in particular residents of the Barts Square development. We would expect this to result in unsociable behaviour (including late at night) and drinking in public places (including in the square right in front of the location, which is in the very middle of a residential area), which would disturb the peace and quiet of the area and may also make the area less safe (particularly for families with children).

We would therefore like to object to this licensing application.

Best
Kevin
